AMERICAN TROOPS AGAIN SUCCESSFUL

Enemy's Drive Toward Paris Has Been Checked

Efforts Of Germans Checked Everywhere--How Americans Deal With 'Superior Numbers'--200,000 More Men to be Mobilized This Month.

Washington, June 5.—Penetration of enemy positions in Picardy and Lorraine by American patrols which inflicted losses upon the enemy in killed and wounded was reported tonight in Gen. Pershing's communique. In the Woivre, artillery fighting has diminished.

Paris, June 5.—All the efforts of the Germans to advance in the French sectors have been repelled, according to the war office announcement tonight. Ground has been regained by the French and prisoners taken.

With the French Army in France, June 5.—The enemy's entire pressure appears now to have been turned upon the western flank, where he is making the greatest efforts to straighten out the bulge in his lines occasioned by the determined resistance of the Allies. North of the Aisne as well as to the southward every attempt of the Germans in the last few days to make further progress has been frustrated as soon as it was begun. The Allies even have been able to improve their positions at some points.

With the American Army in France, June 4.—An American patrol of thirty men penetrated to the enemy third lines in the Luneville sector early this morning. The Americans encountered two hundred Germans and attacked them with grenades, bayonets and bullets. The fight lasted twenty minutes and many losses were inflicted on the enemy. The American losses were extremely slight.

Paris, June 5.—The appearance of American troops in the great battle which featured in all the Paris papers, which emphasize the significance of this. The Petit Journal says: "The new exploit, coming after Cantigny, is new proof of the valor and magnificent ardor with which our Allies are animated. It is with grateful emotion that France records these first exploits—full of promise for the future."

Washington, June 5.—While a million young Americans just turned 21 were registering today for service in the war for world freedom orders went out from the office of Provost Marshall General Crowder to the Governors of all States except Arizona for the mobilization between June 24 and 28 of 200,000 more registrants. This brings the total number of selective service men called to the colors to 1,596,704 and when they are on camp the nation's army will number well over 2,000,000 men.

The men who appeared today before the 4,500 local boards over the country have become of age since the first registration day, June 5, 1917. Military authorities estimate that from their number there will be had 50,000 men fit for active duty.

Registration days for men hereafter becoming 21 years of age probably will be fixed every three months. It is estimated that 1,000,000 men be some of age yearly and the new registrants are expected to go far toward keeping up the first class in each State from which thus far all men for the National Army have been drawn.

Assignments for the men called to the colors under today's orders indicate the rapidity with which troops now are moving overseas. North Carolina is to send during this period 6000 men to Camp Jackson.

New York, June 5.—Three more vessels, a Norwegian steamship and two schooners were added today to the list of ships known to have been sunk by the German submarines which are raiding in American waters. The total now stands at fourteen—five steamers and nine schooners.

The fact which stood out most prominently in the day's development is that the U boats are still operating near the coast and have not returned to their bases, assuming that the two which already have been identified are the only ones on this side of the Atlantic. Location of the attack evidences the fact that their submarines are moving steadily southward, if they are the same ones which attacked shipping almost at the gateway to New York harbor. The Navy Department reported yesterday an encounter between a destroyer and submarine off the coast of Maryland. The unarmed merchant ships which have been attacked thus far have been sent to the bottom by the use of bombs and shell fire. The loss of life only totals sixteen.

OUR BOYS IN FRANCE
 (Mrs. B. P. Terrell)

Our boys in France so brave and true Are working for freedom, for your country and you.

Their days, their nights each filled with work, Their most dangerous duties they never shirk.

They are working for everyone in this land, From the tiny infant to the aged man. The most we can do is but little compared To what our brave soldiers are doing "Over There."

Most of our boys went with willing hearts Into this great struggle to take their parts, They knew their country and homes were at stake, And were ready and anxious their place to take.

FIRST DAY

To Mutual Advantage to Get Season Tickets

\$2.20, or 220 pennies, or 44 nickles, or 22 dimes, or 8 pounds of tobacco, or 8 pounds of cotton, or 5 1/2 pounds of ham—

Either will get a Season ticket to the Community Chautauqua which opens here today, and that means: 10 entertainments, or 1200 minutes, or 72,000 seconds—of patriotic, ennobling enjoyment.

The tent hovers over the Academy grounds, the Ticket committee reports over three hundred and twenty five tickets sold; good crowds are assured; the guarantors are urging personal work to carry the sale over the top of the 500 Season Ticket thermometer. Thus Warrenton is to be the mecca

THE SLACKER

Throughout North Carolina and the nation sentiment toward the slacker is crystallizing and the fine finger of scorn and contempt is searching him out.

There are several varieties of slackers. Here are some of them:

The service slacker—the man who should be in the ranks and is not.

The labor slacker—the man who is able to work and doesn't.

The food slacker—the male or female hog who refuses to readjust their diet so as to meet the demands of our Allies for those foodstuffs which may be exported.

The financial slacker—the individual who can but does not buy Liberty bonds and War Savings Stamps.

Slacking at home means more blood spilled by true blue American boys in France.

Slacking in America means starvation for innocent women and children in England, France and Italy.

Slacking at home is a menace to the success of the American, British, and French arms in France.

THE SLACKER'S REWARD

The intelligent, observant, patriotic people of America will not forgive slacking.

The slacker is a marked man. Not only during the war, but as the war goes on and the casualty lists come in he will be more and more scorned and hated by decent citizens.

After the war is over he will be an object of contempt. He will be without the regard of decent people in his community. His children and his children's children after him will pay a bitter price for his disloyalty—For his failure under test to do his duty by his country and by humanity.

Inexorable fate is setting him apart and he will not escape.

Every Bushel Saved Now Will Supply a Soldier with Bread Until Next Harvest.

of community entertainment and it welcomes the people of the County here for a five day period of better mutual understanding, and the opportunity to visualize the war situation by hearing the combined knowledge and experience of men who have been upon the fields of Russia and the fields of France. The musical program is featured by the famous Killies Band, the leader of which has been over the top into 'no man's land' four times, and numbers of whom have been wounded in action. Mr. Zealley, the leader, will relate some of his experiences. The other musical numbers of the program are especially good. Every speaking is preluded by music; the programs are varied and delightfully interesting.

Every man, woman and child who can spare the price of a Season Ticket for this once a year attraction will do well to buy now. The general admission for all entertainments total around \$5.00; a Season ticket will only cost two dollars and an additional twenty cents for Uncle Sam. The tickets are transferable.

In addition to the advantages accruing to the holder of a Season ticket the forty men who are as Guarantors bringing the Chautauqua here will receive credit on their guarantee for tickets. Single admissions will not aid these forty men, who trusting to the community spirit and the high order of the Community Chautauqua, have guaranteed this organization five hundred Season tickets.

Sure, you're going to the Chautauqua, "Mac", B. Jones, or other guarantors have the tickets, and are at the public's beck and call.
