Bumbling old Doctor Bartolo almost gets his throat cut as the BARBER OF SEVILLE, Figaro, tries to divert the Doctor's attention from the romance between his ward, Rosina, and her suitor, the Count, who is disguised as a singing teacher. This scene is

from the National Opera production of the hilarious Rossini comedy. Figaro is played by Eric Cedergren, of Chicago; Rosina, by Helen Miller, of Danville; Dr. Bartolo, by John Miller of Chattanooga; and the Count, by David Flory, of Eaton, Ohio.

"The Barber Of Seville" To Be Presented At Hawkins School

A comedy that for decades has sent its viewers homeward with a glow of merriment will be presented at John R. Hawkins High School auditorium on March 25, at 8 p. m.

"The Barber of Seville," the hilarious account of intrigue and romance, spiced with a hint of scandal, will be performed by The National Opera Company, one of America's leading touring companies, just returned from a tour of the southeastern

United States.

The story of "The Barber of Seville" deals with the attempt of a barber named Figaro to arrange a rendezvous between a wealthy friend and a young lady. The obstacle is the lady's guardian, a big, bluff doctor who will allow no young men to see her.

Various stratagems are tried—a disguise as a soldier and the impersonation of a singing teacher. It takes all of

the considerable skill of Figaro to get the two together, and then the complications begin.

The leading role will be sung by Eric Cedergren, a baritone of Chicago. Don Wilder is the music director. The performance will be sponsored by Warren County CTA.

Mrs. Annie Mae Alston, CTA president, said yesterday that tickets may be obtained from members of the Classroom Teachers Association.

What Is Youth?

Youth is full of hopes and dreams, Happiness and many schemes; Paradise with many illusions, suddenly—much confusion!

Youth is floating on a cloud Heads lifted up and, oh, so proud! Longing to be part of a movement. Eager to lean toward worldly improvement.

Youth is made up of girls and boys Who have reached the age of putting away toys.

To fill our world with beauty and grace, But most important—to obtain their place.

'64 Chevy II Super Sport with V8 power

...and just the place to enjoy it

Find out for yourself what this Chevy II can really do. If there are hills nearby, let it give them a good going-over. Then see it give slow-moving trucks the run-around. With its new extra-cost V8 you need but give the accelerator an inch, and this Super Sport will take a mile. And this great highway performer looks the part it plays so well. A glance at its all-vinyl interior and door-to-door carpeting will tell you that. There's your choice of either the floor-mounted Powerglide or Four-Speed Synchro-Mesh

Chevy II Nova Super Sport with Bucket Seats transmission. Both are optional at extra cost, along with a Positraction rear axle, AM-FM radio, and many other accessories. And for all its new power, Chevy II rides so softly it seems to glide along the highway. That's because it has high-mounted independent coil springs in the front and Mono-Plate single-leaf springs in the rear.

With everything Chevy II Super Sport has going for it, it's no surprise your Chevrolet dealer is anxious to show you its price tag. Because that's the only thing about it that isn't super.
