AJOR BATTLES IN LEGISLATURE

Solons To Fight Out Secret Solons 10 Road And Eight-Ballot, Road And Eight-Month School Term

OTHER NEWS OF STATE

By M. L. SHIPMAN RALEIGH, Feb. 11.—The major battle of the General Assembly will be fought over the issue of an honest be lought aw. This is clearly evident election and the big fight will start this week. Governor Gardner, hundreds of thousand of citizens and practiof thousand newspaper of the State are lined up on the side of an are mice of an honest secret ballot system; the peanut politicians and those others who still think an election is something to be controlled are fighting the measure and have succeeded in getting the Australian ballot bill reported to the house from committee with an amendment which would min an american its terms if desire exemption, and this will defeat the whole purpose of the secret ballot system, which is to have honest elections throughout the State. It is generally recognized that the county elections are controlled and it is planned to end this control and let the people choose their own county officers. Those who are fighting the measure, for the most part, fear the political consequences to themselves and their friends if honesty is anaugurated at the polls. There is the big fight—it is a battle between those who desire elections

a record-making struggle. Big Education Fight carrying the eight months term probably will be victorious.

Hearings Continued

Hearings continued before the joint finance committee during the week on more than two score of the provisions of the measure. Among those being heard were outdoor advertisers who are seeking to

Creating Record **Demand for Vicks**

Needed to Keep the Nation Supplied with Vapor-Salve

Flu Milder But Widespread

That the public has not forgotten the lesson of 1918 is indicated by its prompt response to the warning of health authorities to combat the flu by keeping free from colds.

The demand for Vicks VapoRub, the vaporizing salve which proved so valuable during the 1918 epidemic, has already shattered by a wide margin all previous records. Although the capacity of the

Vicks laboratories has been tripled since 1918, they are once more operating night shifts to meet the national emergency,

The present output of more than 432,000 jars a day almost staggers the imagination. It means that every 60 seconds, day and night, over 3600 jars of Vicks are going

We're Not Trying to "Kid" You About TIRES

We think we know a lot about tires. We're dumb if we don't-we've been at it long enough.

But if what we believe about Goodyear Tires is not so—we're simply kidding ourselves, not

If a tire goes bad on you-that's bad. But if the tires we sell go bad-we're ruined. Our money, our reputation, our credit, our standing in this community, our chances for future success—everything is gone if what we sell you isn't the best your money can buy.

There are a lot of good tires on the market today, some not so good and some that are just plain "no good."

But amoung them there is some one best and we think we have it. We think the Goodyear is The World's Greatest Tire.

More people ride on Goodyear Tires than on any other kind.

We're not trying to "kid" you-you should be using Goodyears.
