DEFERS ACTION TYPHOID CLINIC

Board of County Commisgioners Have Long Session on Monday

EAS EXECUTIVE SESSION

Meeting in regular session at Warmonton on Monday with all memhers present, the Board of county mmmissioners voted to defer acion on the Typhoid Clinic until the third Monday in June when they meet as an equalization board. Dr. W. D. Rodgers Jr., county health officer, Dr. G. H. Macon and or Peete were before the board in he interest of this work. They pointed out that if the clinic was to be successful that it would have to be large enough to cover the whole county and expressed the opinion that the Health nurse with the assistance of another nurse rould not be able to do this work in a manner to obtain the proper reults. These campaigns have been running for a number of years in Warren county and the members of the board pointed out that they highly favored such a measure ggain, but that the primary this rear would be a drain on the general fund and that they were doing all in their power to hold down the

county expenses. The board went into executive session to discuss ways of meeting this expense and announced at the conclusion of the session that they had deferred action until the third Monday in June in order that they might go more fully into the matter. Prior to the session the physicians had pointed out that in their opinion such a campaign was vital to the best interest of the health of the county, told the board that they appreciated the fact that they were doing all they could to hold down expenses, but thought that this work should come under the head of necessities. The cost of the clinic is estimated at approximately

\$2,000. Matters of routine occupied the attention of the board the greater part of the day and it was late afternoon before they adjourned. Minutes of the meeting showed that the commissioners ordered that four additional miles be included in River Township road mileage for the year 1931. This was done at the request of R. L. Salmon.

Minutes of the previous session concerning mileage for the Confederate veterans were rescinded and in lieu thereof the board ordered that each old soldier who attended the re-union in Mississippi this month be paid the sum of \$30 to aid in defraying their expenses. Charlie Riggan of Vaughan, Joe Shearin of Churchill and John W. Allen of Warrenton are the Warren County veterans who are now attending this session. They departed on Monday and are expected to return to Warren the early part of it is said. the coming week.

The auditor was authorized to My the list takers upon receipt of the meeting of the Board of Cawthorne. Equalization and Review to be held on the third Monday in June be Published. Dr. W. D. Rodgers was authorized to look after the admittance of W. J. Callahan to a

Negro Knocks Up Gun And Finger Is Shot From Hand

Officers are searching for J. P. Rose and George Rose, negroes, charged with shooting Waverly Harris, negro, at his home near Macon early Sunday night. Harris' hand was badly injured by the load from a shotgun in the hands or George Rose, necessitating the amputation of one finger.

The Rose brothers are said to have had trouble the previous week with Hambone Harris, a cousin of Waverly Harris, and went to the home of Ben Harris, father of Wav-1ly, under the impression that Hambone was there, and when Waverly came through the door mistook him for his cousin. As the shotgun was thrown into the negro's face, he knocked up the barrel, it is said, and the shot struck his hand, and knocked his hat from his head. An examination by officers following the shooting showed that parts of the felt hat was buried in the door.

Men, Armed With Tire Tools, Chase Family From Home

Armed with tire tools Jessie Stevenson and Bennie Clayton entered the James Slaughter home near Macon on Tuesday night and assaulted James Slaughter, his wife, Rose Slaughter, his daughter, Margaret, and son, Francis, driving them away from their home.

Constable R. O. Snipes was summoned only to find the men had gone before his arrival. Warrants have been issued and officers are searching for the men. Belief that the Slaughters had told officers of their stills operated nearby is said to have been the cause of the

Peoples Case Heard Here On Monday

Warrenton Golfers WATER SYSTEM

Engineers Library ans For Filtrastate System At Monday Meeting

DISCUSS AIRPORT HERE

Methods to improve Warrenton's water system, a discussion of a Government Airport and the election of town officers for the coming year occupied the attention of the town commissioners for more than two meeting here on Monday night.

Engineers Irving and Cunningham of the Permutit Company of New Your brought to the board a proposal to erect a filtration system that would remove the iron and other objectionable matter from the town water. The engineers estimated this cost between \$5,000 and \$6,000. Harold Skillman, manager of the water company, told the board that he believed that this amount could be handled with earnings from sale of water and that it would be unnecessary for the town to borrow money for this purpose.

Members of the board were favorably impressed with the plan but ordered the water committee to make a further investigation, calling in a consulting engineer if they deemed it best. If the plan met with their approval Mayor Gibbs authorized to call a special meeting of the board to give its official

Government representatives were at Warrenton several days ago investigating an emergency landing field to be located near the city as a part of the United States mail route from Washington to South America. They at that time pointed out that the emergency fields would session by Levering Tyson, execu- row: members are J. B. Massenburg and another session. H. A. Moseley. These gentlemen were instructed to see if they could find a suitable field and to assist the Government representatives in

locating the field near here. Chief M. M. Drake and Officer C. E. Lovell were re-elected for another term and all committees were re-appointed with the same membership with the exception of the street committee. E. E. Gillam requested that his name be removed from this committee. Frank Serls Sr. was appointed in his place.
