Very Much Improved After Taking Cardui
"I have suffered a great deal from cramping," writes Mrs. W. A. Sewell, Sr., of Waco, Texas. "I would chill and have to go to bed for about three days at a time. I would have a dull, tired, sleepy feeling. A friend told me to try Cardui, thinking it would help me—and it did. I am very much improved and do not spend the time in bed. I certainly can recommend Cardui to other sufferers."
Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

WAKE UP YOUR LIVER BILE—WITHOUT CALOMEL And You'll Jump Out of Bed in the Morning Rarin' to Go
If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.
For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.
If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.
It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.
But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resist a substitute. 26c at drug stores. ©1931 C. M. Co.

Why Doctors Favor a Liquid Laxative
A doctor will tell you that the careless use of strong laxatives may do more harm than good.
Harsh laxatives often drain the system, weaken the bowel muscles, and even affect the liver and kidneys.
Fortunately, the public is fast returning to laxatives in liquid form. The dose of a liquid laxative can be measured. The action can thus be regulated to suit individual need. It forms no habit; you needn't take a "double dose" a day or two later.
Dr. Caldwell's Syrup Pepsin gently helps the average person's bowels back to regularity. Why not try it? Some pill or tablet may be more convenient to carry. But there is little "convenience" in any cathartic which is taken so frequently, you must carry it with you, wherever you go.
Its very taste tells you Dr. Caldwell's Syrup Pepsin is wholesome. A delightful taste, and delightful action. Safe for expectant mothers, and children. All druggists, ready for use, in big bottles. Member N. R. A.

Why the Sudden Change to Liquid Laxatives?
Doctors have always recognized the value of the laxative whose dose can be measured, and whose action can be thus regulated to suit individual need.
The public, too, is fast returning to the use of liquid laxatives. People have learned that a properly prepared liquid laxative brings a perfect movement without any discomfort at the time, or after.
The dose of a liquid laxative can be varied to suit the needs of the individual. The action can thus be regulated. It forms no habit; you need not take a "double dose" a day or two later. Nor will a mild liquid laxative irritate the kidneys.
The wrong cathartic may often do more harm than good.
Dr. Caldwell's Syrup Pepsin is a prescription, and is perfectly safe. Its laxative action is based on senna—a natural laxative. The bowels will not become dependent on this form of help. Dr. Caldwell's Syrup Pepsin is at all druggists. Member N. R. A.
