

Littleton College Ass'n Holds Picnic At Raleigh

LITTLETON — The annual meeting and picnic of the Littleton College Memorial Association was held on Saturday at the Pavilion in Pullen Park in Raleigh. Alumnae of Littleton College from many areas of North Carolina were present as well as members from South Carolina, Tennessee and Virginia.

Mrs. George David (Dora Hornaday) Stevenson of Richmond, Va., president of the Association, presided at both the morning and afternoon sessions. The main address for the occasion was presented by Dr. Ralph Hardee Rives of Enfield, son of a former Littleton College student. Dr. Rives, who will become a member of the Department of English at East Carolina College this fall, based his address on a number of experiences and reactions which he had while studying and traveling in Europe in 1958. He stressed the common bonds which unite the peoples of Europe with Americans and noted the numerous similarities between the two continents. Dr. Rives was introduced by Mrs. Rom B. Parker, Jr., of Enfield.

At the conclusion of the lunch hour which was accompanied by a period of reunion and fellowship among the alumnae and friends of the college, a short business meeting was conducted. Mrs. Charles (Frances Renfrow) Doak of Raleigh, secretary

and treasurer of the Association, read the minutes of the last meeting and called the roll of members.

During the discussion period which followed, it was decided that even though Pullen Park would remain the permanent meeting place of the Association, future meetings would also be held near the site of the former college in the town of Littleton and possibly on the grounds of the new Rocky Mount Wesleyan College in Rocky Mount.

Members of the Association expressed great interest in a proposal that a Littleton College Memorial Collection be established at the Rocky Mount Wesleyan College since that new institution will be serving the same general area which Littleton College served from 1887 until it was destroyed by fire in January, 1919.

This Memorial Collection will consist of a number of books which will be presented to the Rocky Mount Wesleyan College Library by the members of the association and others who are interested in this project. It will also include a wide assortment of information concerning Littleton College—old catalogues, yearbooks, articles, photographs. This college memorabilia will be presented to the Southern Historical Collection at the University of North Carolina.

Anyone desiring to make a contribution of either money, books or souvenirs of the college may do so by contacting Mrs. Doak in Raleigh, Mrs. Lucille Aiken Breedlove in Durham or Dr. Rives in Enfield.

The Association unanimously voted to establish the Vera L. Herring Loan Fund at Rocky Mount Wesleyan College. This fund, to be administered by the officials of the college, will be made available

to worthy students desiring an education at the new Methodist College. Miss Herring, who was present at the proceedings, attended Littleton College as a student and served for a number of years as college Treasurer. Since the establishment of the Littleton College Memorial Association in 1927, Miss Herring has been the "moving spirit in the alumnae's worthy efforts."

The Association has established a \$3,000 scholarship to be used for the training of Christian workers in honor of Miss Herring at Scarritt College in Nashville, Tenn.

Mrs. Stevenson and Mrs. Doak were re-elected to serve as officers of the Association for the ensuing year.

At the conclusion of the business meeting, copies of a memorial biography of the late Rev. James Manly Rhodes, president of Littleton College, written by Mrs. Emma Thornton Nowell of Macon, were distributed to those present. Mrs. Emma Myrick Rose of Henderson also presented complimentary copies of a feature newspaper article on Littleton Female College which appeared in the Rocky Mount Evening Telegram earlier this year.

Anyone interested in becoming a member of the Littleton College Memorial Association and participating in its activities is invited to contact Mrs. George D. Stephenson, 3009 Montrose Ave., Richmond, Va.

The Ladies Aid Society of St. Paul's Lutheran Church held its regular meeting on Thursday night at the Lutheran Parish Hall with Mrs. H. W. Seaman as hostess.

The Rev. M. E. Franke opened the meeting with prayer and led in topic discussion on the Creed. Mrs. L. W.

Soil Conservation News

By NAT WHITE,

Soil Conservation Service
Once again the time has come to start work on one of Warren Counties most neglected resources, our woodlands. There are thousands of acres of land in Warren County growing hardwood bushes. This land doesn't produce enough income to pay the taxes. With a small expenditure per acre this land can be made to grow good pine timber.

The best time to start work to convert hardwood land to pine is in July or August. The first step is to disk the land with a heavy bush and bog in July or August. This disking may be done at any time between July 15 and March 31, but the bushes die better when the work is done in July or August. This disk cuts the hardwood bushes into the ground, cuts the roots, and destroys most of the hardwoods. Where insufficient seed trees are available the area should

Seaman presided over the business session.

During the social hour, the hostess served ice cream, cookies and lemonade. The table bore a lovely arrangement of gladioli.

be planted to loblolly pine during the following winter or spring. Large hardwood should be poisoned within three years after disking.

There are many sources of help available to farmers who wish to improve their woodlands. The Agricultural Stabilization and Conservation office will assist with cost sharing payments. All agricultural agents are available for advice.

Several farmers have had hardwood land disked and pines planted in recent years. Among these are Amos Capps of Arcola, A. K. Mustian of Warrenton, William Bender of Afton, J. T. Harris of Warrenton, Graham Horne of Warrenton, and W. C. Jones of Littleton.

The time a farmer spends working in his woodlands pays him better than any other time he spends on the farm. Farmers need to consider their woodland as a crop, and each woodland lot should receive attention at least once each seven years.

Sam Sneed, Retired Fireman, Succumbs

Funeral services for Sam Sneed were conducted on Sunday at All Saints Episcopal Church here by the Rev. Robert J. Johnson, rector of St. Mark's Episcopal Church in Wilson. Interment was in the Shocco Chapel Church cemetery in Warren County.

Sneed, a one-armed Negro taxicab driver here for many years, died on Wednesday of last week.

Sneed was an honorary fireman, who retired from active duty with the Warrenton fire company on December 21, 1959, after 34 years service with the company. Firemen from Greenville, Wilson, and Warrenton, conducted the Fireman's Ritual at the graveside.

Food Consumed
The food consumed by the average family in the U. S. amounts to two and a half tons a year, according to World Book Encyclopedia. The sum includes 405 pounds of milk and cream, 144 pounds of meat, 433 pounds of vegetables, 263 pounds of cereals, and 166 pounds of fruit.

Mr. and Mrs. G. B. Hull, Jr., and sons, Gordon, III, and Bruce, of Falls Church, Va., spent several days last week with their mother, Mrs. Hull.

Mr. and Mrs. Alfred Hull and children, Randall and Carolyn of Newport News, Va., were weekend guests of Mrs. G. B. Hull.

Say you saw it advertised in The Warren Record.

ARTHRITIS?

I have been wonderfully blessed in being able to return to active life after suffering from head to foot with muscular soreness and pain. Most all joints seemed affected. According to medical diagnosis, I had Rheumatoid Arthritis, Rheumatism and Bursitis. For free information write:
