

Heart Canvass To Be Held Sunday

Warren County will join the rest of the nation in a door-to-door march on Heart Sunday, February 28.

Leigh Traylor, Heart Fund chairman for Warren County, said that approximately 100 volunteer collectors will take part in the afternoon neighborhood visits to accept individual gifts to the Heart Fund.

Heart Sunday chairmen in the county are Ed Cheves, Warrenton; James Limer, Littleton; Mrs. B. A. Thaxton, Norlina; Miss Sandra Curtis, Manson and Drewry; Mrs. Chris Holtzman, Ridgeway; Mrs. George Willis Shearir, Warren Plains; Mrs. Willie King, Wise; Richard Davis, Afton-Elberon; Miss Lucy Hicks and Miss Ginger Hicks, Oine; Raymond Harris, Jr., Macon.

Traylor said that "Our gifts will make us the partners of those research scientists who are working to find out more about the causes and cures of the heart and blood vessel diseases. We can't all do heart research or treat heart patients, but we can give generously to support the search for better methods of caring for heart disease victims."

Many national religious leaders have endorsed the 1960 Heart Fund campaign. Traylor quoted John Joseph Wright, Bishop of Pittsburgh, as being typical of the statements made by church leaders in support of the campaign.

"The Twelfth Annual Heart Fund Campaign turns the shortest month of the year, February, into the month with the most heart in it. It will find many thousands of volunteers all over America demonstrating how generous are their hearts by the magnificent part they will play in the success of the Campaign for funds. It will result in increased research into the diseases which, in their varying forms, make heart disease so menacing a killer of our people. This in turn will strengthen the hearts of millions, even as the generosity revealed in the Campaign itself both exemplifies and strengthens the spiritual heart of America."

Solicitors For Heart Sunday Drive Named

The Heart Fund canvass will be conducted at Warrenton on Sunday afternoon, beginning at 2 o'clock, when canvassers under the direction of Mrs. W. R. Woodall will make a house-to-house canvass, Ed Cheves, Warrenton Heart Sunday chairman, said yesterday.

Cheves said that merchants are being contacted for donations this week and that among the canvassers in the business section are W. K. Lanier, Duke Jones, representative from Leggett's Department Store, and N. M. Hilliard. H. M. Hardy will contact industries and other possible larger donors.

Cheves pointed out that 54% of deaths are attributable to heart disease and said that funds will be used in large part for research and education.

Assisting in the drive for funds are Red Heart girls, Ginger Tucker, Barbara Mustian, Liza Burton, Nancy Harris, Betsy Bobbitt and Carolyn Shearin, under the direction of Mrs. Woodall.

Mrs. Woodall listed volunteer canvassers for the Heart Fund drive in the residential areas as follows: Mrs. Allen King, Battle Ave. and White St.; Miss Sarah Fitts, Eaton Ave. and Main St.; Mrs. Pettway Boyd, South Main St.; Mrs. J. E. Cheves, Marshall St.; Mrs. W. R. Taylor, Hazelwood St.; Mrs. H. E. Shaw, Rodwell Development.

Miss Gayle Tarwater, East side Main St. (N); Miss Georgia Tarwater, West side N. Main st.; Mrs. W. F. Farmer, Brehon St.; Mrs. Harold Skillman, Fairview St.; Mrs. Allen Tucker, Horne (See SOLICITORS, page 10)

REV. WILLIAM O. HERN

Missionary To Give Talk At Gardner's Church

The Rev. William O. HERN, missionary to Ajlon, Jordan, will conduct a special mission service at Gardner's Baptist Church at Church Hill on Sunday at 7:30 p. m., the Rev. H. Leroy Stewart, pastor, announced yesterday.

Mr. Stewart said that Mr. HERN makes his home in Ajlon, Jordan, and does church and field evangelistic work. He makes occasional trips to Egypt to maintain fellowship with Baptists in that country. He is a native of Cabool, Missouri, and a graduate of Hardin-Simmons University and Southwestern Baptist Seminary.

The HERNs are now in the States on furlough while Mr. HERN is making further preparation for his work at Southwestern Baptist Seminary in Wake Forest.

"We will be particularly happy to hear Brother HERN," Mr. Stewart said, "since he makes occasional trips to Egypt to maintain fellowship with Baptists in that country. He is a native of Cabool, Missouri, and a graduate of Hardin-Simmons University and Southwestern Baptist Seminary."

Watson Gives Summary ACP Result In Warren

A summary just completed in the ASC office shows that 678 Warren County farmers carried out approved conservation practices and received ACP cost-sharing assistance during the 1959 program year.

T. E. Watson, ASC officer manager, said that this number of participating farmers represents 25 per cent of the farms in the county but covers 41 per cent of the cropland. Watson said that the percentage of farms participating in 1958 was 25 per cent and in 1957 26 per cent.

The total assistance in the county under the ACP was \$74,318, which includes \$4,116, in small payment increases. The average assistance was \$108 per farm. However, a breakdown of payees by size of payments shows that 45 per cent of the payments were less than \$20 and 6 per cent less than \$100.

Watson said the summary shows that the most popular practice in the county program was winter cover. Some 458 farmers seeded 2,581 acres of small grain, crimson clover, wheat, oats, rye and ryegrass. The next most popular was seeding permanent pasture and fescue rotation; 133 farmers established 639 acres. A total of 68 farms used limestone alone on 1,114 acres of grasses or legumes and 747 tons on permanent vegetative cover.

The forestry practices are becoming more popular each year, Watson added. Twenty-one farmers planted 218 acres of trees under the program and 12 farms did forestry improvement on 220 acres.

impounding dams were constructed, 414,000 square feet of sod waterways, 8,000 linear feet terracing, and 43 acres of strip cropping.

Of the total cost-sharing earned in 1959, \$57,107 was paid at the time the practices were performed by the use of purchase orders for materials and services and the remainder has been or will be paid by checks issued by the Treasury Department. All 1959 payments should be in the hands of participating farmers within the next two weeks.

Watson stated that between now and March 25 is a good time to seed pastures and all farmers who are interested in carrying out this practice or file application at the county office immediately.

Methodist Men To Hold Meeting

The Methodist Men will have its organizational meeting next Monday evening, February 29, at 8:30 o'clock in the Fellowship Hall of Wesley Memorial Methodist Church.

Bill Payne of Henderson, Raleigh District Lay Leader, will address the group during the supper meal.

"We are endeavoring to get every man in the church, plus others who visit us from time to time, to come and be with us for this first meeting," the Rev. Troy Barrett, pastor of the church, said in making the announcement of the meeting.

Services will be held at the Church of the Good Shepherd in Ridgeway on Sunday afternoon at 3 o'clock, the Rev. E. L. Baxter, rector, announced yesterday.

Car Crushed By Falling Tree On Thursday Night

A car belonging to James Jones, and parked in front of Jones' City Market, was damaged to the extent of \$471 when a large tree was blown down in a wind storm early on Thursday night of last week.

The tree, believed to have been more than 100 years old and which had survived the winds of Hurricane Hazel, toppled across the street and a telephone cable which partially supported it as it was removed on Friday morning by a Carolina Power and Light Company crew.

Blamed for the trees lack of resistance to the wind is the fact that roots on the sheltered side of a building were cut in laying a sidewalk in recent months.

Cub Scouts To Hold Jubilee Banquet

A golden jubilee banquet will be the feature of the meeting of Cub Scout Pack 671 on Friday evening, February 26, at 6:30 o'clock in the Fellowship Hall of Wesley Memorial Methodist Church in Warrenton.

As a part of the program, the Cubs will turn back the "time machine" and look at Scouting from 1910 through 1960, as they observe Scouting 50 years of progress in the United States.

All Cub Scouts of Pack 671, their parents and leaders are invited. Each Den will bring food for its own group.

Dr. J. T. Waylan WMS Speaker

Dr. John T. Wayland of Southeastern Seminary, Wake Forest, addressed the Woman's Missionary Society of the Warrenton Baptist Church on Monday at a two-course luncheon.

He discussed from the study book the "Importance of the Missionary Association and the Missions."

Dr. Wayland talked on "The Parents Role in Rearing the Child" at a meeting of the Couples Club that evening.

Gilbert Resigns As Principal Of Littleton School

Raymond B. Gilbert, Principal of the Littleton High School for the past three years, has submitted his resignation, to become effective at the end of the present school term in order to accept a scholarship in the Academic Year Institute at the University of North Carolina. Gilbert plans to move his family to Chapel Hill in the early summer.

Superintendent Roger Peeler issued the following statement concerning the resignation: "Even though we are happy for Mr. Gilbert's good fortune in securing a scholarship that will pay him financially more than he is making as principal, as well as affording him an opportunity to complete most of the work toward a doctorate in science, we are sorry to lose him at Littleton. He has been popular with the students and patrons and has done a good job in the school. We will miss him."

Artist Series Singer To Appear Here On Monday

The Warren County Artists Series will present a program of vocal music by William Kirkpatrick of Graham in the John Graham High School auditorium on Monday night, February 29, at 8 o'clock.

The program by Kirkpatrick will replace the play, "Bell, Book and Candle," scheduled to be presented on this date but cancelled, Mrs. Charles Johnson, publicity chairman, said yesterday.

Mr. Kirkpatrick, tenor, was a hit with Warrentonians when he appeared on the series last years, Mrs. Johnson said. His program for the 1959-60 series, she added, is fresh and different, but is the same appealing, delightful type of program for which he is noted.

Mrs. F. B. Newell spent the weekend with relatives in Gastonia.

Mrs. W. R. Strickland visited relatives in Salisbury over the weekend.

Watson Urges Growers To Release Cotton Acreage They Will Not Plant

Rotarians Honor Ladies At Banquet At Hotel

The Warrenton Rotary Club celebrated its annual Ladies Night at Hotel Warren on Tuesday night in observance of the 50th anniversary of Rotary and the 15th anniversary of the Warrenton Club.

The Rev. LaFon C. Vareen of Durham, former pastor of Wesley Memorial Church and former member of the Warrenton Rotary Club was guest speaker. He was presented by the Rev. Troy Barrett.

Vareen's remarks during the early part of his talk were in a lighter vein as he illustrated anecdotes with humor and recounted jokes in a manner that is reported to have often convulsed his audience.

The latter part of the speaker's talk was of a serious nature as he discussed the aims of life. One can only live in the present, he pointed out, and longing for the old days is futile. Equally futile is a fear of the future, and the principal aim of life should be to live well the present, he concluded.

H. M. Hardy recounted the history of the Warrenton club since it was chartered fifteen years ago.

Roy Dixon, president, presided over the meeting and the Rev. Troy Barrett served as toastmaster.

Table decorations were of green and white and the ladies were given handkerchiefs and miniature boxes of candy as favors.

Farmers who decide that they want choice B allotments and price support must notify the Agricultural Stabilization and Conservation County Office in writing not later than March 16, 1960. No such action need be taken where farmers decide on choice A. Watson said.

Watson said that if a farmer operates more than one upland cotton farm and elects the choice B program on any one of such farms the choice B program will be in effect for all upland cotton farms that he operates, wherever located. His choice is binding on all other producers on such farms.

Any farmer who has an interest in another cotton farm because of leasing arrangements or partnerships, estate, corporate, or other operating arrangements, who is not the operator, should immediately check with the ASC county committee to determine his status on all farms.

Under either choice A or choice B, marketing quota penalties will apply to cotton produced on acreage in excess of the chosen farm acreage allotment and none of the cotton from such farm will be eligible for price support.

Watson stressed the fact that March 16, 1960, is the final date for choosing the choice B program. Any farmer who wants the choice B program to be effective on his 1960 farm crop must file his election in writing with the county ASC committee office by the deadline date, he said.

Cadet Cynthia Haitcock Is Winner Of CAP Award

Cadet Cynthia Haitcock, daughter of Mr. and Mrs. Gordon Haitcock of Warrenton, has been presented the coveted CAP Certificate of Proficiency in her studies as Civil Air Patrol Cadet, Commander A. C. Fair announced this week.

With the award came promotion to Cadet Second Lieutenant and assignment as adjutant for the Cadet squadron. Fair said that to be awarded the CAP award a Cadet must pass six study manuals on aviation, navigation, meteorology, Red Cross standard first aid course, and character and leadership courses, and must attend at least one Air Force CAP Summer Encampment at an Air Force Base for 12 days.

Major Fair and Captain Howell Steed, assistant commander, in presenting the award to Cadet Haitcock, said, "She has been very faithful, worked hard, and endured many inconveniences while working for her Certificate of Proficiency."

Fair said this is the second award to Cadets of Warren County during the past year. Cadet First Lieut. William O. Rose, Air Force Academy candidate, was presented his award early in 1959.

Cadet Haitcock has been selected by the local squadron as a candidate for the 1960 U. S. Regional Exchange for Girl Cadets, and Rose has been selected as a candidate for the U. S. International Cadet Exchange.

er's talk was of a serious nature as he discussed the aims of life. One can only live in the present, he pointed out, and longing for the old days is futile. Equally futile is a fear of the future, and the principal aim of life should be to live well the present, he concluded.

Fair said this is the second award to Cadets of Warren County during the past year. Cadet First Lieut. William O. Rose, Air Force Academy candidate, was presented his award early in 1959.

Cadet Haitcock has been selected by the local squadron as a candidate for the 1960 U. S. Regional Exchange for Girl Cadets, and Rose has been selected as a candidate for the U. S. International Cadet Exchange.

Both candidates were interviewed Sunday, February 21, by N. C. CAP Wing Headquarters Staff at Charlotte for these events.

Church Group To Conduct Study

The Woman's Society of Wesley Memorial Methodist Church will conduct a study on "The Church's Mission in Town and Country" on Monday, February 29, from 3 to 5 p. m. in the Fireside Room.

"People, Land and Churches," by Rockwell C. Smith, will be the textbook.

Mrs. C. L. Purdy, WSCS president; Mrs. John C. Burwell, secretary of Missionary Education; and Mrs. Troy J. Barrett, leader of the study, invites all women of the Warren Subdistrict and any other interested persons to attend.

Proceeds will go to the building fund for an educational unit to the church.

A complete release of cotton acreage which will not otherwise be planted this year could go a long way towards solving the problems of cotton farmers, ginners and processors this year, T. E. Watson, local ASC office manager, said yesterday.

Cotton farmers took an 18% cut in acreage last year through failure to plant their full allotment. Watson said this reduced the state's income from cotton by over eleven million dollars.

Watson said that cotton farmers don't have much longer to decide whether they will plant their cotton or release it and he hoped that all cotton farmers would get a clear picture of the choice they have to make before the deadline for releasing cotton acreage.

He said that the deadline is April 5 but that he hoped all cotton that will not be planted will be released to the ASC county committee during high-light week, February 29-March 4.

According to Watson, all advantages from releasing and re-appportioning cotton acreage does not go to the farmer who will be able to plant the released acreage this year. The farmer, he said who releases the acreage benefits just as much as the farmer who receives the released acreage. He explained that releasing acreage he can't plant is the only way a farmer can retain planting history and keep from cutting his own future allotment.

Watson said that farmers who cannot plant their full cotton acreage this year, should by all means come to the ASC office and discuss the advantages and disadvantages of releasing cotton acreage.

Norlina's Mayor Graham P. Roanoke Rapids to some 70 persons. Those present including firemen, town officials and their wives and special guests.

Leon Knight presided over the meeting and welcomed the guests and recognized the special guests, Dr. and Mrs. H. Foster, Mr. and Mrs. Cam Waller and Mr. and Mrs. Bobbie Clark.

Fire Chief Leigh Traylor, who presented Mayor Grissom, also recognized two retired firemen and the two new firemen who replaced them. The retired firemen are Wallace Newman and W. M. Overby, each of whom have some 35 years service as a fireman. Replacing these men on the company rolls are Ernest Hecht, Jr. and Kenneth Severance.

During the evening a selected group of firemen sang two favorite songs.

Norlina High School Is Chosen For National Tests

The Norlina High School has been selected to participate in "Project Talent," a testing program designed to measure the unique potential and talents of the students tested, it was learned yesterday at the office of the Superintendent of Schools.

Norlina is one of about 1000 public, private, and parochial schools scientifically selected on an equal probability basis to represent all types of secondary schools in all regions of the county. Twenty-nine high schools in North Carolina will participate in the program.

The project covers more than school activities; follow-up studies are planned. The project will seek to determine what these people are doing in their jobs or in higher education one year after graduation from high school. The first survey and later questionnaires also will ask about their interests or hobbies.

A 20-year followup program is proposed. All students in the ninth, tenth, eleventh and twelfth grades will take the series of tests on March 7, 8, 9 and 10. No special preparation is necessary for the examination.

The scores from the tests will be made available to the individual school, to be used as the school wishes, but "Project Talent" will not evaluate specific schools, nor compare one student with another.

The project is financed by funds from the United States Office of Education. Dr. Roy N. Anderson of North Carolina State College heads the Project in this area of the state.

National Guardsmen Rally Quickly As Operation Hornet Gets Underway

National Guardsmen of Company B turned out 88 per cent strong on Thursday night of last week in Operations Hornet, biggest test mobilization since World War II.

Warrant Officer Arthur Holt Floyd said yesterday that 58 out of the 66 men or 88 per cent of the Warrenton company arrived at the Army rapidly after the alert was sounded at 7:10 p. m. The alert was given at Warrenton by continued sounding of the town fire alarm. He said that Norlina refused to use its fire alarm system for this purpose, and while that was a disappointment to the militiamen, the alert went off well in spite of this.

the men had gathered at the armory, details were sent out to guard the overpass and underpass and the telephone building at Norlina for possible sabotage, as well as covering the CP&L substation near Warrenton and the telephone office in Warrenton. He said these places were covered (See RALLY, page 10)
