Wilson on Tour

STARTS NATION WIDE CAMPAIGN FOR THE LEAGUE

On Road Continuously Until The Thirtieth of September; Will Speak In Practically All States West of the Mississippi.

WASHINGTON, Sept. 3.—President Wilson left Washington tonight for a country-wide speaking trip to tell the American people first hand of his part in the peace negotiations and to make a personal appeal that the peace treaty be ratified without amendment. The President's special train, on which he will live nearly all of the time for the next twenty-five days, departed at 7 o'clock. The first leg of the trip of nearly ten thousand miles will be completed tomorrow morning in Columbus, Ohio, where he will make the first of his thirty scheduled addresses.

The President and his party reached the station at 6:45 o'clock and were given an ovation by the crowd. After escorting Mrs. Wilson to the private car the President returned to the platform where he chatted with friends until the time for his train to leave.

Newspaper Men and S. S. Escort Accompanying the President in addition to Mrs. Wilson, were Joseph P. Tumulty, his secretary, and Rear Admiral Cary T. Grayson, his physician. Thirty newspaper correspondents also were aboard the train, in addition to the force of official stenographers and secret service men.

The trip perhaps the most arduous ever undertaken by a President will carry Mr. Wilson and his party as far west as the Pacific coast, almost to the Canadian border on the north and almost to Mexico on the South.

It's a Wide and Long Sweep Ahead. He will speak in every State west of the Mississippi except four and make up for the omission of these by speeches in Ohio, Indiana, Kentucky and Tennessee.

In point of distance covered the tour will be almost on a par with President's trip to France and return, and the members of his party expect it to be much more strenuous because of its continuity and the long, fast rides thru the west.

Although the detailed schedule was held in confidence in the interest of safety to the Presidential train, it is understood that most of the stops will be only three or four hours. In Des Moines, Seattle, Los Angeles and Louisville, however, where Sunday stops are made, the President will have opportunity for brief respite. In Seattle he will review the Pacific fleet.

The speechmaking schedule is a vigorous one from the start. After his address at Columbus tomorrow, Mr. Wilson will go to Indianapolis in time for an evening mass-meeting. Then he will continue westward with short stops at St. Louis and Kansas City, reaching Des Moines Saturday for the week-end.

State and County Council At Hill

Chapel Hill, N. C., Sept. 1.—The full program for the first meeting of the State and County Council to be held at the State University during the week September 15-20 inclusive, has been practically completed. It will be in the mail by Tuesday. Dr. H. W. Chase, President of the University, will deliver the address of welcome, following which Gov. T. W. Bickett will address the assembly. The Governor will preside over the meeting throughout the week.

The County Commissioners' program which is in charge of Hon. W. C. Jones, President of the State Association of County Commissioners, is attracting much attention just now. "Unified County Government under Responsible Headship" will be the leading topic for this part of the program. Talks on "County Government as it Might Be," "The Fee and Salary Systems," "Uniform County Account Keeping and Reporting," and "State-wide Auditing of County Accounts" will also be made by able speakers.

Many prominent out-of-State speakers have been secured to address the Council, including Judge Charles N. Feildeson, of Savannah, Ga., Amos W.

Facing a Fact Saving a Fruit

THRIFT ALONE WILL REDUCE NATIONAL DEBT

Tremendous Increase of Debt By War Must Be Reduced By Saving; This Policy Alone Will Sponsor Economic Freedom.

The national debt of the United States at the end of the fiscal year 1911-12, was \$1,040,340., or \$10.40 for each person living in this country, figuring on the basis of 100,000,000 population. The national debt of the United States on June 1, 1919 was \$25,421,151,270. This simply means that every person in the United States faces a national debt that averages \$231.10. If conditions that have become so radically changed by this so greatly increased debt are to become in any wise normal they can come in just one way—the absorption of this bonded debt by the savings of the people.

The answer given the Senate Committee by the Governor, W. P. G. Harding, of the Federal Reserve Board, to their query as to what legislation was needed at this time and to relieve the financial situation, was: "The Federal Reserve Board believes that any currency legislation at this time is unnecessary and undesirable and would suggest that whether viewed from an economic or financial standpoint, the remedy for the present situation is the same: Namely, "Work and Save."

Mr. Harding is a man of acknowledged ability, with an opportunity of studying from every angle our industrial and financial problems; a study that include in its scope the financial affairs of the world. Mr. Harding's interpretation of the sign of the times must be given earnest consideration and careful study. Such opinions as his merit consideration.

The real and true basic principle of the thrift campaign this year is arresting the attention of the American public to the end that it adopt as a habit the ideas and the thoughts of systematic saving. This is the central thought of every plan, the motive of every act. It takes time, patience and the co-operation of every branch of our industrial and our financial interests.

The people have got to spend less and save more. The banks occupy a peculiarly important position in spreading this message, because all business resolves about the banks. The people naturally turn to them for advice and it right they should.

The people can save. Uninvested money is dissipated too easily and is wasted too often. If the money is in the pocket, that new luxury really not needed, is usually gotten; for it is easy to convince ones self that it is good business to buy the thing one wants. Invested money earns interest, it is not so easily spent and it encourages the saving of more.

If bankers and financiers will encourage habits of thrift, keeping in mind Governor Harding's suggestion, "Work and Save," the national debt will soon get back nearer to its pre-war figures.

Six-Month Schools To Open Sept. 29th

By resolution of the Board of Education, adopted September 1, all six months' schools in the County not otherwise specially provided for will open on Monday, September 29. Teachers, School Committees, parents and pupils will take notice accordingly.

Under the new Compulsory School law, all pupils not excused are required to attend regularly for the whole time that the school is in session and therefore I urge that every pupil be on hand on the opening day. Since school was badly demoralized by influenza last year, every effort must be put forth to make this year's work as efficient, thorough and regular as possible. J. EDWARD ALLEN, Supt.

Institute At Reedy Creek 12 and 13th

We will hold an Institute at Reedy Creek church on the 12th and 13th, Friday and Saturday, at 11 o'clock standard time. Neighboring churches are invited to send Sunday school teacher; and workers. J. J. MARSHALL, Macon.

HOME AGENT TELLS HOW TO SAVE GRAPE CROP

Scuppernongs and Muscadines Have Variety of Uses Which Housewives Can Adopt With Much Benefit To Pantry.

To make Muscadine grape catsup, first weigh and then crush the fruit. Stew the crushed fruit over a slow fire until soft, and then work it thru a colander with a spoon, leaving the skins and seeds behind. To the juicy portion which passes thru the colander add for each 5 pounds of fresh fruit used— 2 1-2 pounds of sugar, 1 tsp. ground cinnamon, 1 tsp. ground allspice, 1 tsp. ground cloves, 1-2 tsp. pepper, 1-2 tsp. salt, 1 pint vinegar. Boil the mixture until slightly thick and then seal it hot in hot sterilized bottles or fruit jars.

Grape Conserves

3 pounds grapes, 1 pound sugar, 1-2 pound finely ground raisins, 2 large oranges, 1-2 pound of finely ground pecans.

Take sound, ripe oranges. Weigh and pulp them. Treat the pulps as in canning, in order to remove the seeds. Grind the hulls fine in a meat grinder or chop them as fine as possible, and then soften them as in canning. Place the hulls and pulps together and add for every 3 pounds of fresh fruit 1 scant pound of sugar, half a pound of finely ground raisins, the meaty part of two large California oranges, and one-fifth of the ground peel of one orange. Cook this mixture approximately an hour over an even, slow fire until it is real thick. Then stir into the mixture one-half pound of pecan-nut meats. After again allowing it to boil for about five minutes remove it from the first, pack solidly in small containers, such as 4-ounce jars or jelly glasses, and cover with paraffin. If the product is packed in jars, these can be processed for 15 minutes, in order to sterilize the contents.

Marmalade

Of the heavily sugared Muscadine grape products, the marmalade or butter is most desirable.

To make this product, pulp the ripe grapes, discarding the skins. Heat the pulps with the juice and put them through a colander to remove the seeds. Add to the pulp and juice half a pound of sugar for every pound of fresh fruit used. Cook the mixture slowly on a steady fire for approximately an hour or until thick and of jellylike consistency. Stir repeatedly while it is cooking. If desired, ground pecan-nut meats, strips of citrus fruits, or a few softened grape hulls may be added to the mixture about five minute before removing from the stove. Pack and seal the marmalade hot in sterilized jars.

Flavoring Sirup

This sirup, as its name implies, is intended for use as a flavoring ingredient in the making of punch, sherbets, ices, etc. It is quite different from the heavy concentrated product previously described.

To make the flavoring sirup* add 1 quart of water to each gallon of crushed grapes and boil violently until thoroughly cooked—that is, until easily stirred and of even consistency—the berries being broken down. Then pour this liquid into a thick flannel jelly bag and let it drip into a porcelain vessel until all available juice is secured. Measure the juice and return it to the preserving kettle, adding a measure of sugar for each measure of juice. Stir until the sugar is dissolved. Let it reach the boiling point, but it must not boil or bubble. As soon as the boiling point is reached pour the sirup into sterilized bottles or jars and seal them while hot.

Two to three tablespoonfuls of this flavoring sirup added to a glass of water or to crushed ice is very refreshing.

For punch, use 1 pint of the flavoring sirup to each gallon of material.

*This recipe was furnished by Mrs. Dora Dee Walker, assistant State home demonstration agent, Appleton, S. C.
