The Favor of Other Men Ine ravor of Utner Men Unless two pints of bile julce flow daily from your liver into your bowels, your food decays in your bowels. This poisons your whole body. Movements get hard and constipated. You get yellow tongue, yel-low skin, pimples, dul eyes, bad breath, bad taste, gas, disziness, headache. You have become an ugiy-looking, foul-smell-ing, sour-thinking person. You have lost your personal charm. Everybody wants to run from you. But don't take saits, mineral waters,

## GO TO THE ANT

My

In the

wha UN M

The ant won scriptural recognition on account of its habit of preparing in summer for the cold days of winter.

It is a lesson that is particular pertinent in regard to your winter fuel supply.

We have hundreds of cords of mill slabs that have been racked and drying in the summer's sun for months. They make an excellent stove and heater wood and are sold at a price low enough to merit the consideration of anyone who desires to save on his fuel bill.

We suggest that you place your order new for several cords of this wood cut stove length. During the remainder of the summer you can store it in your woodshed, basement, or under your house. Then when the cold rains, sleet and snows of winter come you will be thankful that you have an ample supply of good dry wood to combat the cold. The piano part is that a little forethought now will save you worry, inconvenience and money.

## MAKES YOU LOSE UNHEALTHY FAT

A young woman of Norwich, Conn., writes: "I lost 16 lbs. with my first bottle of Kruschen. Being on night duty it was hard to sleep days but now since I am taking Kruschen I sleep plenty, eat as usual and lose fat, too." To take off fat—take one half tea-spoonful of Kruschen Salts in a glass of hot water in the morning before breakfast—one bottle that lasts 4 weeks costs but little—get it at any drugstore in America. If this first bottle fails to convince you this is the SAFE and HARMLESS way to lose fat—your money gladly returned. Don't accept anything but Kruschen if you want to reduce safely. if you want to reduce safely.
