Mr. Kenyon is believed to have been caught in the door of his vehicle as the machine crashed against the ground. A young negro riding with him was not injured, nor was Mr. Duke hurt.

Following the accident Mr. Kenyon was carried to the Roanoke Rapids hospital where he is said to have died between 9 and 10 o'clock Sunday night.

Canvassers Raise \$190 For Red Cross In Drive Held Here

One hundred and fifty-nine dollars was contributed to the American Red Cross by Warrentonians this week when a canvass was made of the town by members of the Beta Club of the John Graham school who were doing this charity work under the direction of Principal Paul Cooper, roll call chairman.

Mr. Cooper stated that a number of other persons of the town had requested the students to call at a later date and that several who usually make substantial contributions to the Red Cross had not been contacted due to the fact that they were out of town or for some other reason missed when the canvassers called at their homes. He pointed out that the annual drive lasts from Armistice Day to Thanksgiving and expressed the hope that other donations would trickle in to swell the present total of \$159.00.

The money is to be turned over by Principal Cooper to Supt. J. Edward Allen, who is head of the Warren County Chapter of the American Red Cross. Mr. Allen will forward the funds to headquarters in Washington as soon as all have been given opportunity to make a contribution.

Board Meeting Postponed Until First Monday

The special meeting of the Board of County Commissioners, called for Wednesday of this week to receive bids for remodeling the jail, was postponed until the first Monday due to the fact that Stuart Davis, architect of Louisburg who drew the plans which were to be submitted to contractors in time to be gone over and presented to the board this week, is on jury duty in Franklin county this week.

In view of the fact that Mr. Davis was on jury duty and it was doubtful if he would be able to get excused by the judge, the commissioners decided to wait until the regular first Monday meeting to take up the matter.

Barton in Congress

NEW YORK CITY . . . When a Republican wins a major political battle these days, that's news! Bruce Barton, victorious G.O.P. candidate in a three-cornered fight for Congress, is going to Washington to carry out his campaign pledge "to move for the repeal of one law per week." Soon after election, Walter O'Keefe, radio and stage funnyman and newspaper paragrapher, referred to Barton as a 1940 Presidential possibility. Some political seers say idea is more truth than comedy.

Small Response To Unemployment Census Taking

Judging by the cards which have been returned to the post office here, that has been no great amount of response in Warren county to the nation-wide census of all unemployed and partly employed persons which was started on Tuesday of this week through an act of Congress and under the direction of President Roosevelt.

Postmaster Fred Mosely stated yesterday that while he would not form a guess as to the number of census cards which had been mailed in, that there had been comparatively few and that the census had not met with the success which he had hoped it would.

The cards were distributed throughout Warren county by the mails and through personal delivery on Tuesday and all those who receive them have until midnight of Saturday to fill them out and return them to Washington free of charge through the mails.

The purpose of the census is to get as near as possible an accurate count of the unemployed and partly employed, and the means of arriving at this information was by mailing to every family of the United States a census card to be filled out and returned to Washington for tabulation and analysis.

In a radio speech Sunday night President Roosevelt explained the purpose of the census and made an urgent plea for all those who are unemployed or partly unemployed and are able to work and want to work to fill out the cards. He said that every unemployed member of a family should fill out and return a card but that it was not necessary for those who are already employed to fill them out. An "unemployed" person was defined as a person of either sex of any color who is not working, who is able to work, and who wants to work. A "partly unemployed" person was defined as a person of either sex of any color who is employed part time, who is able to do more work and is looking for more work.

New assignments will probably be made by the conference Sunday and the Rev. Mr. Hinson expressed the opinion before leaving yesterday that possibly these assignments will be broadcast Sunday night over the radio.

Haywood Aycock, superintendent of the State prison camp located in this county, and former representative in the General Assembly, told a representative of The Record this week that while he had not definitely made up his mind that he thought that he would again be a candidate for the House. Warren this year also furnishes the Senator to represent both Warren and Vance counties in the General Assembly and the name of Frank Gibbs has been mentioned frequently for this place. Warren Officers Capture 5 Stills In Enforcement Drive

A drive waged by law enforcement officers against the manufacture and use of moonshine liquor has netted the sheriff's office five stills, two men and a quantity of mash.

Four of the five illicit manufacturing plants were picked up in Shocco township on Thursday of last week and a week prior to this date a raid was made in Nutbush township and a large plant was captured by Warren county officers, supplemented by men from the Federal department.

No men were caught in the act of manufacturing whiskey but as the result of observation and information officers took two negroes, Alfred and Solomon Kearney, into custody following the raid in Shocco township last Thursday and the men, according to Sheriff Pinnell, admitted Friday that they were guilty of manufacturing whiskey. They were tried in Recorder's court Monday and each given a four months road sentence suspended upon the condition that \$25.00 fines and court costs be paid and that they remain of good behavior.

Ed Alston of Franklin county was also arrested by Warren officers on a charge of possessing moonshine liquor and he was fined \$10.00 and taxed with court costs when tried here Monday.

In their raid in Shocco township the officers captured what has been termed as "a baby still constructed and operated mainly for home consumption." The still, which is complete in every detail, is a five gallon capacity outfit and this week has been displayed to several persons at the A. B. C. store here.

Tobacco Stolen At Macon; Officers Find No Clues

Six or seven hundred pounds of tobacco which had been stripped and placed in a pit preparatory to carrying it to the market today was stolen from Mrs. A. H. Ellis of Macon Wednesday night. Officers made a check of Warrenton, South Hill and Henderson yesterday but were unable to locate the tobacco or find any clues leading to the identity of the robber or robbers.

Two weeks ago Sam Satterwhite of Manson lost several hundred pounds of tobacco to thieves. Whether the same men committed both crimes is a matter of speculation among officers.

Missionary Work Is Talked Parish House

Work which is being carried forward in missionary fields was pointed out in interesting talks at the Parish House on Tuesday night by members of the General Convention team.

Speaking before about 75 persons who had gathered for the meeting, Rev. H. N. Thompson of Wyoming entertained his audience in relating the customs and beliefs of Indians on the reservation in the state of Wyoming and gave a clear insight into obstacles which must be overcome to convert an Indian to the teachings of Christ. "They must experience religion before they are willing to accept it," the minister stated. He also said that an Indian cannot be driven, but must be coaxed and is unwilling to work unless others share with him in his labors.

Bishop Nichols, who has been doing missionary work in Japan for 25 years, gave a learned discourse on Buddhism and Shintoism and told of the advance of the Christian religion in the Far East. He later gave his views on the undeclared war which has been waged for months on China by Japan.

The meeting was opened by the Rev. B. N. de Foe Wagner and then turned over to B. Y. Eaton of Burlington who introduced the speakers and touched briefly on the recent convention held in Cincinnati.

Hunting Season Opens In Warren County Saturday

Sportsmen throughout the county eagerly await the dawn of Saturday when the hunting season for quail, rabbit and turkey will open in North Carolina.

As is usually the case, for the past several weeks huntsmen have been giving more attention to their dogs, cleaning their guns and oiling their boots for a trek through the fields and woods on the opening day of the season.

Many have had their dogs out in the afternoons and on Sunday in an effort to "spot" some coveys of quail and harden their dogs to the point where they will be able to stand a full day of running.

While apparently there was a good season for bird raising this past spring, there seems to be no noticeable increase in the supply this year. On the other hand, according to those who should know, the coveys seem to be rather small this year, averaging about ten or twelve birds to the gang.

On the eve of the opening of the season, E. Hunter Pinnell, game and fire warden, cautions everyone to be careful with smokes and matches so there will be no forest fires started. He also commented on the fact that a license is necessary to hunt, and stated that these permits may be obtained from the Clerk of Court, hardware stores and from various other places throughout the county.

Local Gridders Win Over Enfield, 19-13

Warrenton's high school football team pulled out of a losing streak here Monday by defeating Enfield High to the tune of 19-13.

The ball was carried over the goal line by Dick Miles for Warrenton's first touchdown, and Co-Captain Peete made a successful kick for the extra point. Billy Hedgepeth, who starred in the backfield for Warrenton by his gains through the line and good running, scored two touchdowns.

Enfield made one of its touchdowns by line plays and the other by intercepting a pass meant for a Warrenton man.

Dick Ward and Mac Aycock starred for Warrenton in line plays. The John Graham team plays its Thanksgiving game here next Wednesday afternoon against Norlina. This game, it was predicted, will be a very good and hotly contested due to the fact that these teams played to a scoreless tie earlier in the season.

The public is called upon to support the team and attend the games.
