By MARY E. DAGUE

If you have always believed that plants must be kept in clay pots in order for them to be healthy...

It seems that this porous quality is due because it absorbs moisture from the plant...

Many Kinds of Vines Perhaps vines appeal to you more than house-plants and answer your particular need...

Philodendron grows in the shade and is the easiest of all to raise. If you have a group of three windows in your living room that have been a problem for you try putting a pot of Philodendron on the casing...

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not set as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder may be burning, scanty or too frequent urination.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!
