

## FALLS FROM 2ND STORY WINDOW

Salesman, Dreaming Room Is  
On Fire, Tries To Escape  
Through Window

## CLIMBS BACK INTO ROOM

Dreaming that his room was on  
fire and walking in his sleep, Har-  
vey Guiger, South Carolina sales-  
man, awoke to find himself hang-  
ing from a second story window at  
Hotel Warren on Monday night.

Unable to pull himself back  
through the window or to make his  
way down, Guiger attempted to  
crawl over the edge and drop on a  
fire escape. He missed the platform  
and dropped to the ground, break-  
ing several ribs as a result of the  
fall.

The lower doors of the hotel near  
where the salesman fell are said to  
have been locked, preventing him  
from entering. He re-entered the  
second story window through the  
fire escape.

Guiger's cries of distress caused  
another occupant of the hotel to  
call for the police. Night Officer  
Hunt responded to the summons  
and entered Guiger's room. After an  
examination Dr. F. P. Hunter was  
summoned and administered sur-  
gical attention to the salesman.

Guiger's injuries are considered  
serious, but not serious. He will  
probably be able to leave his room  
today. This is the second time dur-  
ing his life that Guiger has walked  
in his sleep, it is said.

## Warren Man Dies, Another In Hospital Result of Explosion

S. S. Wiggins of Norlina, Sea-  
board brakeman, lies at the point  
of death in a Petersburg hospital.  
E. Taylor of Littleton, fireman,  
was buried at Littleton Sunday.  
These men were injured last Fri-  
day when a Seaboard freight loco-  
motive exploded at Petersburg.  
Engineer Fred H. Drewry of Ral-  
ph was died within two hours after  
the engine exploded and ten cars  
of a north bound freight laden with  
watermelons piled up at Dinwiddie  
county crossing one mile south  
of Petersburg, Va.

Wiggins was seriously burned  
and scalded. Taylor suffered two  
broken legs, body burns and scalds.  
Drewry, Wiggins and Taylor were  
in the engine cab when the locomotive  
exploded and were hurled clear  
of the wreckage by the blast.

Sparks set fire to the derailed  
cars and flames enveloped several  
Petersburg firemen were forced  
to resort to dynamite to scatter  
the burning mass when it was found  
that water connections were avail-  
able.

Two other members of the train  
crew, S. S. Wheeler and Trainman  
P. Logan, both of Petersburg, in  
the caboose of the 50-car train, es-  
caped injury.

The blast shattered the engine  
tender and hurled wreckage  
hundreds of feet.

Logan said he heard two explo-  
sions before the ten derailed cars  
rolled along the track for several  
hundred yards.

Low pressure in the boiler was be-  
lieved by surviving members of the  
crew to be responsible for the blast,  
although an official investigation  
has planned to determine the exact  
cause of the explosion.

## ONE HUNDRED AND FIVE FISH COST FISHERMAN \$534.50

SALEM, N. H., July 16.—Here's  
the kind of a fish story a lot of  
fishermen would like to tell—but  
it's the same experience.

T. J. Chabot, Nashua fisherman,  
was arraigned in district court and  
fined a fine of \$534.50, for having  
caught 145 horn pout, this was 105  
more than the law in New Hamp-  
shire allows.

Judge Wallace Hall fined Chabot  
\$50 for each fish, a total of \$525,  
and with \$9.50 for court cost  
brought the total to \$534.50.  
Chabot goes to prove that fishing is  
an expensive sport.

## SEE A FISH STORY THAT IS A STORY

San Juan, P. R., July 17.—Some-  
body said something about a man  
killing a dog, and that's news, but  
never occurred to them that a  
man might attack a fish with his  
teeth.

Antonio Ramos is dead, the result  
of just that. A fisherman, he  
was following the native cus-  
tom of biting off the head of his  
catch. But the fish slipped down  
his throat, lodged there, and  
killed him to death.

## \$1680.71 Net Cost Of Two Primaries Held In Warren

The net cost of holding the two  
primaries in Warren this year, ex-  
clusive of the items of voting  
booths, was \$1680.71, according to  
F. Moseley, chairman of the Warren  
county board of elections.

Mr. Moseley said that the costs  
of the booths were not included  
in the regular election expense, be-  
cause this amount would have to be  
spread over several years as the  
booths were good for other elections.

The gross election expenses  
amounted to \$1825.71, which in-  
cluded expenses of election officials,  
printing and all other items. Filing  
fees from candidates amounted to  
\$145. This amount deducted from  
the gross costs gave a net cost to  
the county of \$1680.71. The costs of  
the voting booths was \$262.50.

## Citizens Aroused When Wires Are Short-Circuited

Two strange men, one said to  
have been blacked-up, driving a  
new Ford car without a license,  
aroused suspicions of Macon citi-  
zens as they parked around the  
streets on Wednesday morning.

A call for officers revealed that  
the wires were out of order from  
Macon to Warrenton and from  
Macon to Littleton. Investigation  
by Manager Stanley of the Caro-  
lina Telephone and Telegraph Co.  
of Warrenton, showed that the  
wires had been short-circuited on  
each side of town by means of  
clothes wire being wrapped across  
each wire.

Whether the strangers were re-  
sponsible for the short-circuit and  
whether some business house of  
Macon was to be robbed could not  
be determined. Constable R. O.  
Snipes arrived on the scene im-  
mediately after being notified, but  
the men had left town. Suspicion  
of robbery has led officers to keep  
a close watch on the town since  
the discovery of the short-circuit.

## Big Warehouse At Drewry Destroyed By Fire On Sunday

A large storage warehouse of  
Walston Brothers, merchants, at  
Drewry, was completely destroyed  
by fire just before day Sunday  
morning, and the origin of the  
blaze is believed to have been in-  
cendiary, according to one of the  
brothers. He said he believed he  
knew who applied the torch, but  
that he had no way of proving it.

In the warehouse was stored a  
car and a half of hay, 75 bushels of  
Irish potatoes and numerous other  
supplies for the store. Only the di-  
rection of the wind saved the entire  
holdings of the Walston, includ-  
ing their large store and several  
residences. Chemical tanks were ap-  
plied to other buildings, and were  
effective in preventing the blaze  
from spreading. There is no fire-  
fighting equipment at Drewry, and  
other than the means employed,  
citizens were helpless in combat-  
ing the flames.

The house was in a light blaze  
when the fire was first discovered,  
and there was no chance at that  
time to save the structure nor any  
of its contents. The property loss  
was only partially covered by in-  
surance.

## 25 Farmers Attend Mass Meeting Here

A mass meeting of cotton farmers  
called for last Saturday afternoon  
resulted in approximately 25 growers  
meeting with O. E. B. Leake of  
State College in the office of the  
Register of Deeds where boll weevil  
control methods were discussed.

Plains, North Carolina.

## SMALL FIRE AT MILL

A spark from an electric switch  
ignited cotton in the pickers room  
at the Peck Manufacturing Com-  
pany last Thursday. The fire was  
soon extinguished by employees of  
the mill but not before five or six  
hundred dollars loss in cotton was  
suffered, mostly due to water used  
in fighting the fire. No damage was  
done to the building.

nounced yesterday.

the rifle trophy for the past sev-  
eral years, it is said. The cup this  
year was given by Captain Bur-  
roughs.

## Experiment Stations Plan Farm Picnics

Five field day exercises and farm  
picnics are planned for the branch  
station farms of the North Caro-  
lina Experiment Station during Au-  
gust and early September by super-  
intendent of the farms cooperat-  
ing with Fred E. Miller, director in  
charge of branch stations, and the  
agricultural specialists of Sate Col-  
lege.

As announced by Mr. Miller, the  
field day exercises are as follows:  
Tobacco Branch Station, Oxford,  
August 7; Blackland Branch Sta-  
tion, Wenona, August 14; Mountain  
Branch Station, Swannanoa, Au-  
gust 21; Upper Coastal Plain Sta-  
tion, Rocky Mount, September 4,  
and the Coastal Plain Branch Sta-  
tion, Willard, September 11.

No picnic will be held at the Pied-  
mont Branch Station at Statesville  
this year in respect to the memory  
of the late Frank T. Meacham who  
died last May. Mr. Meacham was  
superintendent of this station from  
the time it was established until  
his death this spring. He was also  
responsible for the beginning of the  
plan to have an annual picnic at  
the farms during the summer. At  
one time, Mr. Meacham had 7,000  
of his neighboring farmers and farm  
women at his picnic.

Mr. Miller says the North Caro-  
lina Jersey Breeders' Association  
will hold its annual meeting at  
the Swannanoa Station on August 22.  
The Jersey breeders will attend the  
picnic on August 21 and hold their  
annual business meeting the fol-  
lowing day.

Some excellent speakers have been  
secured for the farm picnics. In  
addition there will be exhibits fea-  
turing the research work done at  
each farm. Personally conducted  
parties to study the field plots will  
be a part of the afternoon's pro-  
gram at the picnics. A special pro-  
gram for the women will also be  
held at each picnic, promises Mr.  
Miller.

## RETURNS TO NEW YORK

Walter Parker, secretary-treasur-  
er of Duke Power Co. and member  
of the board of directors of the  
Duke Foundation, has returned to  
New York after spending several  
days at Warrenton as the guest of  
Mr. and Mrs. Edmund White.

## SMOKERS CAUSE HEAVY LOSS

Greatest Determined Cause  
Of Forest Fires In War-  
ren, Records Show

## BRUSH BURNING SECOND

A lighted match, thrown careles-  
sly into a brush pile, a cigaret stub  
tossed aside to be fanned by the  
breeze into a roaring fire that car-  
ries destruction in its path and  
turns the beauties of nature into  
an ugly, blackened ruin, was the  
greatest determined cause of for-  
est fires in Warren county the  
past ten months, according to re-  
cords kept by E. Hunter Pinnell,  
Forest Warden for Warren. Eight  
of the fires that burned over tim-  
ber in Warren county were charged  
to smokers.

Brush burning held second place  
with a total of seven fires to its  
credit. Incendiarism came third  
with five. Hunters set two; the rail-  
road was responsible for two, and  
lumbering operations were respon-  
sible for three. Moonshiners were  
used fire in destroying a still, neg-  
lecting to extinguish the flames. As  
a result 25 acres of land were burn-  
ed over before the forest fire fight-  
ers had the flames under control.

Fifty-five forest fires were fought  
by forest wardens this year, but  
they were not extinguished until  
more than 1700 acres of land had  
been burnt over. The number of  
men engaged in fighting these fires  
varied from one man in some in-  
stances to 35 in another. The costs  
ranged from 60 cents to \$45. The  
total cost of the fires was \$261.04.  
The loss in timber runs into thou-  
sands of dollars.

The past spring was unusually  
dry, Warden Pinnell pointed out  
yesterday. For this reason the num-  
ber of acres burnt over was larger  
than would be the cause in normal  
years. Yet the wardens in many  
cases held the fires to a small num-  
ber of acres; in two instances to  
one-half an acre. Without this  
prompt response to alarms un-  
questionably the loss would have  
run into many more thousands of  
dollars, Mr. Pinnell said.

"We feel that we have a good  
organization over the county," Mr.  
Pinnell said. "The men have re-  
sponded readily to the call to fight  
fires and will continue to do so.  
But after all, the greatest ally we  
can have is public co-operation.  
There is little excuse for smokers  
setting woods afire. A brief pause  
to make sure that a cigaret stub  
is out may save thousands of dol-  
lars worth of property. To set  
brush afire and then let it spread  
to another man's property is un-  
excusable negligence. When the peo-  
ple awake to the terrible toll that  
carelessness and disregard for the  
rights of others are taking in War-  
ren, I feel that much of our annual  
loss from fire will be ended."

The sign of the fire wardens are  
to be found all over Warren county,  
and citizens are urged to notify  
them promptly of any forest fire.

## Carpenters At Work On Local Store

Carpenters are busy at work on  
The Warrenton Department Store  
building preparing for the moving  
of the men's stock of goods over  
into the department now occupied  
by the ladies' department. The store  
will continue to operate its depart-  
ments, but the men and ladies de-  
partments will be in the same store.  
This step is being taken in order  
to cut costs of rent, it is said. W.  
H. Alston, manager, said they would  
be in the new quarters by Septem-  
ber 1.

Rumors that a large chain gro-  
cery store would occupy the build-  
ing vacated by the Warrenton De-  
partment Store could not be con-  
firmed.

## IN HOSPITAL

NORLINA, July 17.—Dr. Wallace  
F. Mustian left Tuesday for Mem-  
phis, Tenn., where at the United  
States Veterans Hospital he will  
have a piece of shrapnel removed  
from a wound he suffered in the  
World War. It is understood that he  
will be gone about three weeks from  
his office.

Mrs. Mustian accompanied Dr.  
Mustian to the Tennessee city and  
will remain until after the opera-  
tion. The children will remain at  
Norlina with Mrs. Mustian's sister,  
Mrs. Lillian Brinkley, of Raleigh.

## Men Face Recorder On Pistol Stealing Charge

Theft of a pistol from Hayes Gar-  
gae at Norlina early Sunday morn-  
ing led to the capture of John  
O'Bryant, Clem Thomas and D. J.  
Hackney, white men of Chatham  
county, at Petersburg, Va., a pre-  
liminary hearing before Magistrate  
J. C. Hardy on Sunday afternoon,  
and their trial in Recorder's court  
at Warrenton on Monday.

Evidence revealed at the trial  
was that while L. L. Hayes was put-  
ting oil into their car about 6 o'clock  
Sunday morning, the men entered  
the office, buying drinks, waiting on  
themselves cafeteria style. Shortly  
after they had resumed their jour-  
ney, Mr. Hayes missed a valuable  
pistol from his desk draw. He noti-  
fied Chief Carter who telephoned  
Petersburg, Va., police, giving a de-  
scription of the men. Their arrest  
followed and a search of the car  
revealed the stolen pistol.

All three were sentenced to the  
roads for 60 days on Monday, and  
appealed. Unable to give bond they  
were placed in the Warren jail.  
Later in the week Hackney and  
Thomas arranged bond. O'Bryant,  
rather than wait in jail, began to  
serve his road sentence on the roads  
of Durham county.

Hannibal Russell, Kelly Russell,  
Calvin Russell, negroes, were found  
not guilty when they faced the Re-  
corder on a charge of larceny.

Judge Rodwell ruled that a case  
involving failure to pay dog tax  
came within the jurisdiction of a  
Magistrate and the case against  
Willie T. Alston, negro, was sent  
back to the Magistrate who sent  
the case to the county court.

The court found that John S.  
Slaughter, white man, was not  
guilty of giving a worthless check  
as charged. Evidence was that  
Slaughter had told the man to  
whom he gave the check that there  
was no money in the bank to cover  
it, and was given merely as an evi-  
dence of indebtedness.

## Henry Turner Coley Dies In California

News has been received here of  
the death at Brawley, Calif., of  
Henry Turner Coley, whose wife  
was formerly Miss Mary Wiggins,  
daughter of John Wiggins of the  
Afton-Elberon neighborhood. Mr.  
Coley, who was originally from  
Canada, was conductor on the Sea-  
board Airline 55 years ago. He was  
the son of Eleanor Stuart Coley  
and lived at Raleigh for a number  
of years. From there he went to  
Chapel Hill and then went to Cal-  
ifornia where he lived for forty-five  
years.

He is survived by his wife, two  
sons, H. D. and H. B. Coley, and  
two daughters, Mrs. H. S. Miles  
and Miss Kate W. Coley, all of Cal-  
ifornia.

## One Negro Killed, Another Wounded

LOUISBURG, July 16.—Thomas  
Kelly, colored, was shot and killed  
and Ed. Egerton, colored, was  
wounded in the breast by Jesse  
James King, colored, with a shot-  
gun, about two miles east of Cen-  
terville, Sunday night about 10 o'clock.  
Sheriff F. W. Justice and Con-  
stable A. S. Wiggs were called to  
the scene but could get no trace of  
King. Kelly received a full load in  
the abdomen and death soon fol-  
lowed; Egerton's wound is not con-  
sidered serious. The trouble was not  
learned but is supposed to have been  
a combination of whiskey and women.

## HONORS MR. PARKER

Complimentary to Mr. Walter  
Parker of New York, Mr. and Mrs.

lovely flowers of all kinds. Mrs. T. L.  
Williamson of Durham won ladies  
top score prize and Mr. Hugh Holt  
gentlemen's high prize. The fol-  
lowing guests enjoyed a delightful  
ice course: Mr. Walter Parker, Mr.

rington and Messrs. J. J. Tarwater,

ing several days in Kentucky with  
Dr. Peete's brother, Mr. W. W.

## BOARD APPROVES INSOLVENT LIST

Congratulates Sheriff Oscar  
D. Williams On Amount  
Of Taxes Collected

## TAX RATE IS DISCUSSED

The board of county commission-  
ers and Auditor P. M. Stallings  
checked the insolvent list with  
Sheriff O. D. Williams in a called  
meeting of the board at Warrenton  
on Monday. The board accepted the  
list and congratulated Sheriff Wil-  
liams on his collections.

Sheriff Williams has collected ap-  
proximately 96 per cent of the taxes  
for Warren. In view of present con-  
ditions, it is believed that his col-  
lections this year will put War-  
ren to the forefront among North  
Carolina counties in per cent of  
taxes collected.

The board discussed with Auditor  
Stallings tentative figures relative  
to fixing the tax rate for the coun-  
ty. Due to the fact the road main-  
tenance rates will have to be ap-  
proved by the various road boards,  
figures could not be definitely de-  
termined. This matter will probably  
be settled at the next meeting of  
the board.

E. D. Davis was given a contract  
to build a small house at the coun-  
ty home for the sum of \$475. W.  
T. Powell, superintendent of the  
county home, was given a \$60 con-  
tract to whitewash the buildings  
at the home.

The board ordered that land sales  
be turned over to county attorney,  
Julius Banzet, for collection.

## Pellagra Spread Alarms Doctors

RALEIGH, July 17.—Dr. A. B.  
McCreary, State epidemiologist,  
this week expressed alarm at the  
rapid increase of pellagra in the  
State, especially in the eastern  
half. Already the pellagra death  
toll for the year is over 500. In  
June 748 new cases of the disease  
were reported, making a total of  
1,442 for the first six months of the  
year. Last week 222 new cases  
were reported from 47 counties.

"According to reports from the  
various counties of the State, and  
especially from the eastern part,  
the increasing number of pellagra  
cases is reaching proportions which  
cannot be viewed without alarm,"  
wrote Dr. McCreary in his weekly  
message to health officers.

"The financial depression is un-  
doubtedly responsible to a great  
extent for this increase. Yet the  
money spent for corn meal, fat  
meat and molasses, which is the  
chief article of diet in most cases,  
could probably be used more judi-  
ciously in purchasing vitamin con-  
taining foods. There would be less  
bulk, but more food."

"The Richmond county chain  
gang, 100 strong, lists on its menu  
corn bread, fat back and molasses,  
and with this some vitamin con-  
taining substances such as beans,  
cabbage and turnip greens. Three  
times per week they get fish and  
occasionally, very occasionally,  
through the year, they get beef  
roast and chicken. On this plain,  
but wholesome food, no cases of  
pellagra have developed among  
Richmond county prisoners during  
the last five years, and those com-  
mitted there already suffering  
from the disease show steady im-  
provement and are cured if their  
sentence is long enough."

"This tends to show that fat  
back, corn bread and molasses are  
all right to supply bulk to the  
meal as long as the necessary vit-  
amines are supplied in sufficient  
quantity. Judicious spending on  
the part of the sufferers will tend  
to lower the present upward trend of  
pellagra."

## VISITORS AT RICHMOND
