

Hallet & Davis

## Factory Piano Exhibit

A Display of Sample Pianos by Hallet & Davis Factory at Washington for One week.

Will Begin Tuesday, Nov. 12 and Close Saturday, Nov. 16, at 9-30 P. M.

Everybody is Invited to Attend--Factory Experts to Explain Interesting Details of Piano Manufacturing. Nothing like it Before in the History of this Country. Free Souvenir to All who Attend. Main St. Next to Brown's Drug Store.

An Exhibition of Hallet & Davis Pianos will be given at Washington, North Carolina, Main street, next door to Brown's Drug Store, for one week, beginning Tuesday, November 12, and closing Saturday, November 16, at 9:30 p. m.

This exhibition is given for advertising purposes. The admission will be free, and you are cordially invited to attend.

The exhibition will be in the hands of factory experts and special entertainment is arranged for all each afternoon and evening.

The display will include one each of the different styles of the Hallet & Davis, Conway and Wellman Pianos, and will be the most complete exhibition ever given by any piano company.

The object of the exhibition is to thoroughly introduce the different style pianos manufactured by the Hallet & Davis Piano Company, to explain to you how they are made, to show you and tell you things about it that you can see and understand for yourself.

We have withdrawn most of our advertising appropriation from the magazines and billboards as we find this mode of more effective and less expensive.

It is equal to a visit to our factory, because a sample of each

style is displayed and the factory experts in charge take the greatest pleasure in explaining every part of the piano from the raw material to the finished product.

The majority of the people have never examined the inside of a piano and know very little of its vital parts and what is required to constitute a first-class instrument. Hence we believe the best way to have the public know these things is to show them by men who know, by factory experts who have acquired this knowledge by years of experience.

Hallet & Davis Pianos have been awarded 140 gold medals since 1839. Famous musicians and composers have preferred it and placed it in their studios. From the old masters, such as Liszt and Rubenstein to the modern artists, Johann Strauss, P. S. Gilmore, and Mary Garden, the world's greatest grand opera stars, the Hallet & Davis Pianos have been the universal favorite. Abbe Perosi, director of the Sistine choir, chapel master and composer to Pope Pius X., gives the highest praise to the Hallet & Davis Piano. Abbe Perosi is the great successor of Palestrina as director of the Sistine choir, which sings only for the Pope. The Abbe is known the world over and is unquestionably one of the leading musical author-

ities.

A careful examination of the tone and construction of these sample pianos is what we desire. We want your good opinion even if you have a piano.

We are positive we can double our business in the cities and farm sections if we get the public well acquainted with the beautiful tone and splendid wearing qualities of the Hallet & Davis Piano.

The Pianos are not for sale. However, at the close of the exhibition all of the instruments will be sold, and to make certain that each of the different styles will be left here, the price will be reduced to factory billing on each instrument, with very liberal terms for these samples only.

Our dealer will then follow up this advertising campaign and secure subsequent sales at the regular price by showing these samples.

This is a splendid opportunity for you to gain a thorough knowledge of piano construction.

The exhibition will be open evenings and a souvenir will be given free to each person who calls. We will be pleased to have you call even if you never intend to get a piano.

Open evenings until 9:30, Main street, next door to Brown's Drug Store.
