TWO NEW MEN OUT FOR JOBS

E. G. Allen Out For Commissioner; Montgomery For Register of Deeds

AYCOCK IS IN THE RACE

E. G. (Zap) Allen of Warrenton announced this week that he would be a candidate for a member of the Board of County Commissioners. T. H. Aycock, last week definitely over the idea, this week definitely said that he would be a candidate for House of Representatives, and Henry Montgomery of Warrenton tossed his hat into the ring, seeking the job now held by Register of Deeds Joseph C. Powell and sought after by about half a dozen citizens of the county.

Messrs. Allen, Aycock and Montgomery are the only three candidates to make definite announcements of their intentions to this newspaper, though rumors are rife that several other citizens are seriously considering entering the race for divers positions to be filled by the electorate this year.

In making his announcement as a candidate for county commissioner, Mr. Allen asked that this newspaper state that he was not a candidate at the "earnest solicitation of his friends," but because he wanted to become a member of the board of commissioners.

To date seven men are in the race for a place on the board of county commissioners which consists of five members. They are the five members of the present board, John C. Powell, John L. Skinner, H. L. Wall, R. L. Capps and W. H. Burroughs, and two new candidates, John H. Fleming of Norlina and E. G. Allen of Warrenton. True the present members of the board have not said they were candidates for re-election, but they "ain't said they ain't," and it is a pretty safe prediction that all five will run, and much more than a 10 to 1 bet that

Negro Seeks To Become Prisoner

Supt. Haywood Aycock heard a racket outside the prison walls the other morning. When he went to investigate he found a negro standing outside the gate.

"What do you want?" the superintendent inquired.

"I want to come in and serve a sentence," the negro declared.

"Who are you to serve a sentence in this prison," Mr. Aycock questioned.

"I am the man that Mr. Pridgen tried," came the reply.

"Have you any credentials?" the superintendent wanted to know.

"No, Sir, I haven't anything." Somewhat perplexed, Supt. Aycock invited the negro in and then called up Magistrate Macy Pridgen to find out what it was all about. He learned from the Warrenton magistrate that a negro by the name of

Senate Overrides Veto And Passes Appropriation Bill

Washington, March 29.—By a three-vote margin, the senate last night enacted over President Roosevelt's veto the independent offices appropriation bill with veterans and federal pay provisions higher than the administration had wanted.

The vote of 63 to 27 ended seven hours of uproarious debate and completed the rout of administration forces started yesterday by the house when it voted 310 to 72 against the President. A two-thirds majority was required to pass the measure over the veto.

Cheers and loud applause swept the packed galleries as Vice President Garner announced the result.

WHAT NEW BILL MEANS TO VETERANS AND EMPLOYES

Washington, March 29.—Here's what the new independent offices law means to veterans and Federal employees compared with the previous law and regulations:

Twenty-nine thousand World War veterans are restored to the rolls permanently at 75 per cent of what they were getting prior to the economy act of 1933. The compensation will depend on the degree of disability presumed to have had service origin. Review boards acting under regulations issued after the economy law had stricken these men from the lists because of lack of proof that their injuries or disease were the result of war duty.

Permanently disabled World War veterans will get \$100 a month instead of \$90 as at present.

An unestimated number of Spanish American War veterans are restored to the rolls at 75 per cent of their old pensions. Review boards also had eliminated this group because they could not prove service origin for their disabilities. Widows and dependents also are restored at 75 per cent.

Federal employes who are now working at 15 per cent less than they were getting prior to the economy act will get back one-third of this cut as of February 1 this year and another third July 1.

2850 Children Are Examined In Clinic

As a result of the recent dental examination, conducted among the school children of Warren county by members of the North Carolina Dental Society 2850 children were examined, a local dentist reported yesterday.

It was found that 2588 children needed dental attention in the form of 1903 extractions, 6719 fillings and 2041 that should have their teeth cleaned. There were 1892 children whom had never whom had never been to a dental office. One sixth of the children had diseased gums which were classed as pyrohoia. One child out of thirty needed his teeth straightened as a health measure.

Out of 2850 children examined there were 1172 that had repeated one or more grades in school. The mouths of these children as a group were found more diseased than those in the group who had not repeated a grade.

Contrary to general belief, the negro's mouth was found to be in a worse condition and needed more dental attention that that of the white child.

Senate Passes To Put Excess Cotton

Washington, March 29.—The Senate today passed the Bankhead compulsory cotton control bill and returned it to the House for action on amendments.

The vote on final passage was 46 to 39.

The bill, described by its supporters as having administration support, is designed to stabilize cotton prices by limiting production in the coming cotton year to 10,000,000 bales and levying a prohibitive tax on the staple produced in excess of quotas allocated to producers.

The House tax of 50 per cent of the market value, or not less than 5 cents a pound, was raised by the Senate to 75 per cent or not less than eight cents a pound.

Termed an emergency measure, the bill would apply for only one year as passed by the Senate.

The House bill would give the measure a two-year life with presidential power to extend it another year.

Four Republicans voted with 42 Democrats for the bill. Thirteen Democrats joined 26 Republicans in opposition.

SCHOOLS MAY BE FORCED TO CLOSE

Any Large Drop In Average Daily Attendance Would End School Session

IS A RULING OF STATE

There is danger that several of Warren county schools may be forced to close before the end of the eighth month, should a large number of pupils leave the school temporarily to engage in farm work, should an epidemic strike, or should the weather become such as to materially cut down average daily attendance.

This was earned yesterday at the office of the Superintendent of Schools where it was revealed that the State School Commission, faced with a shortage of funds, had ruled that any school in which the average daily attendance for any one week during the seventh and eighth months of school should fall below 65 per cent of the average daily attendance for the first six months that school would be automatically and promptly closed.

In a letter to the principals of all the schools of the county, Superintendent Allen calls attention to the ruling of the State Commission and stresses the importance of maintaining a high average daily attendance. His letter follows:

"I am in receipt of some letters from the State School Commission, the substance of which is that the State salary scale for teachers will require more money than was expected and the State School Commission does not see right now how it will be possible for the state to operate the full eight months term in every school and pay full salaries to the end. The Commission therefore is urging strict economies in every line in order to prevent the cutting off of some part of the salary of each teacher for the last month.

"The Commission has adopted a rule reading as follows:

"The Commission at its last meeting adopted the following resolutions: Be it resolved by the State School Commission, pursuant to the authority of Section 3 of the School Machinery Act of 1933, that all schools in the State System be operated for a period of eight months, where such eight-months'

Kidd's Barbershop At Henderson Burns

The Central Barber Shop of Henderson, owned and operated by Mr. and Mrs. W. W. Kidd of Warrenton, was one of the four business firms wiped out when the O'Neil building was destroyed by fire of undetermined origin early Tuesday morning.

The fire, said to have been one of the worst to ever occur in Henderson, caused damages estimated at from \$50,000 to \$75,000. The destroyed property was partially insured.

Mr. Kidd said yesterday that the fire caused him damages of around \$2500 but that his property was fully covered by insurance. He expressed the opinion that he would not reopen for business in Henderson until a new building was erected by O'Neil & Sons.

It is understood here that the O'Neils suffered a loss of around \$10,000 in excess of that which was covered by insurance.

The fire began in the Central Shoe Shop and spread to Mitchell's ready-to-wear store, the Central Barber Shop and the O'Neil Hardware company.

During the fire, an explosion which firemen said was caused by combustion rolled back the tin roof of the two-story building and blew out one wall toward the postoffice. Telephone and electric service in the area went out temporarily as cables and poles were cut or fell as the wall blew out.
