A FLAG POLE

Old Glory, patriotically donated last spring by one of Warren's daughters, has become tattered and torn all because it has been impossible to raise and lower it from the Court House Flag pole unless a ladder was procured; and it thus has been left out in the weather night and day.

The flag donated would have lasted for years with proper care, but with conditions as they are every flag placed on the Court House will go to pieces in a short while.

It seems to us that a flag pole could be very appropriately erected on the right of the Court Square.

This would permit the raising of the flag each morning and its lowering each afternoon; it would also be more easily seen from all sections of the town. This flag pole mounted in a cement base, would cost little, and its value at this time cannot be measured in terms of cost of erection.

TRY YOUR HAND

Mr. J. B. Ivey, of Charlotte, Merchant Representative of U. S. Food Administration, is offering a Fifty dollar Liberty Bond prize for the best article on Food Conservation.

We urge that Warren boys and girls enter this contest. The question of Conservation will be ever-present until years after the end of the war, and it is hoped that it is one of the lessons America will learn for all time. One new idea may come from you, another from another source and as their wisdom is seen will be adopted into a great organization.

We urge that school teachers let Conservation be the subject for composition work; and to also urge that their pupils compete for this prize.

Certain it is that nothing is of more value in composition work than continued writing. This question is of live interest and the Liberty Bond is an incentive to a greater effort.

WAR Y. M. C. A.

We rejoice that Warren people gave as they did in the War Y. M. C. A. campaign fund of last week. It is a source of pleasure and of common rejoicing whenever a desired result, embodying such a philanthropic purpose, is accomplished.

The fund was oversubscribed by over two hundred dollars; and its oversubscription reflects credit upon Warren.

The work is of utmost moment, and every donor of time and money cannot help but feel pleasure by having a hand, an interest, some stock, in the War Y. M. C. A.

FELT HURT, BUT WHO CAN BLAME THE LAUNDRY.

Philadelphia, November 19th—Sergeant Frank Montague, who is stationed with the U. S. Marines at their League Island camp, is peeved.

The sergeant weighs 360 pounds. Recently, he sent two khaki uniform blouses to the laundry that were returned to him unwashed, and with a notation on the laundry slip, which read: "We don't launder wall tents."

If you want to find Luck, look for it in the dictionary. If you want to create it, work!

If one cannot do as he likes he can improve himself by trying to like what he has to do.

A Strong Argument

PAYMENT BY CHECK is simply a precaution by which you INSURE yourself against loss of money, inconvenience in making change, and the possibility of being short-changed or receiving counterfeit money.

You are also absolutely protected against a second presentation of the same bill, for the canceled check, bearing the creditor's signature and always available at the bank, constitutes the very best kind of a receipt, and there is no danger of its being lost.

These facts appeal to intelligent people.
