No Troops Coming.

Washington, D. C., Oct. 27.—A member of the Cabinet said tonight that there would be no Federal troops sent to North Carolina, unless an actual outbreak occurred, resulting in murderous assaults of the basest kind.

He said that the government could not afford to take sides in the matter, and frankly admitted that such was the desire of one who had suggested the advisability of sending the troops into the State.

It is the opinion here that should troops be sent to North Carolina at this time it would result in exactly what the white people wish, an undivided vote of the white race. An official stated that the statement that if troops were ordered to the State, they would be sent from Atlanta, was really a vagary of a reporter, as there are now no regulars at Atlanta, and only regulars could be sent.

Requests for troops, no matter by whom made, I am officially informed, must in this case come from men of more than one party, and even the Governor's request would be held up for investigation.

PRITCHARD'S GHOST STORIES.

Washington, D. C., Oct. 27.—Senator Pritchard has been telling great ghost stories here to the effect that the Governor's life has been threatened, and that a race riot is imminent in North Carolina.

Even Republicans say that such old chestnuts from the South just before election have played out. Pritchard is not taken seriously, and his talk is recognized as the dying gasp of a politician who is getting ready an excuse for the defeat of his party.

LEACH-COX.

Mr. Geo. T. Leach, one of the proprietors of the Eureka Lumber Co., of this city was happily married at Freemont N. C., on Wednesday evening Oct. 26th, to Miss Julia Cox. The ceremony took place at the residence of the bride's parents, and was performed by Rev. Mr. Moore of Whitakers. The following were the attendants: Miss Annie Cox with Mr. John Cox of Goldsboro; Miss Emma Bass with Mr. Frank Cox of Norfolk Va., Miss Louise Person of Goldsboro was Maid of Honor, and Mr. John H. Fulford, this city, Best Man.

The wedding march was played by the sweet little sister of the bride. Immediately af-

ter the ceremony the happy couple took the north bound train for an extended tour to New York, Washington, Philadelphia and Scranton Pa.

Miss Cox came to our city about a year ago and entered the office of Hon. John H. Small as Stenographer. Since her sojourn here she rapidly made friends. Pretty and fascinating, with attainments of no small calibre.

Mr. Leach is a native of Pennsylvania, but for the past several years has made his home in this city. He is a man of means and possesses fine business qualifications.

The Gazette-Messenger joins their numerous friends in extending congratulations.

Is Faure Murdered?

London, Oct. 27.—A rumor was current this morning that President Faure had been assassinated. The report was simultaneously cabled all over the world as a rumor. In a few hours it was definitely denied. Paris advices say that the rumor created a panic when it was first reported.

Paris, Oct. 27.—Nothing definite has yet been settled in connection with the formation of a new French cabinet. The air, however, is full of ministerial lists, on which the name of Ribot figures prominently. He is said to be the favorite candidate at Elysee palace.

A CRITICAL TIME.

DURING THE BATTLE OF OF SAN TIAGO.

Sick or Well, 'Twas a Rush Day and Night.

The Packers at the Battle of Santiago de Cuba were all heroes. Their heroic efforts in getting Ammunition and Rations to the Front saved the Day.

P. E. BUTTLER, of pack-train No. 3, writing from Santiago de Cuba, on July 23rd, says: "We all had diarrhoea in more or less violent form, and when we landed we had no time to see a doctor, for it was a case of rush and rush night and day to keep the troops supplied with ammunition and rations, but thanks to Chamberlain's Colic, Cholera and Diarrhoea Remedy, we were able to keep at work and keep our health; in fact, I sincerely believe that at one critical time this medicine was the indirect saviour of our army, for if the packers had been unable to work there would have been no way of getting supplies to the front. There were no roads that a wagon train could use. My comrade and myself had the good fortune to lay in a supply of this medicine for our pack-train before we left Tampa, and I know in four cases it absolutely saved life."

The above letter was written to the manufacturers of this medicine, the Chamberlain Medicine Co., Des Moines, Iowa. For sale at Tayloe's Pharmacy.
