

**THE WARREN RECORD**  
Telephone Number 17.

**W. BRODIE JONES**, Editor & Mgr.  
**F. J. TAYLOR**, Contributing Editor  
**HOWARD F. JONES**  
... Owner & Contributing Editor

Entered at the Post office at Warrenton, N. C., as second-class matter under Act of Congress, March 3, 1879.

**RED CROSS MEMBERSHIP**

Through the annals of war, the one bright spot, the one evidence of tenderness and appreciation and sympathy has been the Red Cross; thru the pages of Reconstruction by its forethought, sympathy and unobtrusive aid this same symbol of hope will render an incomparable service. And behind it all, is the heart and soul and spirit of united America. The work of the Red Cross is the culmination of the highest ideals of the world into the gold of Service after passing the test-fires of Sacrifice.

This great mother of mothers, asks at this time for universal endorsement of its past and universal support of its future in the Christmas Red Cross Roll Call Membership Drive. The purpose is one of universal membership more than one of money. It is to be hoped that every man, woman and child will come to the arms of the universal mother.

"All you need is a heart and a dollar."

—W.S.S.—

**UNITED WAR DRIVE**

It is a source of pleasure to know that Warren has reached its allotment in the United War Campaign. Continual work by the organization and the impetus from the public speeches of Mrs. Bickett, Major Graham and others plus individual solicitation is responsible.

Unfortunately, the educational campaign of the drive was short, and the mass did not understand the agencies which had been merged into this Chain of Cheer campaign; influenza prohibited public meetings, and everywhere farmers were busy housing the crops.

The County has a right to feel proud in its success, and to be grateful to the energetic work of Chm. T. D. Peck, Miss Amma D. Graham, J. Edward Allen, and patriotic men and women whose works place them in prominence in different localities over the County. The detailed work Prof. J. Edward Allen has been particularly well done as evinced by the statement found elsewhere. Only time and an endless amount of detail has kept the Treasurer's books in good shape, and the work of Mr. Allen wins the plaudits in this another instance, as always.

—W.S.S.—

**WAR SAVING CERTIFICATES**

Uncle Sam asks the American public to make a change with him—he asks that we "swap" our greenback for a Government Security and for our trouble he pays us four and one quarter percent interest compounded quarterly and keeps taxes away.

The United States Government does not ask nor does it expect or even will it take a gift from one of its citizens, but our government does expect its citizens to uphold its hands when in upholding them the citizen reaps a permanent benefit.

The war savings game works to the investor's advantage—100 percent plus. It has no semblance of a gift, but is a rock-bottom investment. It represents changing a greenback, which bears no interest, into a war stamp which pays a dividend larger than any other investment today. The same Government is behind the war stamp that is behind the greenback.

Warren county citizens are asked to see the situation, and change money for the boys sake into government securities. Warren must obtain its War Savings quota and all loyal citizens are asked to work now to this end.

\$445,000 paid into Warren in 1923 in addition to the year's market crop will spell happiness and prosperity to many a home. Invest in stamps now to the utmost! Be happy, be prosperous in 1923; appreciate and evidence love for the sacrifice of khaki now.

**COUNTY OVER TOP IN UNITED WAR FUND**

(Continued From First Page)

sacrificing spirit of high order was evinced by members of the Victory Boys and Girls Organization in appreciation of which the thanks of the organization are extended as they are to the individual donors listed above.

We have no word of blame for any worker, no matter how small the donations from his township. Influenza and the signing of the armistice, making impossible the proper educational campaign, explain the deficiency fully where the amount is small. These were circumstances that no one could possibly alter.

Perhaps it will be wise to explain the method of arriving at each township's quota. At the workers' dinner conference on November 6th, the amounts raised by the several townships in the May Red Cross Drive were adopted as a basis; and then, to make the estimate as published in the Record of November 8th conform to the amount the County was definitely asked to give, the quota of each township was found to be a little more than eighty-five per cent of the figures then published. Hence the odd figures given as the quota for each of the townships.

The county has done well by its fighters, and its generosity will not go unrewarded. Its soldiers and sailors will be safer and happier in the performance of their duties in our behalf; and will come back to us ere long better and cleaner men, on account of this generous gift of nearly ten thousand dollars made to them.
