

"My Country 'Tis of Thee, Sweet Land of Liberty."

**THE WARREN RECORD**  
Telephone Number 17.

W. BRODIE JONES, Editor & Mgr.  
T. J. TAYLOR, Contributing Editor  
HOWARD F. JONES  
... Owner & Contributing Editor

Entered at the Post office at Warrenton, N. C., as second-class matter under Act of Congress, March 3, 1879.

The High Price Cat won't come down from the fence 'cause the Dogs of War ain't retreated far enough yet.

Baseball is pre-eminently an American game—President Wilson is even organizing a Big League.

We are pleased to note that Representative Davis gave whiskey a shove toward the scrap heap by voting for the Constitutional amendment. The Senate vote was without a roll call.

Good asphalt streets around the Court House, on Opera House and Dameron streets, and an extension of main street into South Warrenton would be an advantage. Why not consider the proposition now. Good streets help three things: the citizen, the visitor, the town.

**HOW ABOUT THE NEED**

Seven people were turned from the Hotel here the other night. Warrenton could not entertain its would-be guests. This happens often.

The outlook is that building material will not be any cheaper in five years than today—where it will be then is a matter of conjecture. There can be no advantage in waiting longer. Warrenton needs a modern hotel, and if every intelligent citizen can see this need, why not construct one. A municipal hotel will pay as does the electric lights, the ice plant and every town owned enterprise.

Why not now. The knight of the grip paints our progress—lets entertain them royally here.

**THE CALL FROM ARMENIA**

It is gratifying to learn from many sources that contributions were taken for the Armenians and Syrians last Sunday. This was the Armenian Christmas, and particularly appreciative is America's answer to the call for bread and raiment for these people. There are many languages, but the cry of hunger is but of one tongue—America is God's great storehouse, and we as trustees cannot fail to heed the call.

If this comes under the eye of one who has not donated remember to send a check to Cleveland H. Dodge, Treasurer, Room 190, No 1, Madison Avenue, New York City. The call is to save four million from starvation. Can anyone bathed in plenty, surrounded with enough to satisfy every need, fail to heed the call?

**INFLUENZA OUT AGAIN**

The reports from all sources are that the Flu is raging. The doctors are kept busy and the disease is not under control. The Warrenton High School was forced to take a recess for two weeks yesterday; other schools are affected.

Under the conditions it would seem wise that the Board of Health immediately convene and consider a County-wide school closing for the term. It is of utmost importance for every precautionary measure to be taken, and in this connection the previous order of the Board quarantining the disease should have the support of the public.

**WHY NOT BEAUTIFY**

The main road leading into Warrenton, that from Norlina, passes at the Horse Branch one of the town's rubbish piles, and of all the roads leading here this is the most repulsive to the eye. The natural setting is conducive to beauty, a little time and intelligent direction of labor

could make this approach one of pride.

Now that the war activities are not as engaging as before, it is urged that we do not return to lives of inactivity as to public service, but that we devote the energies to the common welfare. There is work in Warrenton for a Civic League, and this we should have.

But Civic League or no, the main artery of travel to Warrenton should not curl around a rubbish pile.

**LOVE IS ALL THANKSGIVING**  
(By Jack W. Allen)

I care not for the dark clouds, the rain and its roaring,  
For somewhere thru the dark clouds the sun is glowing  
And the bright golden days are just beyond the pitter patter;  
So what do all the dark clouds and rain matter?  
The leaves of the giant oak have ceased their falling,  
And somewhere the mocking bird will soon be calling;  
The roses have faded and gone, but I know the bush is living,  
Then why should I care, for life is all thanksgiving.

Soon the violet will appear with a green leaf for its shelter,  
And children will be playing joyfully helter-skelter,  
And at night tucked in bed they will dare the weather:  
Ah, what are dark clouds and rain when we are all together?  
As we play hide and catch, the rain without is falling,  
Tho' the leaves lay brown and sear I know the tree is living  
And love is calling, calling, and love is all Thanksgiving.

JACK W. ALLEN.

**Action Needed to Pass The Dog Law**

Concerted action is badly needed by farmers of the State if they are to have the necessary legislation which will control the worthless dog, and further the production of sheep, poultry and swine within the State. As is well known, the roaming, worthless dog is largely responsible for the spread of such diseases among hogs as cholera, which each year causes the loss of thousands of dollars worth of pork in the State, and of rabies which each year takes a heavy toll in the civilian population of the State.

In addition to this, it is practically impossible for best returns to be had from the raising of turkeys and chickens, as well as sheep and some wild game.

To put this matter squarely up to the Legislature, Mr. R. W. Scott, Chairman of the Dog Control Committee, is asking that each person interested in the passage of such a law to take the first opportunity of writing to their representative, or the State Senator, bringing to his attention the necessity for the law.

According to Mr. R. S. Curtis of the Animal Industry Division, North Carolina Extension Service, the passage of this dog control law would advance livestock production in the State to a greater extent than practically any other single movement. For this reason, Mr. Curtis also requests that interested citizens lend their support to the movement and write their representatives in the General Assembly.

**No Worms in a Healthy Child**  
All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

Watch your label.

**CALOMEL SALIVATES AND MAKES YOU SICK**

Acts like dynamite on a sluggish liver and you lose a day's work.

There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate. Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

Read the Advertisements. It pays.

**Auto Owners!**

Save your Radiators this cold weather. Call at

**STRICKLANDS**

and have them filled with Whiz Anti-Freeze.
