### A Colyum **Of Thoughts** From Here There, Yonder

(By W. BRODIE JONES)

The biggest business in the world in trusted not alone with material prosperity but with the happiness of all people receives from many only casual and disinterested attention.

No true democracy can exist in such an atmosphere of indifference and the survival of true democracy is life itself-a matter of concern to all.

The duty is incumbent to intelligently cast a ballot Saturday. The preference a voter shows is incidental; the obligation to his fellowman to vote is the paramount consideration.

An intelligent electorate, unbiased, unprejudiced and uninstructed save from the dictates of mind and conscience, is the factor which will give the world the best men to guide its affairs and shape its destiny.

It is in this business, the administration of this Government, that every citizen has a part, an interest, and to whom he owes a duty.

It is to be expected that every voter in Warren will exercise his privilege, measure to his responsibility, at the primary Saturday.

North Carolina Division Gives Certificates for Home Demonstration Work To Women Of The State.

Getting money from county boards is not the easiest indoor pastime, as many a person can testify-they always have to be shown, especially in this year 1920.

The Onslow County Board of Edution was in session and the district home demonstration agent was pleading for enough salary to keep the Onslow home demonstration agent on the job-also for a new car, with a self starter, to make her wok more effective over the whole county. She was interrupted by a farmer who said:

"Gentlemen, I have the finest little woman in the wold, at home, but she doesn't know anything much about cooking and serving, and she doesn't plea cannot be made when we carry doesn't know as much as she needs to

A SEMI-WEEWLY NEWS PAPER DEVOTED TO THE INTER ESTS OF WARRENTON AND WARREN COUNTY

"Doing things a little but different" is Miss Theresa Sheehan's habit and because of this originality she is rated as one of the greatest readers on the Chautauqua platform. Each presentation, be it a humorous sketch or a dramatic recitation, is marked with a style, a sincerity, an understanding that is quite her own. For instance, her thrilling word-painting of the sinking of the Titanic-an original reading that is brimming over with smiles and tears and realism. Miss Sheehan has promised to give this unusual reading

Just to show you how much we believe in home demonstration work and hw much we need it in my home, I will tell you that my wife and I have offered Miss McFayden a furnished room and her board free of charge just to get the benefit of a few suggestions from her form time to time. You know that I am not a rich man, and if the home demonstration work means that much to me, it must mean a good deal to the other folks of this county too."

The board decided that it could not afford to lose the home agent, and made an appropriation big enugh to give a substantial increase in salary and make a new car possible.

The agent immediately went down to place her order for the car. A big gruff man waited on her and told her there were just one hundred and thirty-six orders in ahead of hers and that she might expect her car n thetic colleagues. But this small boy about eighteen months. Of course she looked and felt disappointed that the car could not be delivered earlier. As she started out of the door the big man called her back-his face softened, and his voice was kind. He said, "You nursed us when we had the 'flu,' and you may have the first car that comes in."

# Free Mental Examination For Children

Dr. Bernard Gluck, Professor of Mental Hygiene in the New York School of Social Work, who will be one of the instructors in the Summer School of Public Welfare at Chapel Hill this summer, has consented to hold a clinic for the purpose of examining any "problematic" or possibly mental defective or abnormal children that the superintendent of public welfare will bring to him. This is a wonderful opportunity that I hope par ents who have children who are possibly "not quite right" or whose cases they do not understand, will take advantage of.

If you wish to take advantage of this offer, kindly notify me and the blanks will be furnished you in order that the necessary facts of history, &c., may be obtained in advance. Attempted Suicide At Norlina Mr. L. T. Poncey, proprietor of a Music store at Norlina, Wednesday morning attempted to take his life on account of mental depession due to his busineess. With a razor he cut his throat and was freely bleeding when found in his office a few moments after the act. Drs. Packard and Morton were at once summoned and gave all possible medical attention. Mr. Poncey was rushed to a Raleigh hospital on the afternoon train and is in a critical condition with chances of recovery slim. He was unmarried.
