All American workers, brain workers and manual workers alike, and all the rest of us whose well-being depends on theirs, know that our needs are one in building an orderly economic democracy in which all can profit and all can be secure from the kind of faulty economic direction which brought us to the brink of common ruin seven years ago.-Franklin D. Roosevelt.

Taxes must be paid. It seems a good idea to pay them during the fall, thus earning a discount and saving later worry.

Every now and then we us have your name, not nec- tle and bustle.

ATTEND WARREN COUNTY FAIR.

We trust that the attendance at the Warren County Report of T. B. Gard-Agricultural Fair, which opens here on Monday and runs through Saturday, will be large. Every citizen interested in the development of the county should make a special effort to attend at Report of T. B. Gardner, Secretary-Treasurer of the Town of Warrenboost the fair to their 1936. friends and neighbors residing in adjoining counties, as

well as Warren.

There is more to a fair than the mid-way, shows, and fireworks which furnish entertainment for those "out on fun and pleasure bent." These are of value because they give pleasure and, naturally, draw crowds, but the true worth of a county fair lies in the fact that it en_ courages individual effort to excel in whatever the heart,

mind and hand have set out to accomplish, it offers those who have excelled a reward for their accomplishments, and it is educational in that it reflects the progress which has been made and stimu_ lates others to take advantage of this progress.

Warrenton, North Carolina

This is the first Warren county fair in years, perhaps the first ever with the attractions which a mid-way offers, and every effort is being made by the Lions Club, which is sponsoring the project, the show people, and others co-operating in the movement, to make it a success-an annual event. The outcome depends on the public's reaction. Do your part by boosting and attending.
