THIS WEEK In Washington

Washington, Feb. 3.—Topping all other subjects of conversation in Washington is the speech which Alfred E. Smith made at the Liberty League Dinner, and its possible effects upon the political situation. No utterance by a private citizen in recent political history has stirred up so much discussion. It is taken here by some political observers as the most important wedge that has been driven so far to bring about the much-talked of split in the Democratic Party.

Of course, Mr. Roosevelt will be renominated, but there is no mistaking the intention of Mr. Smith and his followers, included in the Liberty League, to bolt the Party, whether they undertake to put a third ticket into the field or not.

How serious this defection may be in the effect upon the President's chance for reelection is a question upon which opinions vary widely. Naturally, the warm supporters of the Administration ridicule the idea that the Liberty League crowd can influence any material volume of votes. But behind the Liberty

Laxative combination folks know is trustworthy

The confidence thousands of parents have in good, old reliable, powdered Theford's Black-Draught has prompted them to get the new Syrup of Black-Draught for their children. The grown folks stick to the powdered Black-Draught; the youngsters probably will prefer it when they outgrow their childish love of sweets. — Mrs. C. W. Adams, of Murray, Ky., writes: "I have used Theford's Black-Draught (powder) about thirteen years, taking it for biliousness. Black-Draught acts well and I am always pleased with the results. I wanted a good, reliable laxative for my children. I have found Syrup of Black-Draught to be just that."

Ford Report on Funds

DETROIT . . . Edsel Ford (above), Ford Motor Company president, as a member of the National Birthday Ball Commission for President Roosevelt, announces disposition of some of the funds raised by the annual birthday ball. Ten grants amounting to \$110,000 of 1935 funds have been allotted to 10 leading universities for research on infantile paralysis.

League is a practically unlimited amount of money, and at its head is Jouett Shouse, a very able political organizer.

Rumblings From South

Considerable significance was attached here to the declaration by the late Governor Allen, of Louisiana, that his organization would join up with the Liberty League in trying to prevent Mr. Roosevelt's renomination. Gov. Talmadge of Georgia, long an outspoken enemy of the Administration, is the spearhead of another revolt inside the Democratic Party which is beginning to be taken seriously in the South. The expectation here is that the Talmadge movement may also be lined up with the Liberty League movement.

The point of greatest doubt is how far these attacks upon the President and his policies may be carried if they fail to stop his renomination. It is conceded by the political experts that a high percentage of those Democrats who dislike the New Deal will nevertheless swing into line under the Party banner, preferring to retain the "regularity" than to bolt the ticket. They may, as Al Smith expressed it, merely "take a walk," rather than affiliate themselves with a third-party movement.

Townsend Plan Fades

One third-party movement that seems to have been pretty well

blown up is that threatened by Dr. Townsend if the present Congress did not adopt his plan of old-age pensions for everybody. In fact, Dr. Townsend's third-party threat has had exactly the opposite effect on Capitol Hill that it was intended to have.

Instead of scaring Congressmen to flock to the support of his Old Age Revolving Pension plan, it has rather impelled many members to lock upon it with less seriousness. That is partly due to the realization that from an economic standpoint the plan of paying every old person \$200 a month would be ruinous, and partly because the voting strength behind the Townsend Plan is so far confined to a few areas and Congressional districts.

Representative John S. Mac Groarty of California has a modified Townsend Plan in the form of a bill which would provide for \$50 a month pensions to all the aged people of both sexes. It seems unlikely that the present Congress will adopt anything of this kind, but it does seem quite possible that amendments may be made to the Social Security Act to increase the benefits under that measure for workers who are already old, and to make them available much earlier than the date set in the original act, which is January 1, 1942.

The Tax Outlook

The financial situation of the nation is giving Congress food for thought. In spite of political reluctance to increase taxation in an election year, some new taxes are definitely in the offing. Among these are some sort of an excise tax on processors of farm products to take the place of the old processing taxes. New inheritance taxes, higher corporation taxes, and higher individual income taxes seem to be a reasonable expectation.

The farm relief situation is still far from being clarified. As good a forecast as can be made at this time is that existing AAA contracts will

be paid up, and that 400 or 500 millions a year will be provided for new land lease subsidies. Whatever the new farm plan takes, it is pointed out that there are plenty of trained employees to put it into operation.
