Among the fields of excellent tobacco in Warren County this year, one such field is located on the Walter Martin farm. R. D. Carroll, Rt. 1, Warrenton, who cultivates the tobacco is shown in the picture with his son, Robert, inspecting an outstanding field of the 316. Mr. Carroll reports he used 1500 lbs. 3-9-9 in the drill and top-dressed with 200 lbs. 8-0-24. He applied the fertilizer in bands on foot apart which prevented fertilizer damage. He had a light rain between ridging the rows and tractor transplanting which had a tendency to firm the beds. This was a top field of tobacco and I am now looking forward to a report on the yield.

Warrenton Rural Fire News

By BILL CONNELL

The Inez Auxiliary saw the only action this week when, according to Chief Harry Williams, Jr., they answered two fire calls, one to a house and one to a tobacco barn. The house fire occurred on the Tom Harris farm when the home of Lee Perry was destroyed, along with all the contents. Considerable headway was gained before firemen arrived on the scene. Also in the house were 1500 sticks of tobacco. Cause of the blaze was not determined.

The barn fire was on the Frederick Williams farm when an oil burner ran up too high, resulting in minor damage by smoke and some scorching on the bottom poles.

The training program, now in its third week, is progressing nicely with good attendance. Another two weeks should find the Afton-Elberon truck ready to roll.

The European Common Market countries and the nations in the European Free Trade normally receive 70 to 75 per cent of the unmanufactured tobacco exported from the U. S.

Mr. and Mrs. M. P. Powell, Jr., and sons, Mike, David and Brad, have returned to their home in Grand Prairie, Texas, after spending sometime here with Mr. and Mrs. M. P. Powell, Sr. Lt. and Mrs. James Willis and family visited Mr. and Mrs. R. O. Leete on Sunday. Mrs. W. R. Baskerville has returned home after a visit with her daughters in Richmond, Virginia.
