

TWO DISTRICTS FACING DEFAULT

Board of Education Finds Littleton and Macon Unable to Pay on 15th

OTHER DISTRICTS READY

Littleton and Macon special school districts are expected to default on payment of debt service when notes fall due on December 15. Other school districts are expected to pay.

This information was brought to light at the regular meeting of the Board of Education held at Warrenton on Monday when a canvass of the matter of payments of the State Loan Fund was made by the members.

The board resolved to pay what each district owes the state only as much as district's taxes have been collected in sufficient amounts to make such payments. This course, it was stated, is rendered absolutely necessary by the absence of any accumulated balances which can be applied to districts whose taxes are greatly in arrears.

The board ordered that A. D. Ayscue be paid \$10 toward damages caused to his car while assisting the school truck driver to start the truck. The board ordered that the school truck in Sixpound no longer go to the Stevenson place. Other matters before the board were of a routine nature and adjournment came early in the afternoon.

Christmas Health Seals are being mailed out this week to citizens of Warren as the annual sale of the "Seals of Protection" are offered here in the great national battle against the Great White Plague, tuberculosis.

Mrs. Rodgers, local chairman asks that every one sending Christmas packages and letters stamp them with these health seals. She asks that Warren citizens "Remember, please, the Tuberculosis Christmas Seal is more than philanthropy; it is necessity, especially in these days of economic stress due to unemployment, days when the hazards of sickness are greater. Let us take up this work gladly, remembering 'inasmuch as ye have done it unto one of the least of these—ye have done it unto me.'"

The local chairman points out that 75 cents out of every dollar derived from the sale of these seals is to be used in Warren county to furnish food and milk to the undernourished.

The local committee in charge of the sale of these seals is composed of Mrs. W. D. Rodgers, chairman; Miss Mariam Boyd, vice chairman; Mrs. John H. Kerr Jr., Miss Lucy Boyd and Miss Edith Burwell.

OVER 300 MEN ARE GIVEN JOBS

Unemployed Finding Work On Public Projects Over Entire County

NUMBER IS INCREASING

More than 300 men are at work in Warren county as a result of the efforts of the unemployment relief organization for the county, working under the general direction of Jesse Gardner, to provide jobs for Warren citizens, it was learned yesterday at the office of Mr. Gardner.

These men have been given jobs on public works and their employment was made possible by the sending of funds obtained by the State from the Reconstruction Finance Corporation to the county as an aid in caring for the poor and needy.

No money is paid for this work, Mr. Gardner said. Instead the workers are given an order for food or clothing at the rate of 7 cents an hour for laborers and 10 cents an hour for skilled laborers. Mr. Gardner said that the number of men given work was increasing daily and would by Monday be going on in every township in the county. Road work is expected to take care of much of this demand for labor.

Much of the labor is being employed on the schools. Superintendent J. Edward Allen said yesterday that 25 wells were being dug on school grounds and that an equal number of school buildings were being painted. Shade trees are being set out at Wise. The athletic field is being graded at the John Graham High School. Norlina is having its football field graded. Drewry school is grading and having shrubbery removed to the new school grounds. A basement is being excavated at the John R. Hawkins negro school here and all the colored schools are setting out native shrubbery and beautifying their grounds.

CITIZENS WANT CURBING PLACED

Delegation Appears Before Town Commissioners Requesting Action

A request that concrete curbing be placed along Wilcox Avenue was presented to the board of town commissioners at their regular meeting on Monday night by a delegation of property owners living along this street.

The delegation, headed by Julius Banzet Jr., J. Willie White and George Harrison, stated that if this work could be done now that the necessary labor could be provided by the Reconstruction Finance Corporation without expense to the town other than the cost of the material used.

The board instructed the street committee to ascertain the cost of necessary materials and report its findings to the finance committee. In the event that the latter committee finds that the cost will not be excessive, the board promised to have the work authorized Wilcox Avenue was placed on the preferred list for this kind of work in a survey made several years ago, it was stated.

Others matters before the board were of a routine nature. Due to the fact that the members desired to attend a meeting of the local chapter of the Institute of Government held at the Courthouse, other business was deferred until next Monday night when the commissioners will meet again.

Would Amend Home Loan Bank Law

WASHINGTON, Dec. 6. — An amendment to the Home Loan Bank law to make mandatory loans to individual home owners up to 80 per cent of the appraised value of their property was introduced today by Representative Cochran (D., Mo.)

In a statement Cochran said: "It was always questionable in my mind as to whether this law should have been enacted, but it was held out to us as a measure that would save the homes for the individuals. We find, however, that it is of no value to the individual as it is now worded and being administered, because no loans have been made to the individual, and if a loan is made in the future it will not be for more than 30 or 40 per cent of the present appraised value."

WARREN UNIT HOLDS MEETING

John L. Skinner, Commissioner, Elected Head Of County Organization

The Warren county unit of the Institute of Government, formed to promote public interest in governmental affairs and to aid officeholders to better understand their duties, began to function here on Monday night when more than a hundred citizens gathered in the court house, heard over radio outstanding speakers who were taking part in the program at Raleigh, and then witnessed the ceremony that is given Warren county officials before they are inducted into office.

Before tuning in on the state-wide program which was held with impressive ceremonies in the Wake county courthouse, William T. Polk, who was serving as temporary chairman of the Warren county unit of the Institute, told briefly the purpose of the meeting, pointed out a few objectives of the organization and asked for nominations for officers.

John L. Skinner, member of the board of county commissioners, was nominated and elected to head the local unit of the organization. He will be assisted by a board of advisers which he will appoint.

Following the election of Mr. Skinner citizens here heard over a state-wide radio hook-up praise of the Institute and the progress it has made under the director, Professor Albert Coates. Through the Institute's sponsorship of a better understanding between the public and its elected officials, it was predicted, there will come a new era in governmental affairs of North Carolina, bringing a cooperative spirit between officials and the people they serve.

While officials of Wake county were being installed the radio here was cut off and office holders came before Clerk of Court John D. Newell and Fred Moseley, chairman of the board of elections, and stood as their oaths were read.

Short talks were made at the meeting by Mr. Skinner and Supt. of Schools J. Edward Allen.

The radios were brought to the courthouse through the courtesy of James Polk.

ALL APPOINTEES ARE REELECTED

Banzet Named County Attorney; Stallings, Auditor; Daniel, Solicitor

J. C. POWELL CHAIRMAN

The county attorney, auditor and solicitor of Recorder's court were re-appointed for the next two years and John Clay Powell was re-elected chairman of the board of county commissioners at Warrenton on Monday afternoon when members of the board elected in the November election began to serve their new terms of office.

H. L. Wall of Roanoke was the only new commissioner to take office. He succeeded John H. Fleming of Norlina whose term expired with the morning session, an unusually quiet one in which the only business recorded on the minutes was to pay Lewis Young \$4 for the burial of Nettie Lynch and to authorize Commissioner Burroughs to employ the lowest bidder to replace the roof on the jail.

At the close of the morning session Commissioner Fleming spoke of the pleasure he had derived out of serving with the other members of the board and of his regret that the association had to be terminated. He said that he had the highest personal regard for each member of the board and that while often he had failed to vote with the majority on matters before the board, he had always voted what he thought was for the best interest of the county and for the individual as well.

"As to my successor," Mr. Fleming continued, "I don't know a man that I had rather take my place than Mr. Wall. I have nothing but the most kindly feeling for him and for those who did not see fit to vote for me. As to those who did vote for me, I wish to say that you couldn't have voted for one who would have appreciated it more than I do. Gentlemen, you have my best wishes, as well as my sympathy."

Thanking Mr. Fleming for his expression, each member of the board assured him that the association had been mutually enjoyable and expressed regret that it had to terminate.

The new board was called to order at 2 o'clock by Joseph C. Powell, Register of Deeds. Present were John C. Powell of Inez, John L. Skinner of Littleton, R. L. Capps of Arcola, W. H. Burroughs of Warrenton and H. L. Wall of Roanoke. The clerk called for nomination of chairman. Upon motion of Commissioner Capps, seconded by Commissioner Skinner, John C. Powell was unanimously elected chairman for the two ensuing years.

J. E. Banzet was elected county attorney; P. M. Stallings, county auditor; Cromwell Daniel, solicitor of the Recorder's Court. All these appointments were by unanimous vote of the commissioners.

G. B. Hull of Warrenton was appointed by unanimous vote as repairman of plumbing in all county buildings. Janitorial work formerly performed by Tom Branch will also be under the direction of Mr. Hull.

The board ordered that the Sheriff's county bond be named in the sum of \$20,000; process bond, \$5,000; state tax bond, \$5,000. The board voted that the county pay the premium on Miss Gayle Tarwater's bond. Commissioner W. H. Burroughs was re-appointed purchasing agent.

E. D. Davis was paid \$25 for the capture of a still. Richard Shearin was placed on the outside pauper list.

John H. Kerr Jr. appeared before the board relative to reopening complaint of F. T. Reid for damages sustained in the form of medical treatment on account of mad dog bite. The board voted not to reopen the case.

The Citizens Bank having been designated as county depository, the sheriff was directed to make daily deposits of tax collections in such depository. This order was placed in the form of a resolution.
