CONSCIENCE!

I would rather fall out with my neighbor than with my conscience.

VOLUME XXVII.

WARRENTON, COUNTY OF WARREN, N. C., FRIDAY, JANUARY 27, 1922

NUMBER 4

## O. E. S. CHAPTER GIVES FIRST WORK AT OXFORD

Members of Chapter Guests At 6 O'clock Dinner Before Conferring Degree Work.

### MAKE AUTOMOBILE TRIP.

Chosen from among the Eastern Star Chapters of North Carolina, officers and members of the Warrenton Chapter No. 85, conducted the first degree work before the new chapter in Oxford Thursday evening. The Oxford chapter was installed in the afternoon by State officers, and the work last night was conducted by the Warrenton Chapter in the presence of these officials and of delegates from a number of Eastern Star Chapters of North Carolina.

The Warrenton delegation left yesterday afternoon by automobile. They were entertained at 6 o'clock dinner by the Oxford Chapter. Supt. J. Edward Allen and Worthy Matron Mrs. Howard F. Jones expressed their pleasure in being present and the honor which had been conferred upon the Chapter.

Past Grand Master J. Bailey Owen, a member of the Warrenton Chapter, with Mr. Roy O. Rodwell, Past Master of Johnson-Caswell Lodge, joined the delegation in Henderson.

Miss Louise Allen, former Grand Matron, took part in the State installation exercises yesterday afternoon as Grand Marshall.

Members of the Warrenton group included Mrs. Howard F. Jones, Worthy Matron; Supt. J. Edward Allen, Past Grand Patron and Worthy Patron; Mrs. J. Edward Allen; E. E. Gillam, Secretary and Master of Johnson-Caswell Lodge; Miss Edith Burwell, Treasurer; Miss Mary Louise Allen, Past Grand Matron; Miss Mary Harris, Conductress; Mrs. W. D. Rodgers Jr., Misses Mary Russell and Sue Burroughs, Emma Hall and Mrs. W. A. Burwell.

The delegation returned last night.

### Bible Class Entertained

The members of the men's bible class of the Episcopal Church were very enjoyably entertained at the home of their teacher, Mrs. R. J. Jones, recently. They were joined by the young ladies of Mrs. Van Alston's class in a candy stew, after which the evening was agreeably spent in games and other entertainments.

### FORD NATIONAL SALES INDICATE GOOD FUTURE.

DETROIT, Jan. 25.—Retail sales of Ford cars, trucks and Fordson tractors have again exceeded the million mark for the year 1921, according to a statement given out today by the Ford Motor Company.

The Ford factory and assembly plant production figures reached a total of 1,050,740 cars, trucks and tractors for the year, with retail sales by dealers approximating 1,093,000, which in the United States alone surpassed the 1920 retail sales record by 104,213 Ford cars and trucks!

The Ford Company says the outlook for 1922 is decidedly optimistic. In fact, concrete evidence already exists in that car and truck retail sales for December 1921 exceeded December 1920 sales by almost 25 per cent., and Fordson tractor retail sales for the same periods show an increase of over 100 per cent. for December, 1921, as well as an increase over the total tractor sales for the month of November.

These facts seem to indicate that not only are the farmers buying more freely, but that the general public is becoming more responsive and receptive.

Another point brought out by a comparison of production figures for the past two years shows that Ford enclosed cars are gaining in popularity, as 23 per cent. of the 1921 production were Sedans and Coupes as against a total of 18 per cent. for the year previous.

The Ford Company believes that this recent reduction, while not a large one, is especially important at this time, as it should go a long way toward stabilizing market conditions.

Ford is giving employment at present to approximately 40,000 men in his main plant at Detroit, the importance of which is emphasized when consideration is given to the fact that nearly 20 per cent. of the city's population is directly dependent upon the Ford Motor Company.

## TEACHING EVOLUTION FORBIDDEN BY BILL IN KENTUCKY HOUSE.

Frankfort, Ky., Jan. 26.—Teaching of evolution as it relates to the origin of man would be forbidden in any school county grade, city high school, college or university which receives support wholly or in part from the State, under a bill introduced in the House of Representatives today by Representative Ellis of Barren County.

The measure forbids teaching of "Darwinism, aethism, agnosticism, or evolution as it pertains to the origin of man." It was referred to the committee on Kentucky statutes.

The antievolution bill provides that any professor or teacher who teaches any of the prescribed subjects shall be fined \$50 to \$500 or given ten days to one year in jail or both for each offense.—A. P.

## E. J. GAY JR. HANDLES STUDEBAKER SERVICE.

E. J. Gay Jr. will be local service representative of the Studebaker Corporation here after Feb. 1, announced J. P. Scoggin local dealer yesterday. The station will be maintained in the same building on Main Street.

Mr. Gay will also operate a garage in connection with the service station. He assumes control of the oldest automobile agency under the same firm name in the county. Mr. Scoggin has been dealer here since the E. M. F. days and has placed many Studebaker products in Warren. Mr. Gay has been in Warrenton for some time. He has been with the Boyd-Gillam Motor Co. as a skilled mechanic for more than a year.

"The Studebaker service station," Mr. Scoggin said yesterday, "is in competent hands and owners of these cars will receive excellent service in the same headquarters."

## H. H. FOSTER TO PRACTICE MEDICINE IN MACON SECTION.

Dr. H. H. Foster will practice medicine in the Macon community. Dr. H. Malcolm Horton left the county about three weeks ago. He will not return there to practice medicine, according to information reaching this office.

Dr. Foster attended the Graham High School in 1913-14. He was afterward at Wake Forest and Jefferson. He served as an intern in Plainfield, New Jersey.

## NOW THE AUTO VAMP

Helen McGinnis of Chicago has been convicted as being an automobile vamp. She smiled sweetly at Martin Metzger as he was driving by in his car. He asked her to go riding with him. When he regained consciousness at a lonely spot in the country his money and diamonds were gone—and so was Helen. One to ten years for her.

## NINTH HOUR LOCALS.

Mr. Griffith of the Mergenthaler Linotype Co., Brooklyn, is installing a Model 14 Linotype at The Press Publishing Co. today. The machine replaces a Model K. which has been in constant use since 1914.

Mr. Ken K. Lyon of Southampton, Long Island, New York, is a guest of his classmate, W. Brodie Jones. Mr. Lyon leaves Monday for Littleton where he will be associated with Mr. Jones in producing The News Reporter.

The Community Booster meeting of the past Friday evening was much enjoyed by those who braved the weather. Prof. and Mrs. W. C. Stroude were in charge of the program.

## HAYS AND HIS \$150,000 MOVIE SMILE

Postmaster General Will Hays has announced his resignation from the cabinet to take a position as director general of all national moving picture productions at a salary of \$150,000 a year. He posed, as shown here, after a conference, in which President Harding gave his consent to his leaving the cabinet.

## COTTON AND TOBACCO LEAD IN CROP VALUES

Variety of Other Crops Shows Why North Carolina Ranks High In Farm Products.

### THIRD ACREAGE IN CORN.

By FRANK PARKER  
Agricultural Statistician.

RALEIGH, Jan. 25.—The enviable rank of fourth in value of North Carolina's important crops, calls for the reason therefor. Over half of the \$262,880,000 value of all crops belongs to cotton and tobacco alone.

Many States and authorities have the idea that North Carolina is almost solely given over to cotton and tobacco, but according to the Co-operative Crop Reporting Service of the State and Federal Departments of Agriculture, this State produces as great a number of different crops on a commercial basis as any State in the Union. Corn is valued at over 33 million dollars; hay at 14 millions; sweet potatoes at almost ten, and Irish potatoes near six millions, while peanuts stand at over seven millions in value. Soy beans equal over four sorghum cane and cow peas over two million dollars. Fruit and truck run into the millions, also, although the rugged western counties do not produce many of these crops in great quantities, the farmers up there produce valuable products from their mountain-side pastures in the form of livestock, both domesticated and tourists. The several crops mentioned and the livestock productions are ample evidence that North Carolina has diversified farming interests.

It is interesting to study the State's diversity of leading crops and the percentage of their total acreage which follows: Corn 33.5 per cent; cotton 20.5; all small grain 10.6; all hay 9.6; pastures (cleared) 8.0; tobacco 6.3; soy beans 3.3; cow peas 2.6; peanuts 2.4; sweet potatoes 1.3; velvet beans (all) 1.0; sorghum and Irish potatoes 6. each. Several lesser field crops and the fruits are not included.

The per acre value of crops are: tobacco \$157, white potatoes \$126; sweet potatoes \$98; sorghum \$73; peanuts \$51.50; cotton \$50; soy beans \$37; cow peas \$21; hay \$20; corn \$15; oats \$12.50; wheat \$10.60; and rye for grain \$9.00 per acre. The average value of all crops, exclusive of fruit, truck, and pastures, is \$34.00 per acre for the year 1921. Comparative figures for other States are not yet available.

Though we do have fourteen crops grown on a commercial scale, the fact that some of them yield the producers a gross average of less than \$15.00 per acre after a whole year's expense.

## A GOLD STAR MOTHER SENDS CONTRIBUTION

Others Remember Wilson Foundation With Gifts; Poem of the Gold Star Mother.

### CHANCE TO GIVE REMAINS.

Contributions to the Woodrow Wilson Foundation Awards have come from several sources during the week, County Chairman W. Brodie Jones said yesterday. The opportunity for tribute to the War President and world advocate of peace through arbitration will be open for several more days.

Mrs. V. L. Pendleton sent \$25 this week for Mrs. Kate P. Arrington, who is in Brussels. Mrs. Pendleton also made a contribution to the fund.

A Gold Star Mother of Warren yesterday sent \$1 to the Foundation, with this poem:

Only one dollar, but with it goes  
All that a mother's prayers are worth;  
A mother who gave her own dear son  
To die for the cause of Peace on earth.

God bless our leader and give him health—  
He who worked so hard for the sad world's peace—  
May he live to see the great cause won  
And the "League" make wars on the earth to cease.

When history writes the name of those  
Who led our Nation bravely and bold,  
One name will be high on the scroll of fame,  
Woodrow Wilson, in letters of purest gold.

—A Gold Star Mother.

Those who will receive contributions in Warren are:

Warrenton—W. Brodie Jones.  
River—Dr. John Harrison.  
Judkins—W. R. Vaughan.  
Sandy Creek—Ed Turner, J. K. Pinnell.  
Fishing Creek—R. I. Harris.  
Roanoke—H. L. Wall.  
Smith Creek—Mrs. A. G. Hayes.  
Sixpound—Mrs. J. S. Nowell.  
Hawtree—Mr. C. S. Perkinson.  
Shocco—J. W. Burroughs.  
Fork—R. E. Williams.  
Nutbush—A. E. Paschall.

A certificate, bearing the picture of President Wilson, will be mailed each contributor from National Headquarters in New York.

Make all checks payable to E. B. Crow, Treasurer.

Some men are noted for their judgment—others try to argue with their wives.

The old-fashioned man who put talow on his boots now has a son who puts it on his hair.

## J. B. DAVIS WILL SEEK COTTON DIRECTORSHIP IN MONDAY ELECTION.

Members of the Cotton Co-operative Associations will ballot for directors over the State Monday.

Mr. John B. Davis of this County is one of the two candidates for election in this district. Mr. Joyner of Northampton is his opponent. Ten directors are to be chosen in the Cotton Association. The Governor appoints one, representing the State at large.

All members of the Association, irrespective of acreage or production, are allowed one vote.

## ROY DAVIS BUYS WINSTON PROPERTY MAIN STREET.

Roy Davis has purchased the Winston property adjoining the Warrenton Grocery Company and will operate a garage and blacksmith shop there. Mr. Winston closed his time business and will devote his efforts to manufacturing.

Mr. Davis came to Warrenton in Jan. of 1919 from Newport News where he had been working upon submarine destroyers in the Navy Yard. He has been in the garage business, with this exception, since 1911.

He has been in charge of the Studebaker Service Station for Mr. J. P. Scoggin for some time. He severs connection with this agency Feb. 1 and gives his entire time to the new enterprise in the Winston property.

## HOLT CHOSEN PRESIDENT COUNTY MEDICAL SOCIETY.

Dr. T. J. Holt of Warrenton was elected president of The Warren County Medical Society at a recent meeting of the society held in the offices of Dr. W. D. Rodgers. Other officers elected for the year 1922 are: Vice-president, Dr. W. D. Rodgers Jr.; and Secretary, Dr. C. H. Peete.

A very practical and interesting paper on "The Value of X-Ray Examinations of Fractures" was read by Dr. G. H. Macon. In the discussion which followed this reading the paper was very highly commended by all the doctors present. Public health questions and many items of professional interest were also taken up at this meeting.

The next meeting of the society is to be held at Norlina during the first week in March.

## IN PENROSE'S SEAT

George W. Pepper, Philadelphia lawyer, is the new senator from Pennsylvania, having been appointed by Governor Sprout to serve the unexpired term of Boise Penrose, Republican leader who died recently.

## MRS. BICKETT EXPRESSES APPRECIATION TO FOLK.

DEAR FRIENDS, who have given to my dear husband honor and reverence, and love and tears, and to William and me sweet sympathy and sustaining prayers, we give you our heart-felt thanks and grateful appreciation. Will you not pray for us still, lest without the strength and inspiration he gave, we falter, and fail to follow those things he followed, those things that are true and honest, and just and pure, and lovely, and of good report?

For him, in private and in public life, for individual, State and Nation, there was but one ideal, the ideal contained in the Sermon on the Mount, and the Ten Commandments. For him, there was but one ideal life, to

## COL. SCOTT COMMENDS B. COMPANY AT DRILL

Captain S. E. Burroughs' Men Praised For Soldierly Bearing At Annual Inspection.

### MEN GET HALF-YEAR PAY.

By KEN K. LYON.

"The best organization in the State," was the way in which Col. Don. E. Scott, Regimental Commander, 120th Infantry, N. C. N. G. characterized Company B. at their annual inspection in the armory Wednesday night.

The Regimental Commander was lavish in his praise of the local company. "In regard to equipment and well-arranged club rooms, as in all-around efficiency, your company has no equal among the other seventeen companies in my regiment," he said.

Captain S. E. Burroughs, commander of the local unit, was accorded his full meed of credit for the splendid showing of his company, in the course of the highly commendatory remarks by the Colonel.

At the conclusion of the inspection, the members of the company received their pay for the past six months of service.

Col. Scott, accompanied by Major James W. Jenkins, Commander of the First Battalion, who assisted him at the inspection, continued the following day on his tour of inspection of the other State National Guard units.

### VICTORY.

Editor Southern Planter:

We have won a great fight, the goal is in sight. Virginia and her sisters, the Carolinas, have put over the tobacco sign-up contract. This wonderful achievement is now the biggest thing in the way of co-operation in the country, taken in connection with the sign-up of the Burley Districts of Kentucky, Indiana and Ohio, which have signed up 85 per cent. and are doing business. It is the biggest thing in the world. So much for organization.

But if we stop here, we have accomplished nothing; this is just the machinery bought and installed and it would all be worthless without efficient operation. The milk in the coconut is the officers and directors. We now come to the critical point of this movement. We should elect men of the best proven ability—shrewd, honest men who have had experience and who have made a success of their own business.

A man is not fit to serve the public that has failed for himself. We must have honest officers; men in whose ability the public has confidence; honest conservative men who can command the attention and respect of the buyer as well as the seller of tobacco.

No matter what strength we may have developed in our organization it will be doomed to ultimate failure if we elect men not suitable for the work. We do not want any wild cat scheme or exponents. We must have men who know men—who know business—who know tobacco. We should have men that have had experience and made a success of raising, curing and reordering. Men, in other words, who know tobacco. We want a price for our tobacco that will pay a small or reasonable profit on our investment and labor, the same as other business pays.

First, we want to value our farm, equipment and the cost of producing the weed, and a fair interest on the plant and our labor. Then add a small profit. With this we will be satisfied. This, we should always have had. This we must now have or all our efforts will have been in vain. This must be obtained or the country districts will be depopulated. We must put our wives and children in circumstances to compete with the city folks favorably, so far as social and educational advantages are concerned. Otherwise our fields will become a howling wilderness and our boys and girls will flock to the cities and become dwarfs.

Now, Mr. Tobacco Grower, it is up to you to say who your officers and directors shall be. It all depends on whom you select to run this the biggest machine in the world today. Each grower has a vote; use it with caution.

C. R. SANDERSON.  
Cumberland County, Va.
