## Rheumatism

Is a blood disease and only a blood remedy can cure it. So many people make the mistake of taking remedies which at best are only tonics and cannot possibly reach their trouble. Mr. Am Smith, Greenville, Indiana, says: "For years I have suffered with Sciatic Rheumatism, which the best physicians were unable to relieve. I took many patent medicines but they did not seem to reach my trouble. I gradually grew worse until I was unable to take my food or handle myself in any way. I was absolutely helpless. Three bottles of S.S.S. relieved me so that I was able to move my right arm, before long I could walk across the room, and when I had had one dozen bottles was cured entirely and was well as ever. I am well today."
