Warehouse Ass'n. Asks Acreage Cut

HENDERSON—As a result of increasingly heavy consignments of tobacco to the Stabilization Corporation under the government loan program, the board of governors of the Bright Belt Warehouse Association has declared for a reduction in allotted acreage for flue-cured tobacco in 1963.

Fred S. Royster of Henderson, managing director of the association, said Monday the action was in continuation of the policy that production must be kept in line with consumption if the tobacco program is to operate on a sound basis.

Following a three-day marketing holiday last week, prices failed to improve when auctions were resumed last Thursday, and Royster said this was "simply another illustration of over-production adversely affecting prices."

No suggestion was made by the board of governors as to extent acreage should be reduced in 1963. But Royster said the body's position is that the cut should be whatever is needed to eliminate the 1962 crop surplus.

In the two days on which markets operated in the Middle, Eastern Carolina and South Carolina and North Carolina Border Belts volume was unusually heavy and prices generally demonstrated a declining tendency, the Federal-State Market News Service said. On markets of the Old Belt of North Carolina and Virginia, which opened Monday of last week, volume was

heavy on opening day but fairly light the remainder of the week. The Service said deliveries under government price supports were heavy because of lower prices and poorer quality.

On all the belts a large percentage of gross sales went under government loan. On the Old Belt 21.5 per cent was consigned to Stabilization, while 22.6 per cent was delivered to the price support agency in the Middle Belt, 13 per cent on the Eastern Belt and between 15 and 18 per cent on South Carolina-North Carolina Border Belts markets.

On Middle Belt markets for two days of last week sales were 12,022,832 pounds for an average of \$59.85 and for the season 60,065,300 pounds at \$59.74 per hundred.

For the first week, Old Belt markets sold 29,467,834 pounds for 58.84 per hundred pounds, and Eastern North Carolina last week for two days sold 30,378,740 pounds for \$61.82 and for the season 236,704,193 pounds for \$59.50. South Carolina-North Carolina Border Belts reported sales for two days of 15,257,768 pounds at \$62 per hundred, and for the season 317,850,486 pounds at an average of \$61.32.

All belts reported a substantial decline from a year ago. There has been agitation for a statewide meeting to protest current prices, and local farm groups have advocated a curtailment in acreage allotment for 1963.

The Sudan Bowl game this year will be played at Riddick Stadium in Raleigh on Friday night, September 28, between the Freshmen of the University of North Carolina and State College. Rabban Ruffin pointed out that Gordon Heathcock and Clinton Neal, former stars at John Graham High School, would probably see action in this game.

Receipts from the Sudan Bowl Game will go to the Shriners' Crippled Children's Hospital at Greenville. "Our work in behalf of crippled children has won the admiration and respect of many thousands, both inside our organization and by those outside who have observed our efforts," Rabban Ruffin said.

4-H Chicken Show And Sale To Be Held On Friday

The annual 4-H Chicken Show and Sale will be held Friday, September 28, at the Warren County Fairground. The show will start at 2 p. m.

One hundred twenty good Harco red pullets will be shown by Shirley Seaman, Barbara Seaman, Elaine Ball, Carol Hobgood, Kay Ellington, James Rivers, Jr., Claiborne Holtzman, John Lovell, Richard Bender and Bradley Vaughan.

The Danish system of judging will be used and ribbons and cash will be awarded by Sears-Roebuck Co., sponsors of the chain which enables 10 4-H members in the county to obtain 100 pullets in the spring, raise them and bring 12 to the poultry show and sale to exhibit and sell at auction.

The sale of pullets will be held at 3 p. m. Each crate of 12 will be sold to the highest bidder. Past records made by these pullets prove them to be excellent layers, according to Ann R. Kilian, assist. home economics agent, and L. B. Harbage, assistant county agricultural agent. They will be good buyers for those desiring a few layers to keep the family supplied with eggs, the agents said.

The money these chickens bring this year will go to buy pullets for 10 or more 4-H girls and boys next year.

At Warren County Fair

Colored School Day To Be Held Friday

Colored School Children's Day, a big event at the annual Warren County Fair, has been postponed from Thursday afternoon to Friday afternoon due to rainy weather.

This afternoon hundreds of Warren School children are expected to be present at the fair to enjoy the exhibits, rides and other attractions to be found along the midway. Prizes for these school children have been reduced for

this occasion. While rain reduced fair attendance late Wednesday afternoon, precipitation held off long enough for the white school children to have their day and for the annual Calf Show to be held.

The 24th annual Warren County Fair, sponsored by the Warrenton Lions Club, opened on Monday afternoon, with the Palmetto Exhibition Shows playing the midway.

Crowds were described as better on Monday night than they were on opening night a year ago, although a little lighter on Tuesday night. In spite of rainy and drizzling weather, the crowds were surprisingly large on Wednesday night.

Barring heavy rain, Fair officials were predicting a large crowd Thursday night and a banner crowd on Friday and Saturday nights, usually big

nights at the Warren County Fair.

Exhibits have been particularly fine this year, according to County Agent Frank W. Reams, who said Thursday that based on his 15 years experience with the Warren County Fair, "the average quality of the products displayed were equal or better than in prior years."

Reams also had praise for the Calf Show on Wednesday afternoon. He said the crowds attending the show more than doubled the crowds attending any previous show.

Conrad Bender's heifer was named champion and Roy Felts' cow was named reserve champion. Reams said that Conrad is a small fellow and had a difficult time preventing the large ribbon from dragging the ground. Reams said that the beautiful ribbons are almost two feet long and when held high by a young 4-H boy leading a fancy calf is a sight that brought applause from the spectators.

Ronnie King walked off with both best fitted and showmanship ribbons. Reams—who praised the care given the animals by the 4-H boys and girls—said that King's animal was really dressed up and responded to every movement and wish of her master.

Attracting much attention in the Exhibit Hall was the Blind Booth, sponsored by the Warrenton Lions Club and in charge of Lion Sam Warlick. This booth, filled with many useful articles made by the blind of North Carolina, offers an opportunity for the purchase of ideal Christmas gifts, and at the same time, aid for the blind which is the Lions Club's principal project, for which much of the proceeds from the Fair are used. The Fair is expected to close on Saturday night.

Eleven Miles Of Littleton Road To Be Resurfaced

LITTLETON—Road crews have started clearing right of way between Macon and Vaughan for the widening and resurfacing of U. S. Highway 158.

Bids on the long-delayed project were opened last spring. Dickerson, Inc., road construction firm of Monroe, was the low bidder.

The road will be resurfaced from Littleton to the Norlina bypass, a distance of 11.02 miles. Dickerson's bid on the project was \$569,000.20.

The project is scheduled to be completed by July, 1963. Survey teams have been working on the project for several months.

One-way traffic will be maintained on portions of the highway during the period of resurfacing, but it is not expected that the road will be closed to traffic.

Children's Choirs To Resume Practices

The Children's Choirs of the Warrenton Baptist Church will resume regular practices periods next week, the Rev. John R. Link, pastor, said on Thursday.

Beginners music activity will be held on Wednesday at 4 p. m., and the Primary Choir will meet on Thursday at 3:15 p. m.

Miss Clara Reid and Mrs. Charles DuRant of Halifax were weekend guests of Mr. and Mrs. Poyor Rodwell, Jr., Mr. and Mrs. Meredith H. Long and family of Cary were recent Stanner guests of Mrs. H. C. Montgomery and Miss Sadie Limer.

Education Body Appeals For Funds

The Warren Education Foundation, Inc., this week appeals to friends of higher education for donations that loans may be made to two Warren County girls in order that they may continue their education.

Sam A. Warlick, Jr., president of the foundation, in a letter mailed to a number of Warren County citizens, explains that one girl who received a \$150 scholarship needs an additional \$800.00 to complete a nine months business course, and another girl wants a loan of \$975.00 for the first year of nursing training. After the first year, Warlick said, funds and scholarships will be available for the remainder of the four-year course.

"These students," Warlick said, "have exhausted all possibilities for scholarships and loans from other sources and have turned to us (you) for help."

Warlick asks that any interested citizen who can do so mail or give to any officer or director of the Warren Education Foundation, Inc., \$5.00 or more so loans to these deserving girls can be made. He said it is the intention of these two girls to return to Warrenton after completing their education.

Officers of the Foundation are Sam A. Warlick, president; Richard R. Davis, vice-president; and Charles M. White, III, secretary-treasurer. Directors are Claude T. Bowers, Pett B. Boyd, Tom Brown,

Frank Daniel, Raymond A. Harris, Jr., Ed Harvey, Boyd Mayfield, Duke Miles, Randolph Miles, John G. Mitchell, Al Mustian, Harry Walker, F. P. Whitley and A. A. Wood.

Warlick said that it is recognized that many of the most worthy and promising high school students are unable to develop their capacities for becoming valuable citizens and leaders because of economic circumstances.

Warren Education Foundation, Inc., was organized in 1960 for the purpose of making loans to worthy students from Warren County. The recipients of the loans are chosen with regard to character, scholarship, ambition, responsibility and need, and established business principles are applied in granting the loans.

"We feel that the results of our two years operation have demonstrated that the fund fills a positive need in the county," Warlick said. "We also are convinced that we are investing in better education for some of our most worthy students and that these investments will soon begin to repay dividends for Warren County, but we need more help from you in order to continue this work."

Warlick said that eventually, the fund will become self-sustaining through the repayment of loans with interest, but the repayment of loans will not start until the students have finished school.

Boosters Ticket Buyers Are Listed

With some 130 Boosters Club memberships turned in, sales chairman Bill A. Benson this week urged supporters of athletics at the John Graham High School to purchase their Boosters tickets on or before October 5 in order that the club may reach its goal of 250 memberships.

Boosters Club tickets, which sell for \$10.00 each, entitle the holders to attend all home games in football, basketball and baseball without further charge. This is not only a help to the school, but is a bargain for those who attend games, Benson said.

Funds derived from sales of Boosters tickets make possible a good athletic program at the local school, Benson said. He pointed out that the activity bus was purchased in former years by the Boosters and that currently funds from Boosters tickets are being used to supplement coaches' salaries at the John Graham school enabling the school to retain the services of two exceptionally fine football coaches.

Benson said that the 130 names turned into this newspaper for publication this week do not represent all of the Boosters memberships sold. Perhaps there are 40 to 50 other names to be turned in by members of the sales committee, he said. He asks that these memberships with all others be turned in promptly for publication in the next

issue of The Warren Record. The list of members supplied by Chairman Benson on Wednesday follows:

Girl Scout Drive To Be Conducted Here Next Week

"Dig Deep For Girl Scouts" is the request of J. H. Kerr, finance chairman, on the eve of the Girl Scout Finance Drive which will be held October 1 through October 6.

A house-to-house canvass will be made and business houses will also be contacted. "A solicitor will come to your business or front door one day next week," Kerr said. "Please be willing to give them your attention when they approach you. If you have questions—ask; these workers can answer you. Your donations are needed and will be most appreciated in order that Warren County can support its share of the work of the Bright Leaf Girl Scout Council."

Mrs. Dixon Ward, Neighborhood leader, who is active in organizing the campaign, asks that any persons missed in the door-to-door campaign mail or give their contributions to J. H. Kerr, finance chairman, Warrenton.

"Those of us," Mrs. Ward said, "who are actively working with Girl Scouts are depending on you, the citizens of Warren County, to stand behind and support our girls."
