DIRECTIONS ON KNITTING

GIVEN PUBLIC AT REQUEST OF RED CROSS CHAPTER

Careful and Minute Directions Must Be Followed; Knitting Apportionment of Chapter Not As Large As Last Year.

We have been advised from Washington that they have received from time to time suggestions that some of the men in the service would prefer a sweater with a narrower shoulder than the one in the Regulation Red Cross garment. The uniforms of the men are tight fitting, and the shoulders of some of our sweaters have been found so long as to be bulk underneath the uniform.

Following are given directions for knitting the sweater as mentioned above. The proportions of this sweater and the Standard Red Cross sweater and designed to be the same with the exception of the shoulders. The essential point of this model is that six stitches should be narrowed on each side of the shoulder when made with 72 stitches. Lighter or heavier weight wool should be narrowed in proportion.

The resulting garment is equally as good or better than the Red Cross sweater. It also promises the additional advantage at the present time of requiring a somewhat smaller quantity of yarn. The code number is the same as the standard sweater.

Quantity of wool required, about 3-4 pound, or 3 hanks of 4-5 yarn. One pair Red Cross needles, No. 3, 1-5 diameter.

ners as well as experienced knitters.
Important Suggestions
Casting on and binding off must be loose.

These directions are based on a 4/10 yarn (the commercial name of correct size of yarn) and Red Cross needle Number 1. When yarn or needles are larger or smaller than these, the number of stitches must be proportionately decreased or increased.

To measure a garment, lay it on a level surface and measure with a dependable measure (wood, metal or celluloid, not a tape line).

Always join threads by splicing or by running threads through each other with worsted needle.

When knitting the second sock of a pair, always count the rows of the first sock to insure uniform size when finished.

The finished socks loosely together in pairs at top of leg, in such a way that the hand can be inserted for inspection.

If sock is thin at point of gusset, reinforce by darning on wrong side very lightly with a split thread of yarn.

Socks should be washed when finished, according to Chapter instructions.

MAP SHOWING STANDING OF COUNTIES IN WAR SAVINGS WORK TO OCTOBER 1st

The War Savings record of the 100 counties in North Carolina as indicated on the accompanying map shows that nineteen counties have subscribed 100 per cent and over of their War Savings allotment. Six counties have subscribed from 90 to 100 per cent, twenty-nine from 75 to 90 per cent, twenty-seven from 50 to 75 per cent, while nineteen have subscribed less than 50 per cent of their quotas.

The counties that have subscribed their entire allotment which are black on the map, are Anson, Chowan, Cabarrus, Edgecombe, Forsyth, Franklin, Gates, Greene, Henderson, Iredell, Jones, Lenoir, Martin, Mecklenburg, Nash, Perquimans, Pitt, Union and Wilson. The six that have subscribed over 90 per cent of their allotment, which are cross-checked on the map, are Bertie, Beaufort, Guilford, Jackson, Northampton, and Onslow. The nineteen counties that pledged less than 50 per cent, which are left white on the map, are Ashe, Bladen, Bruns-

wick, Caldwell, Caswell, Cherokee, Clay, Cumberland, Columbus, Dare, Duplin, Graham, Hoke, Moore, Rutherford, Sampson, Watauga, Wilkes and Yancey. The counties which are slant-checked on the map have subscribed from 75 to 90 per cent of their quotas, while the counties vertically checked have subscribed from 50 to 75 per cent of their quotas.

North Carolina's War Savings allotment is \$48,668,380. To October 1, it had pledged 76.2 per cent of its allotment leaving 23.8 per cent yet to be pledged. To November 1, it had sold \$19,606,727, leaving \$29,061,653 yet to be sold. The task of the State is to redeem all outstanding War Savings pledges by December 31 and to secure additional sales to complete the State's quota, which amount is \$11,500,000.

The week of November 28-December 6 has been set apart for a complete War Savings Victory drive. During this week the citizens of the state will be called on to make the War Savings Campaign a complete success and thereby give the State a 100 per cent war-record. Every per-

son will be called on at some time during this week to go to the limit of his ability. Heads of families who are able will be asked to take \$1,000 of Stamps for each member of his family and thus qualify for membership in the North Carolina War Savings Limit Family Society. Individuals who are able will be called on to take \$1,000 of stamps for themselves and thus become members of their County Limit Club. People who are not able to go the limit by the law will be asked to go the limit of their ability—to buy all they can pay for. Every individual will be called on to give to the utmost that the State may raise its full quota by December 31 and have a 100 per cent war-record to its credit.

WAR SAVINGS STAMPS IDEAL CHRISTMAS PRESENTS.

War Savings Stamps make ideal Christmas presents. There are several reasons why people should give Thrift and War Savings Stamps as presents at Christmas instead of the usual valueless gewgaws and trinkets.

on knitting needle.
Repeat from (*) until all stitches are off needles.

In order to avoid ridge across end of toe, fasten wool down the side.
Laid on a level surface the finished sock should measure:

Foot: Length 11 1-2 inches, but 10 1-2 to 12 1-2 is acceptable.
Leg: Length, 14 inches; circumference, 8 inches.

Cuc: Circumference, unstretched, 6 inches; stretched to fullest extent, 13 1-2 inches.

AN EARNEST APPEAL TO ALL

WAR SAVINGS QUOTA MUST BE OVERSUBSCRIBED

Chairman John Graham Pleas For Patriotic, Self Sacrificing Work To Place Warren With State's Banner Counties.

The following timely and important letter is addressed to the Township Chairmen of Warren county in particular and to every red-blood of Warren generally to help carry the County to the top. County Chairman of War Savings John Graham writes:

Warrenton, N. C., November 27, 1918

My dear Sir:
Duty, patriotism, and County Pride require renewed efforts on our part to raise Warren's Quota of War Savings Certificates.

Be sure to have a sufficient number of assistants, both white and colored, to canvass every home and see every possible contributor.

Urge the redemption at once of all pledge cards already given.
Peace has not yet been absolutely secured, and our Government still needs the earnest co-operation of every patriotic citizen.

Faithfully yours,
JOHN GRAHAM
County Chairman War Savings.

For the Orphans of North Carolina

The management of our charitable institutions have been making patriotic efforts to adjust their work to the new and imperative needs of the war, which have added materially to and made more essential most of the normal demands upon them. Some of the orphan homes are finding difficulty in securing funds to continue their present work, even on the same or a reduced scale, with applications accumulating that must be declined for lack of facilities to warrant reasonable expansion.

It is no little task in normal times to secure sufficient funds to support the orphanage work and important departments in a number of the orphan homes have been handicapped on account of this state of affairs. The talk about the needs of these institutions may become tiresome to some, but if the people are to sustain them they must know something of the existing conditions. During the present abnormal times, with increasing demands of every sort which the war is making on philanthropy, it becomes necessary to keep our orphanage work before the people. Who knows but that we are actually facing the breakdown and bankruptcy of this—the most important work that develops and sustains the life of the State in a charitable way?

The State has taken a large share of the income of her citizens for the use of the Government in defense of their rights and ideals; it should also protect and support, in every possible way those forces and activities which create the ideals and make for the security of the foundation of our Government. The spirit of humanity, the enlightened and quickened impulses of education and the regenerative influence of religion are the essential elements of strength in our citizenship. We must foster them. We cannot afford to witsold the relief and encouragement which the proposal to contribute the amount of \$1,000,000 to some one com-

right.
