The Evening Messenger

NEW ADVERTISEMENTS

F. V. Rowe (1st page)—Will Arrive Monday.

Bergeron & Jackson (3rd page)—The Reason Why.

Local and Otherwise.

Mr. A. W. Thomas is North purchasing his spring and summer stock.

All the young people of the Methodist church are cordially invited to attend the services at the City Hall next Sunday evening.

See the east show window at F. V. Rowe's for samples of custom made clothing. Neckwear of every shade and design and the latest fads in Spring Hats.

Last night about 8:00 o'clock the alarm of fire was given. It proved to be an oyster restaurant in the rear of Mr. J. W. Mitchell's bar. It was caused from a lamp. No damage.

The Methodist congregation have high hopes that they will be in their new and commodious church by Easter Sunday. No church edifice in this portion of the State can compare with this beautiful building. It will be an honor to the city.

A colored man, John Watson, residing at Seranton N. C., and in the employ of the Allegheny Lumber Co., was killed on Wednesday last by a falling limb striking him on the back of the head. He only lived about ten minutes. Watson was about 25 years old and leaves a wife and child.

Mr. and Mrs. J. C. Robbins, who were happily married in Wilmington yesterday morning, arrived in the city last evening. Quite a number of friends called at the residence of the groom on Market street to offer congratulations and best wishes. The couple were the recipients of many handsome presents.

The Superior court disposed of the following criminal cases on yesterday: State vs A. Dead man, A. D. W. Judgment suspended. State vs Thos. Olen, A. D. W. Pleads guilty. Three month county jail. State vs Eugene Foy. Larceny. Pleads guilty. One year in penitentiary. State vs William James Larceny. Pleads guilty. Six months in State prison.

We were glad this morning to shake the hand of Dr. W. J. Bullock, of Bell Haven, who is in the city attending court. The doctor enjoys the distinction, we think, of serving for twelve years as a member of the board of county commissioners and for some years chairman of the board. Under his administration the county prospered, and the doctor retired from his long public service enjoying the confidence and esteem of his fellow citizens. Recently the doctor moved from Pantego where he has resided for some thirty years to Bell Haven where we learn he has embarked in a number of new enterprises, and has already secured a lucrative practice. The Gazette Messenger wishes him continued success.

One of our farmers professes to have at last solved the perplexing labor question and says he has struck on a plan that makes the average negro, one of the most practical of laborers and makes it an exception if one of them is not afraid of time. He says to solve the labor problem, get all the hands he can get, and induce them to be on time, he invested a few dollars in "Corn Juice," and notified his hands that all who appeared before the bell rang ready for work would be given a drink. Our informant says since he has adopted this policy he can get all the hands he wants and before the cock crows in the morning, Sambo is on hand ready to and anxious to commence work. A hint to the wife is sufficient.

THE REASON WHY
