

## VOTERS EXPRESS WILL SATURDAY

### Decorate to Vote For Two County And Three State Officials Tomorrow

## EXPECT EARLY COUNT

Democratic voters of Warren county will go to the polls tomorrow to nominate a member of the House of Representatives, a Register of Deeds, a United States Senator for the long and short term and a Governor. First primary failed to determine these nominees and deciding ballots will be cast tomorrow.

A. Dowtin and T. O. Rodwell are candidates for the House of Representatives. Tom B. Gardner and Joseph C. Powell are opposing each other for Register of Deeds. Robert R. Reynolds and Senator Cameron Morrison are waging a fight for the nomination for United States Senator. R. T. Mountain and J. C. B. Ehringhaus are candidates for Governor. A. L. Mather and Clarence B. Mitchell are candidates for Commissioner of Labor.

While the vote is not expected to be as heavy as during the first primary, much work has been done since the first contest and it is expected that this is going to result in many voters going to the polls. During the first primary, due to the length of the ballots and the heavy vote cast, poll holders in many precincts had an all night wait for the returns. These officials will have a comparatively light task tomorrow night and it is expected that results will be known by 10 or 11 o'clock when it is expected that the count in the majority of precincts will have been reported to Warrenton.

## Boys On Boat Trip Down Fishing Creek

Mr. Tom Holt and Mr. Robert Merrill, intrepid boatmen of Warrenton, set sail Thursday from Holt's Mill down the dangerous rapids of Fishing Creek on a journey of exploration. A large crowd of mosquitoes cheered the heroes as they set out on their daring expedition into regions where, hitherto, the hand of man has never set foot. Their last words to civilization were, "Come for us Sunday, and don't forget to bring a razor." They are expected to reach Tarboro by Sunday if the weather conditions are favorable.

## Body of Negro Woman Discovered In Falkener Yard

The body of a dead negro woman was found lying in the driveway into the backyard of the home of H. L. Falkener of Warrenton early Sunday night. Investigation revealed that the woman was Annie Alston and that she had been left there to "sober up" by William and Horace Palmer, Joe King Williams and Charles F. Williams, known as Lindbergh Williams.

Excessive use of alcohol was given as the cause of death by Dr. H. H. Foster of Norlina who examined the body. There was no evidence of foul play, it was stated. Finding the woman dead in the driveway was reported Sunday night by Lindbergh Williams who said that he happened to be passing by with David Alston and saw the listless form.

According to evidence gained by a coroner's jury, the woman was down town Saturday night drunk, and was being accompanied to the home of her kin by the two Palmer brothers, Joe King Williams and Lindbergh Williams. She "passed out" near the jail corner, the testimony went, and was carried by the four negro men to the driveway where she was left to "sober up."

The woman was left Saturday night where she could have readily been seen from the street in the day time, the negroes testified, and suspicion arose in the minds of those in authority why she was not discovered Sunday.

Inspection of the driveway convinced members of the jury that the woman's body had been hidden behind some posts and rocks all day Sunday and that her remains had been dragged out for the purpose of discovery early Sunday night.

## No Recorder's Court On Next Monday

A case against Charlie Ellis, charging non-support, was not pressed, and the following cases were continued until July 11: S. P. ## Government Agent Makes Explanation

"Due to the fact that the notice in last week's paper stating that I would be in the courthouse every Saturday morning after 10 o'clock has been confusing to some people inasmuch as they construed the wording to mean that I would be in Warrenton only once a week, I wish that you would clear this up with the following announcement," J. C. Howard, government agent in charge of loans in Warren county, requested yesterday.

## Notnerraw Club To Present Play 14-15

The story centers around Steve Crandall, most bashful boy in Clinton college. Promising to take his roommate's brother, Dave, disguised as a Spanish Senorita, to the annual prom, the play reaches its most hilarious point when Steve finds he is making violent love to a girl instead of Dave. Attractive chorus girls and boys in attractive costumes are features of the play as is a ballet of beautiful dancing girls executed by the most prominent men in town. The young girls sponsoring this play are promising two evenings of genuine amusement.

## Mayor Urges Citizens To Sign Abstracts

Tax abstracts of the Town of Warrenton are on file in the office of the Warrenton Water Company awaiting the signatures of such taxpayers as have failed to list their property as required by law, Mayor Frank H. Gibbs said yesterday.

Mayor Gibbs stated that the law required that the names of citizens failing to list their taxes be turned over to the commissioners to take such action as they might deem necessary. In order to save this embarrassment he has filled out abstracts and placed them at the Water Company office where they may be signed before July 15 when the names of delinquents will be reported.

## Lightning Strikes Church Steeple And Home On Tuesday

Lightning that came in jagged streaks and split the sphere made contact with Emmanuel Episcopal church and at the home of Walter White during the severe electrical storm that raged in this vicinity late Tuesday afternoon.

The bolt that struck the church wrecked the spire, but no other damage was done there. A radio, electric clock and meter were ruined at the home of Mr. White.

The church is insured and repair work will be started at once, it was stated yesterday. Examination Wednesday revealed that the electrical equipment that lights the cross was uninjured, and that no damage came to the church from the storm except wrecking the spire.

Although Dr. White's home was occupied, no shocks were received by members of the household when lightning struck there. Dr. White said that his radio was disconnected during the storm, and that the bolt evidently made contact with the wires leading to his electric clock and jumped from there to his radio.

No other damage has been reported from the storm, however many here were frightened by the frequent electrical flashes and the loud thunder which accompanied the rain and sent the mercury down from probably the highest peak that it had reached this summer.

## Government Agent Makes Explanation

## ROOSEVELT MAY BECOME NOMINEE

### Indications Late Yesterday Were That New York Governor Would Win

## ADOPT A WET PLATFORM

Indications late yesterday afternoon were that the Democratic Convention meeting in Chicago would today nominate Franklin D. Roosevelt, Governor of New York, as the Democratic candidate for President of the United States.

The platform, characterized in a News and Observer headline as warring wet, was adopted shortly after noon on Thursday.

Upon roll call of states, Alabama yielded to New York and John E. Mack placed the name of Governor Roosevelt in nomination. The nomination was followed by a great demonstration that lasted for nearly an hour as the delegates paraded and shouted in honor of the nomination.

The roll call was continued and the names of John Garner and Alfred E. Smith were placed in nomination, both candidates also receiving a great ovation. Nomination speeches for Reed of Missouri, White of Ohio, Byrd of Virginia, Ritchie of Maryland and possibly other favorite sons were expected to take up the last night session of the convention with balloting to follow today.

The most outstanding plank in the Democratic platform was added when the party pledged itself for repeal of the 18th Amendment and earliest possible amendment of the Volstead Act to permit legal manufacture of beer and wine within the limits of the Constitution.

The plank on prohibition, as approved by the platform committee, says: "We favor the repeal of the 18th Amendment.

"To effect such repeal, we demand that the Congress immediately propose a Constitutional amendment to truly representative conventions in the states called to act solely on that proposal.

"We urge the enactment of such measures by the several states as will actually promote temperance, effectively prevent the return of the saloon and bring the liquor traffic into the open under complete supervision and control by the states.

"We demand that the Federal government effectively exercise its power to enable the states to effectively protect themselves against importation of intoxicating liquors in violation of their laws.

"Pending repeal, we favor immediate modification of the Volstead Act to legalize the manufacture and sale of beer and other beverages of such alcoholic content as is permissible under the Constitution and to provide therefrom a proper and needed revenue."

## Hunter Declares Bright Received Nothing For Work

The circulating report that Bob Bright, agricultural teacher in the John Graham high school, has been making a profit from handling fertilizer this season is branded as false in the following letter received yesterday afternoon from J. F. Hunter of Arcola, president of the Warren Mutual Exchange, Inc.:

"Editor, The Warren Record, Sir:—In Justice to Mr. Bright and to correct erroneous reports as to his profits from handling fertilizer this season, I wish to make the following statement which I believe to be correct of the business handled:

"This fertilizer was handled by the Warren Mutual Exchange, Inc., a non-profit corporation formed to buy and sell farm supplies and farm products. Mr. Bright gave a good deal of his time and brains to make it go, without one penny of remuneration other than his regular salary, as a part of his job of helping the farmers.

"Amount collected by the Exchange for fertilizer was \$13,339.57. Amount paid out was: Fertilizer, \$12,852.97; handling and clerical work, \$116.00; hauling, \$247.69; rebates, \$122.91, which totaled \$13,339.57.

"J. F. HUNTER,  
"Pres. Warren Mutual Exchange, Inc."
