BIG BRITISH DIRIGIBLE ON THIS SIDE OF ATLANTIC

Makes Trip Across Without Mishap; Wilson Expected Home Today and Will Carry Treaty to Congress For Ratification.

Mineola, N. Y., July 6.—Great Britain's super-dirigible R-34, the first lighter than air machine to cross the Atlantic Ocean, anchored here at 9:45 a. m. today (1:45 Greenwich time) after an aerial voyage of 108 hours and 12 minutes which covered 3,330 knots or approximately 3,600 land miles.

Passing through dense banks of cloud, with the sun and sea visible only at rare intervals, the R-34 was forced to cruise 2,050 knots to reach Trinity Bay, N. F., from East Fortune, Scotland, and 1,080 knots from there to Mineola.

When the super-Zeppelin arrived here she had left only enough petrol to keep her moving ninety minutes longer. Her crew almost sleepless for four and a half days, were weary almost to the point of exhaustion but happy at the successful completion of their epoch-making trip. The return voyage will be started Tuesday at 8 a. m.

Crew Badly Used Up.

Haggard, unshaven, their eyes bloodshot from the long vigil and lines of care bitten deep into their faces, Major G. H. Scott, the commander, and his officers showed plainly the effects of the anxious hours through which they lived yesterday while they were cruising over the far reaches of Canada and the Bay of Fundy, beset by fog, heavy winds and terrific electrical storms.

Saw Many "Atmospheric Devils"

"It seemed as though the atmosphere was haunted by 5,000 devils," said Lieut. Guy Harris, the meteorological officer.

With the R-34 long overdue at its destination, petrol supply running low and buffeted by strong head winds, Major Scott decided yesterday while over the Bay of Fundy to send a wireless call to the American Navy Department to be prepared to give assistance if it were needed.

This was merely a measure of precaution and did not indicate discouragement. While destroyers and submarine chasers were racing to her assistance, the R-34 was plugging steadily ahead on the way to Mineola. Once clear of the Bay of Fundy the atmospheric hoo-doo which had beset the craft from the time it took the air was gradually left in its wake.

The R-34 headed southwest out across the Atlantic along the coast of Maine, her nose pointed out for Cape Cod, with the United States destroyer Bancroft hanging on her tail and in constant wireless communication with her. The destroyer stuck close in the wake of the air monster, running under forced draft, until Cape Cod was reached and then the dirigible cut across lots.

Why No Landing at Montauk.

It had been decided on the voyage along the coast that unless a favoring wind came up the R-34 would be forced to land at Montauk Point and early this morning a wireless message was set out making that announcement.

With the cape left behind, however, fortune finally favored the dirigible and the wind veered to her favor. Headed straight for Montauk Point, she ran true and before the tip end of Long Island was reached it was decided to go on to Mineola. With the goal almost in sight, the R-34 flew majestically straight down the center of it for Roosevelt Field, 100 miles away.

In Touch With Roosevelt Field

As she cruised over Riverhead, the dirigible came within range of the wireless telephone installed at Roosevelt by the Navy Radio service and perfect communication was established. During the night the wireless calls from the R-34 were received by the Navy Radio station in New York.

Expected at Montauk.

Over the wireless telephone it was explained to Major Scott that a large part of the crew assembled to assist him in landing had been sent to Montauk Point in motor trucks in the ex-

pectation that he would tie up there and that consequently preparations for receiving him had not quite been completed.

The mammoth balloon was sighted in the distance about 9 o'clock and fifteen minutes later was over Roosevelt field. She cruised about in a circle at a height of about 1,000 feet until word was telephoned that everything was in readiness for the landing.

Pritchard Comes Down in Parachute. While the R-34 was circling the field at a great height Major Pritchard jumped off with a parachute. He landed safely near headquarters and smilingly hurried indoors before an ambulance that had been rused to the scene, could reach him. This was nearly a half hour before the dirigible came to anchor.

New York, July 7.—President Wilson will arrive in New York tomorrow afternoon between 1:30 and 2:00 according to the latest radio advices from the George Washington, the naval transport on which he is returning from France. The presidential party will land at Hoboken where he will be welcomed by Major Patrick Griffin and 10,000 school children who will line the streets through which Mr. Wilson will pass to the New York ferry.

Vice President Marshall and Mrs. Marshall, Secretary of the Navy Daniels and many high government officials arrived in New York tonight to take part in the welcome to the president. Early tomorrow morning they will board a destroyer which will take them out to the battleship Pennsylvania, now at anchor at quarantine awaiting the arrival of the George Washington.

Escort of Fleet of Steamers.

The transport will be escorted to its dock by a fleet of small steamers which will carry New York's official reception committee headed by Governor Smith and Major Hylan, as well as hundreds of relatives and friends of the soldiers returning with the President. A small army of police from New Jersey cities, numbering more than 1,000 and a detachment of secret service agents will guard the route from the dock to the ferry terminal.

After his arrival on the Manhattan side of the Hudson river Mr. Wilson will head an automobile procession to Carnegie Hall where he will deliver a brief address. Governor Smith and Mayor Hylan will share the presidential car with Mr. and Mrs. Wilson.

The cars following will be occupied by Miss Margaret Wilson, W. G. McAdoo and Mrs. McAdoo, Cabinet members and high army and navy officials.

Will Guard Against Anarchists.

The route to Carnegie Hall will be guarded by hundreds of detectives and Secret Service men while squads of motorcycle policemen will keep the streets clear. On arrival at the hall welcoming speeches will be made by Governor Smith and Mayor Hylan and the President will make a brief reply. Following this ceremony Mr. Wilson will take a special train to Washington.

BOARD OFFER COUNTY CLUB IS REJECTED

GARDNER AND PETAR FAIL TO ACCEPT POSITIONS

Establish Own Board Without Heeding Resolution Offering Position As Additional Members of County School Board.

WHEREAS, Section one of the Act of the General Assembly of 1919 entitled "AN ACT TO APPOINT MEMBERS OF THE COUNTY BOARD OF EDUCATION IN THE RESPECTIVE COUNTIES OF NORTH CAROLINA" names Edward Petar for a "TERM OF FOUR YEARS," and "Jesse Gardner" "For a term of six years" from the first Monday of July, 1919 "To fill vacancies existing or caused by the increase in the number of membership, as provided by law," and

WHEREAS, section one, aforesaid, is the only Section of said Act of the General Assembly of 1919 which names said Edward Petar and said Jesse Gardner as members of the County Board of Education of Warren County, and

WHEREAS said Section one, aforesaid, plainly, clearly and unequivocally names said Edward Petar and said Jesse Gardner to "Fill vacancies existing or caused by the increase in the number of the membership, as provided by law"

THEREFORE, BE IT RESOLVED by the County Board of Education of Warren county that in conformity with and by direction of said Section ONE, aforesaid, that the said Edward Petar and the said Jesse Gardner be admitted to seats as additional members of the County Board of Education of Warren county from and after the first Monday in July, 1919, to the present membership of three members and their successors in office.

Read, approved and adopted at a meeting of the Board on July 7th, 1919 at 10:30 a. m.

HOWARD F. JONES, Chm.
H. P. REAMS,
J. BYRD ELLINGTON.

A careful reading of the above resolution will show that the County Board of Education offered to seat Messrs. Gardner and Petar under their own law—"In conformity with and by direction of said Section ONE" that the said Jesse Gardner and the said Edward Petar be admitted to seats as additional members of the County Board of Education of Warren county from and after the first Monday of July, 1919, "to fill vacancies existing or caused by the increase in the number of the membership, as provided by law." That is their own law; that is the only direction the General Assembly has given the Board. They were by formal resolution offered seats without any protest and under the Section governing their appointment. Having refused to accept the offer to serve on the Board, the members constituting the Board when the offer was made proceeded to organize for the new year, and to elect a County Superintendent of Schools for the term. Mr. Howard F. Jones was elected and qualified.

"In conformity with and by direction of said Section ONE" of your own law you are invited to participate in the duties of electing a Superintendent, Committeemen and such business as might come before the County Board of Education." You refused, and the Board as constituted proceeded to act, and its acts are legal and binding.

HOWARD F. JONES,
Secretary.

P. S. Let me quote Section One referred to above:—

"As provided by law the following named persons are hereby appointed members of the county boards of education in and for their respective counties to fill vacancies existing or caused by the increase in the number of the membership, as provided by law, for a term of six years, except as otherwise provided herein, from the first Monday of July, 1919, that is to say"— * * * for Warren County Jesse Gardner for a term of six years; Edward Petar for a term of four years."

That's Section one and is the only law appointing these gentlemen. And the County Board offered them seats under that section, and they refused to act under their own law.

ELECTED FOR NEXT 2 YEARS

HOWARD F. JONES CHOICE OF BOARD EDUCATION

Enters Upon Fifth Term As Superintendent of Schools; New Board Elects Dixon; Burden of Proof Upon Aspirants.

The Board of Education in session here yesterday disposed of the business of the year. Mr. R. O. Rodwell, formerly cashier of the Bank of Warren, Norlina and a graduate of Wake Forest college who has just returned from a year's service with the United States army was elected chairman to succeed Mr. Howard F. Jones, who resigned. Upon motion of Mr. Hugh P. Reams, seconded by Mr. J. Byrd Ellington, the unanimous vote of the Board was cast for Mr. Jones for superintendent of schools of Warren county for the ensuing two years.

Messrs. Ed Petar and Jesse Gardner waived the resolution drawn in accordance with the law of their appointment offering them seats upon the Board of Education of Warren county and set up a Board of their own. Their demand for the records of the office were refused by the Board. They elected Mr. Gardner chairman and preceded to elect Mr. Dixon, formerly a teacher of Wise but now in Alamance county, as superintendent of schools. This Board then adjourned and left the office of the Supt. of Schools.

The burden of proof rests with the new Board. The educational system and the courts only recognize one Board in each county. The Board of Education with R. O. Rodwell, chm., Hugh P. Reams and J. Byrd Ellington are under existing law this Board in full possession of the books, records and seal of the office. Educational affairs will be conducted without a hitch under this Board until the matter is determined by the courts adversely.

Elsewhere in our columns will be found a resolution and statement by the secretary of the Board of Education.

ATTENTION OLD VETRANS

You are hereby notified to appear at the Court House on the 25th day of July, 1919, at 10 o'clock a. m. at which place and time our annual meeting will be held. Be sure to be on time. Our State Re-union will be held at Rocky Mount August 5-6, 1919.

Mobile School At Gardner's Church

Mobile Schools are Baptist institutions. They are called Mobile Schools because they are movable, and because they are mobilizing the baptist people of North Carolina for action in the larger day that is now breaking on the world.

During the third week in this month there are to be 42 of these Mobile Schools in North Carolina all running at the same time from the mountains to the ocean.

The Mobile School for the Tar River Association will be held at Gardner's church, Macon, July 21 to 25. This is one of the forty-two Mobile Schools to be held in the State. The Baptist people of this association and section of the state are fortunate to have this school of intensive training located so conveniently to them. They are more than fortunate to have the privilege of doing the work of this school under such teachers as Revs. J. U. Teague, T. D. Collins, J. B. Currier, J. G. Blalock, H. B. Hines, J. W. Whitley and Dr. T. W. O'Kelly who will compose the teaching force. Every church in this association should have some of their leading workers and teachers to attend this school. We want to make the Tar River Mobile School a success in every particular. To do so we must have good attendance from the churches. The church and community at Gardner are preparing to entertain the pupils of this school to the best of their ability. We are looking for you, so do not disappoint yourself by not coming. If possible notify the writer how many will attend from your church.

J. P. HARRIS, Host, Macon, N. C.
