Poor Defrauded By Woman Posing As Relief Worker

Posing as an assistant to Miss Lucy Leach, head of welfare work in this county, an unknown woman believed to have been accompanied by a man, has been soliciting funds from the poor of this county on the promise of securing for their victims large relief checks, it was learned here this week.

The news of this fraudulent prac tice in Warren county was discovered Tuesday by Miss Clyde Satterfield, relief case worker, when she went into Smith Creek township, near Norlina, to investigate a case. She was told that a tall woman had come into that community, claimed that she was a sister of Miss Leach. mnanuel Episcopal Church, and drained several poor people of what little money they had after elling them that "sister Lucy sent me here to tell you if you can send her \$3.00 she will be able to get you a relief check for \$30.00 or maybe \$35.00."

Miss Satterfield said that the down the number of the automobile, which was reported to be a Virginia car. She was told that a man was left in the car a distance from the house while his companion was getting the money.

Miss Leach said yesterday that she expected to notify headquarters in Raleigh that this racket had been practiced in Warren county in order that steps may be taken to check it here and prevent it elsewhere in the state. In the meantime she warns the people of this county to be on the lookout for these crooks" and not to give money to any one posing as her assistant.

It is not known how much money nas been secured from the unforunate of this county in this manner. It has been estimated that around \$25.00 was taken in Smith Creek township, which at present is believed to be the only section of Warren county where the racket nas been carried on.

Funds For Fire Fighting Purposes And For Curb And Gutter Project

TO VOTE ON TWO ISSUES

Meeting in adjourned session here on Monday night, the board. of town commissioners authorized, subject to a vote of the citizens the issuance of \$10,000 worth of bonds for curb and gutter work and for improving fire fighting facilities here. The voters will go to the voting precinct on Tuesday, March 22.

The commissioners proposed to have the bonds issued in two issues one for \$6,000 for curb and gutter work and one for \$4,000 for fire fighting improvement purposes. The issues are to be voted upon separately and one may be invalidated without invalidating the other.

The action of the board followed a discussion of the matter at the regular monthly meeting in February, at which time the board adjourned subject to call of the Mayor to take further action upon the Following the regular meeting, Commissioner John G. trict meeting of the Garden Clubs Mitchell and Town Attorney Frank form and procedure to be taken in calling the election.

Should the citizens approve the issue or issues, the board proposes to issue bonds in \$1,000 denominations to fall due one each year, beginning in 1941, when the remainder of the water and sewer bond issue will have been retired.

The commissioners were influenced in their action in calling for the bond issues, by the fact that around \$15,000 worth of curbing and gutter work can be done at this time for a cost of around \$5,000 due to PWA assistance available now, and due to demand on the part of the citizens generally that better fire fighting facilities be provided for the benefit of the property owners Another consideration was the present easiness of the money market which should enable the town at this time to sell its bonds at a much lower rate of interest than would usually be the case.

Jim Moore Sr. was appointed registrar and Frank Serls Sr. and A. W. Hall Sr. were appointed judges of election.

Decision to call the bond issue came through unanimous vote of
