MAKES YOU LOSE UNHEALTHY FAT

A young woman of Norwich, Conn., writes: "I lost 15 lbs. with my first bottle of Kruschen. Being on night duty it was hard to sleep days but now since I am taking Kruschen I sleep plenty, eat as usual and lose fat, too."

To take off fat—take one half teaspoonful of Kruschen Salts in a glass of hot water in the morning before breakfast—one bottle that lasts 4 weeks costs but little—get it at any drugstore in America. If this first bottle fails to convince you this is the SAFE and HARMLESS way to lose fat—your money gladly returned. Don't accept anything but Kruschen if you want to reduce safely.

Farm And Home Week Features A Revue Of Dresses

A novel dress revue in the form of a garden party, in which members of home demonstration clubs will model dresses made during the year as part of their club projects, will be held Wednesday evening of Farm and Home week at State College, July 30 through August 4.

An attractive setting, bowered with pines and other forest trees, will be arranged on the Riddick field green for the occasion, said Miss Willie N. Hunter, clothing specialist at the college.

There the women will show how they have taken inexpensive cotton cloths and old clothes and fashioned them into house dresses, dresses for general wear, sports, afternoon, and evening dresses in attractive patterns and tasteful colors.

One of the fundamental purposes of the revue is to show the women of the state what their fellow club members have been doing in clothing projects and how it is possible to clothe themselves at low cost.

Another special attraction for women at Farm and Home Week will be Federation day Thursday for the State Federation of Home Demonstration clubs. First on the program will be registrations from 8 to 9 o'clock, and then a business meeting of the State Federation council and executive committee from 9 to 10 o'clock.

At a general meeting of the Federation, Miss Helen Estabrook, housing specialist at the college, will present facts found in the recent rural housing survey in 12 counties and make suggestions for a follow-up program of improving rural housing conditions.

David S. Weaver, agricultural engineer at the college, will also outline the program for electrifying rural North Carolina, pointing out the advantages of electricity on the farm and showing how groups of farmers can get together to have transmission lines extended into their communities.

HOW WOMEN CAN WIN MEN AND MEN WIN

The Favor of Other Men

Unless two pints of bile juices flow daily from your liver into your bowels, your food decays in your bowels. This poisons your whole body. Movements get hard and constipated. You get yellow tongue, yellow skin, pimples, dull eyes, bad breath, bad taste, gas, dizziness, headaches. You have become an ugly-looking, foul-smelling, sour-thinking person. You have lost your personal charm. Everybody wants to run from you.

But don't take salts, mineral waters, oils, laxative pills, laxative candies or chewing gums and expect them to get rid of this poison that destroys your personal charm. They can't do it, for they only move out the tail end of your bowels and that doesn't take away enough of the decayed poison. Cosmetics won't help at all.

Only a free flow of your bile juices will stop this decay poison in your bowels. The one mild vegetable medicine which starts a free flow of your bile juices is Carter's Little Liver Pills. No calomel (mercury) in Carter's. Only fine, mild vegetable extracts. If you would bring back your personal charm to you, win men, start taking Carter's Little Liver Pills according to directions today. 25¢ at drug stores.

Refuse "something just as good" for it may wringe, loosen teeth or seal rectum. Ask for Carter's Little Liver Pills by name and get what you ask for. © 1933, C. M. Co.

Five Day Program For 4-H Short Course

A well-rounded program of instruction, athletics, games, singings, lectures, and sight-seeing trips has been prepared for the 500 or 600 boys and girls expected to attend the 4-H club short course at State College, July 25-30.

Leaders are working hard to make sure that none of the members will find a single dull moment while here, from the time they come to the time they leave, said L. R. Harrill, State club leader.

Horstshoe pitching, kitten ball, volley ball, field events, swimming, and an athletic tourney will feature the physical side of recreation. A pageant, lectures, tours, style show, group singing, and general get-togethers are also scheduled.

The 4-H honor club composed of outstanding members who have completed four or more years' work and former state representatives at the national 4-H camps will meet during the week in connection with the short course.

The health contest, in which the State King and Queen of Health will be chosen,, will be held Saturday evening in connection with the "Pageant of Progress." The winners of district health contests will compete for state honors.

Sunday afternoon the members will be treated to a picnic, band concert, and a community sing. The evening vesper service and the final camp fire exercises Sunday night will come as an appropriate climax to the five eventful days of the short course.

Monthly Pains Relieved

Women who take CARDUI have found that severe monthly pains have been relieved and that by continued use of it for a reasonable length of time their strength has been renewed and their general health improved.

"I am glad to speak a few words for Cardui, the medicine I have taken for a long time. It has relieved my monthly pain, run-down condition, for bad pains in my side and back and for irregular periods," writes Mrs. Roy Chandler, of Ocala, Fla. "Cardui straightened me out and I felt 100 per cent better. It certainly helped me."

Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

GO TO THE ANT

The ant won scriptural recognition on account of its habit of preparing in summer for the cold days of winter.

It is a lesson that is particular pertinent in regard to your winter fuel supply.

We have hundreds of cords of mill slabs that have been racked and drying in the summer's sun for months. They make an excellent stove and heater wood and are sold at a price low enough to merit the consideration of anyone who desires to save on his fuel bill.

\$2.50 PER CORD

We suggest that you place your order now for several cords of this wood cut stove length. During the remainder of the summer you can store it in your woodshed, basement, or under your house. Then when the cold rains, sleet and snows of winter come you will be thankful that you have an ample supply of good dry wood to combat the cold. The piano part is that a little forethought now will save you worry, inconvenience and money.
