

BUSY!
We all are, but there's Time to Join Red Cross!

Of course you are busy. There are an endless number of things to do. Help can't be procured, and work is pushing you.

That's the general order of things now in the rush of fall.

There will be time next week, however:

- To join the Red Cross;
 - To wear the button during the drive;
 - To ask your friends to join.
- Do these three things for the Greatest Mother in the World.

Two Warrenton ladies already have endorsed the peace time program of the Red Cross for 1920 by becoming the first two members of the Third Red Cross Roll Call for Warren. They joined the first of the week.

These ladies are Misses Georgie and Florence LaCoste who reside in the home of Dr. T. J. Taylor.

Certainly you will be one of the citizens of Warren to match their record—Join for "Every Red Cross dollar is an answer to a prayer."

The offer of a thirty dollar library to the school which enlists the greatest percent of its enrollment in the Red Cross will cause much rivalry and interest in this great cause.

UNCLE SAM SETS HIS CHIN

The policy of the Government as declared by President Wilson in reference to the proposed strike of coal miners is deeply gratifying to the American public. It is welcomed as evidence that the Government is to protect the interest of the average citizen even if it is necessary to operate the plant affected by a strike whenever effects of non-operation would work a hardship upon the public as would be instanced by a strike of the coal miners.

We need a firm policy by this government in dealing with the Reds and Bolsheviks. In their breast exists no conception of Americanism. In their heads wheels of anarchy turn and their thoughts are toward more pay, less work. They want to milk the cow without feeding her. That road leads to the disruption of economic conditions and all it entails.

The strike fever, rampant in America, resulting from agitation by unprincipled men, is fast crystallizing the citizenship of this country against the Unions. Unquestionably labor unions have tended to better conditions, but the disapproval which is heaping upon them is the result of their actions—the policy of the radicals in their groups whose lead the intelligent follow entranced. Too often they are employing the strike as the implement to enforce their demands. Seemingly they forget their duty to their fellowman—the attainment of selfish ends without regard to the common weal is the policy they pursue.

It is foolhardy to stir up feeling between the workmen and the capitalists. Both are necessary in the life of the Republic. Each furnishes the other the means of livelihood and guarantees the production for which the world cries. Capital is the incentive of endeavor. Strikes throw the entire production field in areas. They are the workings of unscrupulous reds and radicals who would demand more if Heaven was served on a silver platter and if refused would then order a strike. This policy is suicidal.

Sound common sense should pervade the atmosphere tainted with the flowery phrases of promise handed out by the promoters of strikes. This is no Paradise. No magic wand creates palaces nor shapes beds of ease. Work always must be the price paid for accomplishment. This government cannot endure nor this citizenship live its existence should production cease. Yet every strike calls for short hours and more pay.

The Department of Justice would perform a great service to the country by deporting men who are fermenting industrial trouble and by suppressing publicity of all kinds agitating labor and painting a Fairer Land which will always open to the knock of the striker.

Uncle Sam sets his chin and faces the new problem. May we see Government by those elected to govern and not control by labor agitators and radicals, who using the strike as a weapon, and supported to a great extent by foreign born, un-Americanized beings, are endeavoring to strip our country of the heritage of liberty, life and the pursuit of happiness.

A Declaration Of Principles For America

(Manufacturer's Record)

First—We believe in the Constitution of the United States as the written basis of the most perfect system of government ever devised by the mind of man.

Second—We believe in the flag of our land as the perfect emblem of that for which our nation has always stood—liberty, equality and justice to all over whom it waves.

Third—We believe that these privileges are the equal property of every citizen of this country, without reference to his ancestry or birth, and that, therefore, his country has the right to demand of him his undivided allegiance in peace and in war, under all circumstances, likewise without reference to birth or ancestry.

Fourth—We believe that in the hour of danger the Constitution and the flag demand the loyal service, and, if need be, the life of every citizen of these United States, and that the man, who, in such an hour, withholds either service or blood is a bastard citizen and no true son of America.

Fifth—We believe that the danger to a nation and its principles is greater and more insidious today than at any hour during the active hostilities of the recent past.

Sixth—We believe that this danger arises from several sources, namely:

- (a) German propaganda which is ever with us, albeit under a new guise each day;
- (b) Appeals to racial prejudice in political effort, which we unqualifiedly condemn as un-American and therefore dangerous;
- (c) Socialism, whether radical or otherwise;
- (d) The presence of millions of illiterate foreigners, incapable of comprehending or appreciating either the principles or the blessings of American institutions, and forming a most ready and willing agency through which both German propaganda and Socialist principles are disseminated;
- (e) Weak-kneed or conscienceless politicians, who skillfully refrained from offending the traitors amongst us during the war and are now striving with might and main to gather the practical fruit of their treasonable cowardice;
- (f) Citizens of any class who put party before principles, or prejudice ahead of the weal of the country.

Seventh—We believe that the salvation of the nation demands that America shall be Americanized, letting the process hurt whom it may.

Eighth—To this end, we believe that certain radical steps of re-construction must be immediately adopted:

- (a) Resident aliens of all nationalities who are incapable of appreciating the blessings of our institutions must be deported;
- (b) Foreign-born citizens who have proven their unfitness for citizenship by either open disloyalty in word or deed, or by seditious inactivity in the times of war, must have the rights of citizenship withdrawn and they likewise must be deported;
- (c) German and all other modern foreign languages must be banished from all elementary schools and from public print and public speech alike, save where they are employed for the purpose of Americanizing foreign-born people not yet acquainted with the English language;
- (d) All methods and plans for Americanizing our foreign-born population must be directed by Americans whose antecedents and environments has given them a clear conception of the principles of American institutions;
- (e) All immigration must be immediately suspended for an indefinite period.

Ninth—We believe that German propaganda must be destroyed, and with it all of the spawn which it has produced—social revolution; pussy-footing politicians who seek pro-German support; race agitation and agitators.

Tenth—We believe that the ballot

is the one and only constitutional means by which Americans can secure needed changes of governmental policy and purpose and that the honest and intelligent use of the ballot in placing in possession of responsibility only loyal Americans, without reference to ancestry will effectually safeguard our inherited rights.

Eleventh—We believe that all attempts at coercion in the control of the Legislative, executive or judicial departments of the Government are un-American, treasonable and pregnant with unspeakable danger to the nation.

Twelfth—We believe that the hour has come when every loyal American who values his inheritance of liberty and loves the flag of his land must put country first, and forgetting other affiliations, join hands with every loyal citizen to free America from its present peril.

Then, God helping us, all else forgot, we pledge our hands, our hearts, our lives, our services to America first and America forever.

Ministers To Present Appeal Sunday

Every pastor in Warren and all Sunday School Superintendents are asked to present the appeal of the Greatest Mother in the world on Red Cross Sunday, November 2nd, 1919, for second only to the Message of Love that is the heart of the Gospel, is the message of Mercy that is the soul of the Red Cross.

It was natural that like should call to like, and during the stern days of our part in the Great War, the Church rendered an incalculable service to the Red Cross. Its equipment; its organization; its buildings; its trained personnel, used to service and sacrifice, were gladly and freely contributed. Religion and patriotism blended in the great resultant of loyal devotion and consecrated labor.

The result was a modern miracle. More than Twenty Million Members enrolled in the Red Cross—more than Four Hundred Million Dollars were given for Red Cross work—more than Eight Million loyal women and girls by consecrated labor produced supplies valued at more than Ninety Million Dollars—while thousands of men and women enlisted as active workers for the Red Cross, both at home and with our men overseas.

Of Red Cross accomplishment during the months of the war, history shall tell.

The time has come now to face new duties and to undertake new tasks.

Men Donate Space To Advt Roll Call

We call special attention and invite particular consideration of the Red Cross advertising matter underwritten by some of the firms and individuals of Warren. This was in the main a donation to the cause and as such should be appreciated by the people. The importance of visualizing the campaign has been realized and the willingness of the firms and individuals to make this possible even at cost to themselves is commendable.

Those paying for space for Roll Call advertisements include: SUPT. J. EDWARD ALLEN, ROY DAVIS GARAGE, W. A. MILES HARDWARE CO., CENTRE WAREHOUSE, W. H. DAMERON, HUNTER DRUG COMPANY, BURROUGHS GROCERY CO., RAYMOND MODLIN, CITIZEN BANK & BANK OF WARRENTON.

In Warrenton the campaign has been given for direction and a successful consummation to Mrs. Kate P. Arrington. The campaign at the Peck Mill will be in charge of Supt. Mullen and Miss Dora Beck.

Revival Services Postponed Account of Wire

The Revival meeting which was scheduled to begin next Sunday night has been postponed on account of the following telegram from Evangelist Thurston B. Price who was to conduct the meeting:

"Newport News, Va., Oct. 29th.

"Rev. J. T. Gibbs, Pastor Methodist Church, Warrenton, N. C.

"Our meeting here has suddenly merged into a great union city-wide campaign moving into big army tabernacle. Hundreds are being saved. The Mayor of city, editors of papers and pastors of city have demanded that we make it city-wide and remain another two full weeks after this. I know it is of the Lord's leading so have consented. I will move all my dates up one notch and come to you there for November thirty to December fourteenth."

County To Enroll 5000 During Campaign

Warren county will begin its Red Cross Drive for five thousand member and a thousand dollars next Sunday when all pastors and Sunday School superintendents of the county are to present the appeal of the Greatest Mother in the World and visualize the necessity for continuing the organization in peace as in war. Throughout America the campaign will be from November 2-11th for the endorsement of the organization for its 1920 drive against sickness, disease, disaster, pain and misery.

W. Barham Davis as Roll Call chairman for Warren and W. Brodie Jones as publicity manager have visited numerous communities this week in the interest of the campaign and everywhere find a willingness on the part of the committees to again meet the call for service. Every community not already visited will be this week and the literature and posters distributed broadcast.

Supt. of Schools J. Edward Allen is throwing the influence of the schools of Warren behind the approaching campaign in which each schoolhouse is to be an enrolling unit. To that school which has the largest percent of its enrolled pupils in the Red Cross a \$30 library will be given.

Further interest in the campaign is to be stimulated Saturday at the white and colored teachers' meeting when the appeal will be presented the assembled teachers who are to carry the message to the homes of Warren thru the media of the schools. W. Barham Davis, Supt. J. Edward Allen, W. Brodie Jones, Miss Julia Dameron and Mrs. Kate P. Arrington are on the tentative program to present the different angles of the work at these meetings.

The appeal is to be made to every man, woman and child in Warren the committee plans. Red Cross booths, soliciting committees and the interested public are to be the agencies of appeal requesting endorsement of the 1920 program.

The fact that a public health nurse is virtually assured if the campaign is a success throws a local import behind the movement other than the appeal of its national scope. Conditions in the county, according to figures which are a matter of record, demand the attention of skilled workers. That this worker may be procured thru the co-operation of the public spirited people of Warren working under the banner of the Red Cross is a truth which the public is expected to grasp in the November 2-11th drive. This public health nursing and home service in the main will be the field of service in 1920 announces the national organization. The fact is clear that the direct and immediate returns of the investment of a Heart and a Dollar will better conditions in Warren. The other half of the dollar goes to help carry on the work which has made the Red Cross emblem the Soul of Humanity in the hour of need wherever that need may be.

The committees in Warren, undertaking this drive in the spirit of service to the organization and the people of the county, are confident that Warren in its schools, in its churches, in its homes and in its daily vocation will respond to the appeal for membership and align itself during 1920 with the organization, universally beloved on account of its war record, in its new ideal of service to humanity in the days of peace.

RALLY AT SPRING GREEN.

There was a rally at the Spring Green Baptist Church, Alston, N. C. of which Rev. G. B. Fitts, of Macon, N. C., is pastor, for the purpose of rebuilding the church.

The pastor and members hearts were made to rejoice when after a soul-stirring sermon was preached using as his subject, "Keep Yourselves in Circulation," a collection of (\$1040.) a thousand and forty dollars, was placed upon the table.

THE COLLEENS.

The songs of Ireland, famous for their plaintive sweetness, are presented by The Colleenes as one of the features of an evening replete with interest and variety.

The Colleenes' program opens with a village scene in Ireland and the four young ladies who comprise the company are appropriately dressed in Irish costumes.

A Salvation Army sketch is another feature of the program, and the great work of the Salvation lassies in the

A. E. F. is set forth both in song and story.

Another part of the concert is devoted to the rendition of selections from the standard operas. This is a feature which never fails to please Lyceum audiences.

An attractive playlet, a complete sketch given in costume, is still another part of the program which will help to make the Colleenes' entertainment full of variety and vivacity.

The entire program, both from the vocal and instrumental standpoint, is presented in a finished and artistic manner.
