

## COTTON CHECKS RECEIVED HERE

Vouchers Aggregating More Than \$40,000 Sent To Warren Farmers

### EXPECT OTHER CHECKS

Sixteen hundred and twenty-six cotton rental checks aggregating \$40,500 have been received by County Agent Bob Bright. Practically all these checks have gone out to Warren county producers, Mr. Bright said last night.

Two hundred and eighty-one checks, amounting to \$6,500, are still due as first part rental payment, but it is expected that they will be received within a few days. Mr. Bright said that as soon as the checks arrive he will notify the owners.

The other half of the rental checks is due the latter part of August, and about the last of December Mr. Bright is expecting the parity pay, which is one cent a pound on 40 per cent of the five year average production in pounds.

On the slip accompanying the checks the word allotment is used and some producers are under the impression that the figures used with it mean the number of pounds of cotton that can be raised, but that is not the case, Mr. Bright said, adding that the word allotment is used to tell what the growers are paid one cent a pound on.

In commenting on the amount of money that has already been received in the county from the Federal government, Mr. Bright said that in addition to what the farmers have been paid, he has paid out \$12,000 for clerical help since June 18, 1933.

## Time Limit For Cutting Tobacco Crop Extended

Time has been extended for signing agreements to curtail tobacco acreage, it was learned last night from R. H. Bright, county agent.

Mr. Bright said that under a provision of the Kerr bill that farmers can sign up through July 28th and receive their parity and rental pay the same as those who signed the contracts during the extensive acreage reduction campaign which was carried on in Warren several months ago.

In making the announcement in regard to extending the time limit for signing the tobacco contracts, Mr. Bright stated that there had been an extension of time for tagging cotton produced prior to 1934. Several days ago it was announced that all old cotton must be tagged before July 1, but due to the fact that those in charge of this work have been unable to get the tags, the time limit was extended until August 1.

Any person having old cotton on hand and intends to hold it later than August 1 must apply for tags, the county agent said. Claude Halthcock will be in charge of tagging the old cotton rather than Dick Hawks, Mr. Bright said.

## Frank Neal To Replace Lovell As Night Policeman

The cloak of authority under which C. E. Lovell has served the town of Warrenton as night policeman for the past six years will be removed from him the end of this month and draped around the shoulders of Frank Neal for 30 days at least.

The change in the personnel of the town's police force comes by way of an order from the board of town commissioners, the city fathers having agreed at their regular meeting on Monday night to replace Mr. Lovell with Mr. Neal for 30 days.

As compensation for his services in the capacity of night policeman Mr. Neal is to be paid \$65 a month. He will be assisted in guarding the peace of the town by R. L. Wilson, who has worked with Mr. Lovell for the past several years. Mr. Wilson's salary is \$50 a month.

No specific charges were brought against Mr. Lovell. In commenting on his removal from office, one of the commissioners commented yesterday, "We all liked Mr. Lovell personally, but it was the feeling of the board that he was not as active as he might have been."

Although Mr. Lovell will no longer be custodian of the peace of Warrenton after the end of this month, he will continue to serve as jailer unless he resigns or Sheriff W. J. Pinnell makes some other appointment.

E. L. Green, former police officer for the town of Warrenton, also applied for the job as night policeman here, offering to do the work of the two men that the town has employed for this duty for the past several years, but the commissioners decided that two men were needed for this work and cast their vote in favor of Mr. Neal.

Mr. Neal served as deputy sheriff of Warren county under Sheriff O. D. Williams during his tenure of office.

## Fountain Holding Services At Macon

With the Rev. Richard S. Fountain of Weldon doing the preaching and the Rev. R. E. Brickhouse of Warrenton assisting, revival services have been underway at the Macon Baptist church this week. There are two services each day, one in the afternoon at 4 o'clock and the other at 8 o'clock in the evening.

The series of sermons which have been conducted by the Rev. Mr. Fountain will end with the service tonight, after which time the Rev. Mr. Brickhouse will do the preaching. The revival will be brought to a close Sunday night.

The Rev. Mr. Fountain is well known at Warrenton, he having spent a part of his youth here while attending school under the late Mr. John Graham.

"Mr. Fountain's messages have been splendid, and I feel that the meetings have been truly worthwhile," the Rev. Mr. Brickhouse commented yesterday.

## Roof And Woodwork Re- paired And Rooms Are Given Treatment

### LOBBY IS REDECORATED

By HOWARD JONES JR.  
I went on a trip of inspection yesterday with Jim Boyce. Our destination was Hotel Warren.

The hotel, entirely municipally owned by virtue of the fact that the town bought it for \$16,500 several months ago when it was put up at public auction after attempts had been made to throw it into the hands of receivers, has been undergoing treatment from carpenters and painters, plumbers and plasterers for the past several weeks and on Monday night "Doc" Boyce announced to the board of town commissioners that the hotel is now in A-1 shape.

I had a general idea of what was being done at the hotel but my appreciative senses were not fully awakened until I had gone through the entire establishment with the man who, with Clifton Bobbitt and Herman Rodwell, had supervised the work.

A casual observer might note in riding or walking by the hotel that there are some green benches which look enticing as they rest on the verdant lawn beneath the shady trees and that the outward appearance of the building had been greatly improved by coats of white paint applied on the porches and other wooden parts of the mostly brick structure. This same observer might see newly purchased blue-

By way of expressing their appreciation for the work which is being done by the Warren County Memorial Library and to make its new home on the court house lawn more attractive, citizens of Warrenton and other towns have already contributed, or signified intentions of contributing, gifts which will be placed in the new building. A beautifully carved mantel piece, given by Mrs. Henry Boyd and family; painting of Main street and court house square in Warrenton about 1810, now in the office of Polk & Gibbs, but belongs to B. S. Bronson who has signified his intention of giving it to the library; colored print of President James K. Polk made by Currier and valuable as an antique, given by Mrs. Cleve Stallings of Littleton.

It is expected that the new library will be ready by August 1.

## Dog Owners Must Pay, Says Board

Owners of dogs in Warren county must pay the tax fixed by law or become subject to indictment.

The Board of County Commissioners on Monday instructed Sheriff W. J. Pinnell to have warrants issued for the arrest of any citizens refusing to pay this tax.

Sheriff Pinnell requests that dog owners come to his office and pay this tax promptly. Failure to do so is a misdemeanor, he said, and citizens arrested for this cause will be taxed with the cost of a court action in addition to being forced to pay the tax.

## Whiskey Cause Of Three Men Facing Recorder Taylor

Trouble brought on by whiskey was responsible for three of the five cases that were before Judge W. W. Taylor for trial in Recorder's court on Monday morning. The other two cases were charges of disturbing public worship and bastardy.

R. A. Parks, white man of Henderson, was found guilty of operating an automobile while under the influence of whiskey and was fined \$50 and costs, sentenced to the roads for a period of four months and had his driving privileges in Warren county revoked for six months. The road sentence was suspended on the condition that he pay his fine and satisfy the clerk in regard to court costs. The upshot of the whole thing was that it cost him around \$70 for driving an automobile after he had been drinking, and he won't be able to drive a car in this county again for six months.

Johnny Watkins, negro, was found guilty of unlawful possession of whiskey. He was fined \$5 and costs and given a 40 day road sentence, the latter being suspended. (Continued on Page 6)

## Many Cotton Blooms Sent To Newspaper

Charlie G. Alston and Washington Alston, colored tenants on the farm of Frederick Williams of Inez, grew the first cotton bloom that was reported this season to the office of The Warren Record, but since Mr. Williams called up on Monday to announce the discovery of the red bloom, which was said to have been a day old at that time, other blooms have blossomed forth in various sections of the county and have been brought here to compete for first place.

The first bloom to be received in the office was grown by Arthur Arrington of Inez and was brought here from the office of J. M. Gardner & Co. This bloom was also discovered on Monday. Other farm-

## TWO PUBLIC DRINKING FOUNTAINS TO BE INSTALLED ON COURT SQUARE

County And Town Cooperate To Provide Public With Good Drinking Water

### WORK TO START SOON

Plenty cool water for citizens of the county who journey to the county-seat town and raise a thirst under the sweltering heat of summer will be provided in the near future as the result of co-operation between the County of Warren and the Town of Warrenton.

Two drinking fountains are to be installed on the court square. The Board of County Commissioners in regular session here Monday agreed to provide funds for the purchase of the fountains. The town has agreed to bear the cost of installation, to keep them in repairs, and to furnish water at no cost to the taxpayers of the county.

Action by the board was taken after Town Commissioners J. B. Boyce and A. A. Williams appeared with W. R. Strickland, plumbing contractor, before the commissioners with a blue print of the fountains, a proposal that the county pay for the same upon condition that the town would bear all other expenses, and pointed out the need for some measure of relief for citizens who travel to the county-seat. The county commissioners agreed to appropriate \$218.25 for this purpose and expressed the hope that the fountains would be installed with as little delay as possible. Work is expected to be started as soon as the fountains can be shipped here.

Before going into a discussion of the budget on Monday night, the commissioners heard P. P. Hancock relative to repairing the streets of Warrenton, received a financial re-

## Fields Negroes Placed In Jail On Robbery Charge

George and Lewis Fields, negroes of Warrenton, were lodged in the county jail in default of \$300 bonds on Wednesday morning to await trial in Superior court on charges growing out of the robbery of Rick Mustian's store, opposite White's Flour and Meal Mill, Tuesday night or in the early hours of Wednesday morning.

The arrest of the two negroes by Sheriff W. J. Pinnell took place a few hours after Mr. Mustian discovered that his store had been broken into and looted of cigarettes, tobacco, candy, cheese, canned goods, meal, and perhaps other items.

Some of the stolen goods were found in a suit case belonging to the Fields negroes, and it was stated that George Fields admitted that he was guilty of robbing the store when something was said about arresting one of his sisters who had taken the suit case to a neighbors house while the Fields home was being searched.

Entrance to the store was made through a window, and the thief or thieves departed through the rear door, which was unlatched from the inside, with the stolen property.

Although only two men have been placed under arrest for the crime, officers are inclined to believe that George and Lewis Fields were assisted in the robbery by another person. They said that

## Swimming Course Ends Here Today

The course in aquatic safety which has been given at the Warrenton Golf Club swimming pool this week will come to a close this morning at 9 o'clock when the sixteen boys and girls who have been receiving this training under the tutelage of James Mayfield are put through final examinations to determine their eligibility for emblems and certificates which are to be given by the National Red Cross.

The course in life saving is being sponsored by the Warren county unit of the National Red Cross and before any boy or girl is eligible to receive a certificate and emblem, he or she must have learned the breaks, carries, holds, approaches, and artificial resuscitation used in saving lives in the water and bringing unconscious persons back to consciousness after they have been brought to the shore.

Mr. Mayfield, who qualified as a Life Saving Examiner at the National Red Cross Safety and First Aid School in Brevard several weeks ago, has been doing all the training.

## BOARD RESTORES CUT IN SALARIES

Appropriate \$750 To Continue Work of Forest Fire Protection

### A DELEGATION APPEARS

A ten per cent cut in salaries of all county officials, ordered as an emergency measure two years ago by the Board of County Commissioners, was on Monday restored by that body.

The rising cost of living and a satisfactory state of the general fund due to improved tax collections was given as the reason for the restoration of salaries to the old scale. Commissioner H. L. Wall of Roanoke was the only commissioner to cast his vote against the measure.

The Board voted to increase the appropriation for the prevention of forest fires from \$500 to \$750 annually. This step was taken after V. F. Ward, C. E. Jackson, Dr. C. H. Peete, and M. P. Burwell, large landowners and taxpayers, appeared to ask that this step be taken. Mr. Ward, acting as spokesman for the delegation, pointed out the importance of this work and told how on numerous occasions large tracts of timber had been saved for taxpayers of the county.

M. P. Burwell stated that in carrying on this work the county was not only protecting the property of the citizens but was also conserving a tax source. Commissioners Skinner and Capps joined in with the endorsement by relating how the work of the fire fighters had protected their town property when fire was discovered on their places. Advertisement of the names of delinquent taxpayers, postponed for 30 days, was ordered published in The Warren Record and The Northern Headlight. The former newspaper was instructed to publish the

## Ed Alston Farm Approved; To Be Sent 100 Cattle

The Ed Alston farm in Fork township has been approved as suitable pasture land for 100 head of the cattle that are being brought into this state from the drought sections of the middle west, it was learned yesterday at the office at Jesse Gardner, relief administrator for Warren county. It is expected that another 100 of the animals will be placed on the Frank Davis farm, but this contract has not yet been approved, it was stated.

Just when the cattle will reach Warren county is unknown. Before the animals are permitted to be placed in the various counties of the state they must undergo inspection and it is expected that this will require a week or more.

Weldon has been designated as one of the points in the state for receiving the animals. The cows that Warren county is to receive will be brought from Weldon by truck, according to present plans.
