

A Colyum Of Thoughts From Here There, Yonder

(By W. BRODIE JONES)

We again call attention to the opportunity offered the school children of Warren who are between the ages of six and twelve, inclusive.

Bad health is like a missing automobile—it takes longer to get anywhere and the satisfaction of the journey is impaired.

Good teeth are the foundation of health—the very carburetor of the human machine.

The State Board of Health in co-operation with the Board of Education is offering free dental treatment to the children of these ages. Not to accept this is to let an opportunity slip; to travel on with a defective body; to head toward the human junk heap of daily discontent.

The healthy are the happy. See that the children of your household take advantage of their opportunity.

Usually So

"Hoy many birds do you suppose I killed on my hunting trip?"

"Oh, abut a fifth, I guess."

"A fifth of what?"

"A fifth of the number you are going to say you got."—Clipping.

A Precaution

"Say, did you accuse me of stealing that half dollar you lost?"

"Oh, no. I only said that next time I dropped any money I hoped you wouldn't help me look for it."—Selected.

The Easier Way

"Dn't you think that a woman is clever enough to do any work that a man can do?"

"Oh, yes, but a woman is a lot cleverer than that. She lets some man do it for her."—Clipping.

A Biblical Name

"Yes' sir, my children all have Biblical names," announced the talkative old woman to the wayfarer who stopped to rest in the shade. "There's Esther and David and Solomon, besides Pizlem Civ."

"Pizlem Civ?" queried the visitor. "That surely isn't in the Bible."

"Oh, yes, it is, and I can prove it too." She disappeared into the house for a few minutes and brought out a well-worn Bible. Opening it she pointed triumphantly to Psalm CIV.

"Most folks don't believe that name is in the Book, but I can prove it."—Country Gentlemen.

The Experimental Method

Into a cuntry school in Ohio there recently came a mother and her son, a pupil of the said school, who looked rather the worse for wear.

"Why, what the matter with Louis?" asked the teacher. "He looks realy ill."

"No, he ain't ill, but he's mighty sick from your fool teachin'," said the woman pettishly. "You told him he was to tell h w long it would take him to eat twenty apples, if it took him one and a half minutes to eat one apple—an' he got stuck on the fifteenth."—Clipping.

Awaiting Developments

A western man was so unfortunate recently as to lose a purse, containing a good-size sum. Some time after, to astonishment, he received a letter from the man who had found the purse, with which letter was enclosed a small bill representing a portion of the money lost. The letter ran as follows:

"Sir: I kept your money. Remorse is gnawing at my conscience, so I send some of it back. When it gnaws again, I will send some more."—The Country Gentleman.

Rural Repartee

If Old Henry Barker was the most inquisitive man in the village, Bill Williams was the surliest.

One afternoon, as Henry perambulated slowly along the one narrow street, he paused at Bill's garden fence and gazed inquiringly over at Bill, who was busily engaged in nailing a very large box.

"Afternoon, Bill," said the old man genially. "Whatever be you puttin' in that big box?"

Bill paused in his hammering long enough to retort curtly:

"All your questions; if it's big enough."

Henry eyed him in painful silence for a few moments. Then he took an empty match box from his pocket and threw it over to Bill.

"That'll do for your civil answers, if it's small enough," he retorted quietly.

—The Country Gentleman

COX CHOICE OF THE PARTY

Franklin D. Roosevelt Chosen
As Running Mate By A
Unanimous Vote

OHIO GOVERNOR NAMED ON FORTY FOURTH BALLOT

Has Carried Pivotal State Of
Ohio Three Times For Dem-
cracy; Candidates Congratu-
lated By President Wilson.

The Democracy of the Nation has spoken. The battle of the ballots has taken place and the untterrified Democracy has brought forth a splendid candidate for the Presidency, and an excellent running mate for the vice-Presidency.

James B. Cox and Franklin D. Roosevelt will sweep the country. Their records are such that they have the confidence of the people, and the Platform of the democratic party rings true to American ideals and promises.

The achievements of the Party in the last seven years entitle it to the confidence of the American citizens, and that confidence will be shown at the Polls.

Governor James B. Cox was nominated after a prolonged and friendly struggle between Palmer, McAdoo and himself, and won only after 44 ballots had been taken.

There was no meeting in a hotel room, as at Chicago, and putting out a ticket by the big bosses. Democracy met and in truly democratic and open manner nominated its candidate.

The President took no part in the selection of the candidate and the Republican party was deeply disappointed by reason of that fact. Republican leaders thought that President Wilson would dictate, but again he fooled them.

But the President is well pleased and immediately wired to Governor Cox "Please accept my hearty congratulations and cordial best wishes."

McAdoo wired "Hearty congratulations and assurances of my cordial support."

Ambassador John W. Davis, who was a "dark horse" candidate, wired: "My hearty congratula'tions upon your nomination. You can and will lead the party to a well deserved victory."

It was Cox who said at the Jackson Day dinner "The boys did not go over the top in France with reservations."

James B. Cox has been elected three times Governor of Ohio, was born on a farm and is a newspaper man of Dayton. He is a fearless, high-minded democrat, aggressive and progressive. Secretary Baker says that the nomination will be received with joy and pride by Ohioans.

FRANKLIN D. ROOSEVELT

Mr. Roosevelt is now assistant Secretary of the Navy, and a sterling democrat of New York. He is a cousin of the late Theodore Roosevelt and also married his niece, Anna Eleanor Roosevelt and has five children.

The President wired his warm congratulations and good wishes.

Warrenton Loses On July 5th

The Warrenton team lost Monday at Palmer Springs five to four before a crowd of neighboring people present for the ball games and a basket picnic. The winning run came in the last half of the ninth due to bunched hitting by the Palmer Springs players who thruout the game were dangerous with the willow. Lloyd and Moore for Warrenton and Coleman and Haskins for Palmer Springs were opposing batteries.

A Gentle Hint

The young man had called regularly four times a week for two years, but it seemed as though he would never do more than just call.

"I was reading," he observed, "that it is calculated that in a thousand years Niagara Falls will be only a rapids."

"Oh, Tom!" she exclaimed, and tears of disappointment dimmed her starry eyes. "I had so hoped to see the wonderful falls on our—I mean my—wedding trip!"

"Eh, why, yes!" he said, and became very thoughtful. By eleven-thirty they had decided on the date and the minister and everything.

—The Country Gentleman.

FEW CASES OF TY- PHOID OVER STATE

Raleigh, July 4.—Reports from the one hundred counties of North Carolina made to State Board of Health for the month of June show the smallest number of typhoid cases since accurate statistics have been kept in the State. For the month a total of 152 cases were reported as against 432 cases reported during June of last year, a reduction of 280 cases year.

The State Board of Health has been concentrating in its efforts against typhoid fever through anti-typhoid vaccination and the installation of sanitary privies. These efforts are bearing fruit as shown in the decrease in the number of cases and in the steadily decreasing number of deaths from this cause. In 1914 there were 839 deaths from typhoid in the State. In 1919 there were 427, a reduction of more than fifty per cent in five years.

The summer months, or the fly months, mark the height of prevalence of the disease, August showing the greatest number of cases and the largest number of deaths. The State Board of Health, in co-operation with the county authorities, is now conducting dispensaries for the administering of anti-typhoid vaccination in a number of counties, and in all counties where dispensaries are not being conducted the anti-typhoid vaccine is being furnished without cost by the state laboratory to physicians for the treatment of the local people. In addition every effort is being made to enforce the sanitary privy law, and thereby prevent the spread of typhoid fever and other intestinal diseases which are transmitted by flies.

Not only were the people of the state almost free from typhoid fever last Month, but the reports indicate that the public health was never better. The following are the number of cases of the several reportable diseases for the month:
Whooping cough 1,475, measles 681, diphtheria 43, scarlet fever 74, septic sore throat 12, small pox 243, chicken-pox 139, typhoid fever 152, meningitis 13, German measles 1, ophthalmia neonatorum 5, trachoma 4, typhus fever 2.

PERSONAL MENTION

Messrs. Lipscomb and E. R. Kidd were visitors in the home of Mr. and Mrs. W. W. Kidd this week.

Mr. and Mrs. Lee Paschall, of Richmond, were recent visitors in Warrenton.

We are pleased to welcome Mr. John C. Burwell and family to Warrenton. Mr. Burwell, who has been in the tobacco business in Maysville, Ky., for the past several years, will represent one of the large companies on the Warrenton market this fall.

Explicit

"Do you realize that I am standing outside the door of your heart, waiting, hoping, trusting that it may open and that I may pass in?" he asked softly. He'd had a lot of practice, and really said that sort of thing quite well, so that it didn't sound half so silly as it reads.

"Indeed?" responded the maiden, who could size up his kind rather accurately. "And have you observed the notice on the door?"

"Oh, ah, perhaps not. What is it?"

"No admittance except on business!" Selected.

Official Vote July 3rd Primary

Precinct	Morrison	Gardner	Cook	Durham	Long	Stacy

Morrison's Majority—136. Cook's majority—9 Stacy's majority—95

Gardner Congratu- lates Cam Morrison

Lieutenant Governor O. Max Gardner telegraphed his congratulations to "Governor" Cameron Morrison as follows: "I extend my congratulations and assure you of my loyal support."

Mr. Morrison wired: "Deeply appreciate your message of congratulation and assurance of support. The pleasure of my victory is marred by the fact that it could only come through defeat of you and thousands of patriotic democrats who supported you."

Mr. Gardner's Statement

The unofficial returns indicate that my opponent Hon. Cameron Morrison was nominated for Governor in the primary last Saturday.

I shall not attempt any review of the campaign nor any discussion of the causes leading to my defeat. However, I wish to repeat that I lead a clean, fair fight, and I accept the result without bitterness and without resentment. No candidate ever had truer, more loyal or devoted friends, and I tender to each and every one of them the sincere gratitude of my heart for the heroic and unselfish service which they so freely rendered me in the contest, and my chief regret is for them, rather than for myself.

It is needless to say that I shall give my hearty support to my opponent and the entire democratic ticket, State and National.

We were pleased to have a call from Mr. Willie Ray of Norfolk. Mr. Ray is a Mute and is visiting his wife's kinsfolks, Mrs. Kate Williams. Mr. B. B. Williams brought Mr. Ray in to see us. He is more than seventy years of age and looks like a man of fifty. He is an old Printer and Newspaper man. Being a Printer and a Newspaper man is all the fashion now, since both nominees for the Presidency were Printers and are Newspaper men.

Mixed Metaphor.

The other day a man brought in a couple of hen eggs and gave them to one of our printers, who put them on our desk. When we came in the following ensued:

"Mr. Allen, what are these eggs doing up here?"

Mr. Allen replied, "I laid them there."

WORK ESSENTIAL- LY A DUTY CALL

"Whatsoever thy hands find to do, do it with all thy might," is the Divine command to all. God's call to all men is to work. The slothful man can find no word of commendation or even of palliation of his sin of idleness in all God's Book and in all His teachings to mankind.

Work out your salvation is an admonition as applicable in individual life and in material things as in spiritual.

It fits a nation's case as fully as it does an individual's. The diligent man shall stand erect in body and soul before kings and the great ones of earth, while the slothful man, the slacker and the shirker of worker shall be poor, and deservedly so.

God never blesses the idleness of the idler. It would be contrary to His nature to do so.

The man who does not work wholeheartedly, who does not work from a sense of duty to the world as well as to his individual family is making himself a drudge. He cannot know the joy of living until he throws his very life into his work. An old saw-maker in telling with great joy of a prize-winning saw which he had made, described the method of pressing his body against the material that made possible the fashioning of the saw, and said: "I pressed against it until I could feel my very life going into it." That is the spirit with which every man, rich or poor, must work, and without that spirit no man can do his best and stand approved of his own conscience, of his fellow-man and of the Great Judge before whom we shall all eventually stand and be "judged every man according to his works."—Manufacturers Record.

Exciting Game at Warren Plains Saturday

Warrenton was on the big end of a two to one score Saturday afternoon after a ten-inning game with a picked team from Warren county playing for Warren Plains. The entire contest was crowded with moments of interest and until the last man was out in the tenth it was either team's game. The fielding was clean and only two or three errors were chalked up against the players. Booth and Nanney were opposing pitchers.

Teachers Examination To Be Held

Examinations will be held next Tuesday and Wednesday for all classes State Teachers certificates and renewal work at the Court House. Renewals Tuesday morning. Since four-fifth taking examinations past year failed applicants should make careful preparation. Examination period will open at ten o'clock.

J. EDWARD ALLEN, Supt.

Macon Gets Big End of 8-3 Score

In a game much faster and more interesting than the score board would indicate Macon won over Palmer Springs Monday afternoon eight to three. The inability of Jeffress and later of Coleman to hold the Macon sluggers was responsible for the victory. The majority of Macon's runs were made in one frame. A large crowd was present and friendly rivalry general among the divided cheering support of the crowd. Nanney and Shaerin were the battery for Macon.

TO HOLD DEN- TAL CLINICS

Dr. S. L. Bobbitt To Open Head-
quarters Thursday At
The High School

CHILDREN, 8 TO 12, URGED
TO OBTAIN TREATMENT

All Defective Teeth Treated By
Dentist of State Board Free
Of All Costs To Parents; Ap-
pointments County Cancelled

Dr. S. L. Bobbitt, special representative of the State Board of Health, who is conducting a dental clinic in Warren for school children between the ages of six and twelve, has decided to hold these clinics in the High School building each morning at ten thirty. The clinics will be open until five in the afternoon and the crusade for better teeth will commence on this schedule Thursday.

Though interest in the work was evidenced at Norlina, Wise, and other communities few patients have been forthcoming at the smaller places. This fact causes a change in Mr. Bobbitt's plans and a cancellation of all other dates. The remaining fourteen days of his time in the county will be devoted to work here.

This free treatment is given in accordance with the latest dental science and offers an opportunity to the school children of Warren, all authorities point out, as an advantage which they can't afford to miss.

Dr. Bobbitt expressed his willingness to co-operate in every possible way and it only remains for the children to present themselves here for treatment.

HELPING THE FARM HOME

(By E. T. Meredith, Secretary of
Agriculture.)

A condition must be diagnosed before it can be successfully treated. The United States Department of Agriculture and the State agricultural colleges made a farm home survey, not for the sake of the survey itself but as a preliminary to the cure of some of the disorders exposed.

For some time past statistics have shown that an increasing number of farm families are moving to town. If those who left were surrounded by conditions as unfavorable as some of those brought out in the survey, their exodus is not surprising. The whole body social will suffer with the abandonment of any considerable number of farms. On the other hand, if conditions were as satisfactory on the whole, as the majority wrote, it is doubtful whether in the end they will find themselves happier or more prosperous in town than they would have been if they had stayed in the country.

In those localities where the conditions on the farms are such that the occupants are dissatisfied, a remedy must be found, for the farmer and his family are entitled to living conditions which are equal in comfort and healthfulness to those he would find in a town or city.

The Department of Agriculture means to bring to bear on this case all the curative power it possesses. It asks the sympathetic aid of all those other agencies which can be of such great assistance—the church, the school, the community organization, and the press. Most important of all is the help which the farm home itself can give, for our efforts can accomplish no great thing unless the members of the farm families are willing to co-operate.

HOME COUNTY STANDS

LOYALLY BY GARDNER

Shelby, July 5.—Cleveland county polled the largest Democratic vote in its history last Saturday, and gave to its candidate for governor, Hon. O. Max Gardner, 3,330 votes. In Mr. Gardner's home box he received 1,339 votes to his 'opponent's' 33. Every Democrat in the county was out and the handsome majority for Gardner in his home county caused the lieutenant governor to remark that while he did not know the results of the election, it was worth the race to reveal the loyalty, confidence and devotion of his friends and neighbors.
