BLACK-DRAUGHT  
"Such a Good Laxative," Says Nurse  
"Writing from her home in Festus, Mo., Mrs. Anna LaFlamme says: 'I am a practical nurse and I recommend to some of my patients that they take Black-Draught, for it is such a good laxative. I took it for constipation, headache and a dull feeling that I had so much. A few doses of Black-Draught—and I felt just fine.'  
Because so many people have been having used it that *THE LITTLE BLACK-DRAUGHT* is a good, purely vegetable laxative, millions of packages of it are sold every year.

### LOST 20 LBS. OF FAT IN JUST 4 WEEKS

Mrs. Mae West of St. Louis, Mo., writes: "I'm only 28 yrs. old and weighed 170 lbs. until taking one box of your *Kruschen Salts* just 4 weeks ago. I now weigh 150 lbs. I also have more energy and furthermore I've never had a hungry moment." Fat folks should take one half teaspoonful of *Kruschen Salts* in a glass of hot water in the morning before breakfast—it's the *SAFE*, harmless way to reduce as tens of thousands of men and women know. For your health's sake ask for and get *Kruschen* at any drugstore—the cost for a bottle that lasts 4 weeks is but a trifle and if after the first bottle you are not joyfully satisfied with results—money back.

### IF YOUR BREATH HAS A SMELL YOU CAN'T FEEL WELL

When we eat too much, our food decays in our bowels. Our friends smell this decay coming out of our mouth and call it bad breath. We feel the poison of this decay all over our body. It makes us gloomy, grouchy and no good for anything. What makes the food decay in the bowels? Well, when we eat too much, our bile juice can't digest it. What is the bile juice? It is the most vital digestive juice in our body. Unless 2 pints of it are flowing from our liver into our bowels every day, our movements get hard and constipated and 2/3 of our food decays in our 28 feet of bowels. This decay sends poison all over our body every six minutes. When our friends smell our bad breath (but we don't) and we feel like a whipped tomcat, don't use a mouthwash or take a laxative. Get at the cause. Take *Carter's Little Liver Pills* which gently start the flow of your bile juice. But if "something better" is offered you, don't buy it, for it may be a calomel (mercury) pill, which loosens teeth, gripes and scalds the rectum in many people. Ask for *Carter's Little Liver Pills* by name and get what you ask for—25¢. ©1934, C.M.Co.
