Williams Who Refuses To Be A Candidate

OPPOSITION IS SHOWN

Slight change took place in the personnel of the Board of Town Commissioners at the primary held in the court house on Tuesday night at 8 o'clock when only one new man, Hugh W. Holt, received the nomination for commissioner from the approximately 75 Warrenton voters in attendance.

Mr. Holt will replace Commissioner A. A. Williams who announced that he would not be a candidate for re-election shortly before nominations were called for by Julius Banzet, chairman of the executive committee of the town of Warrenton.

Although not a candidate non present when the nominations were made, Mr. Holt is expected to serve on the board. Serving with him will be the following former commissioners who were again nominated Tuesday night: Herman Rodwell,

W. R. Strickland, John Mitchell, Dr. G. H. Macon, George Scoggin, and Opposition to the old board reg-

istered itself at the primary when several new men were nominated to govern the affairs of the town. Among those nominated were Roy Davis, C. K. Plancon, Frank Serls and James C. Moore. Both Messrs. Serls and Moore stated before balloting started that they would not serve.

Mayor William Polk was again nominated without any opposition making itself known at the meet-

Water And Sewage System To Be Installed At Local Negro School

REMEDY BAD SITUATION

The Board of County Commissioners in regular session on Monday agreed to appropriate \$1,700 for the purpose of installing a water and sewage system at the Hawkins High School here and ordered that a note in this sum be issued and

made payable one year from May 1, 1937. Sanitary conditions at the school

which is used by more than 800 negro pupils, had previously been labeled as "bad" and "dangerous" by Grand Juries and the County Health Board and at the March

meeting of the board a delegation of negroes appeared before the commissioners and asked that the situation there be remedied.

After listening to the remarks of the negroes, which were corroborated by Superintendent of Schools J. Edward Allen, the commissioners ordered that plumbing bids be advertised for. W. R. Strickland submitted the lowest bid of any of the four plumbing concerns competing

for the work and he was given the job at the figure of \$1,590. The minute covering the appropriation reads as follows:

"That the Board of Commissioners for the county of Warren borrow the sum of \$1700 for the purpose of installing a water and sewage system in Hawkins High School, a necessary expense to be incurred. the State authorities having condemned the present unsanitary con-

dition existing at the school. "Further resolved that the Board execute a note in the sum of \$1700 dated May 1, 1937, payable 12 months thereafter, bearing interest from maturity. "Further, that the Secretary and. or, Auditor of the board make application to the Local Government Commission for permission to incur this obligation and to execute the note herein contemplated."
