Make-Up Polio Clinic To Be Held Today

A make-up clinic for those who missed taking their oral polio vaccine on Sunday will be held at the Warren County Health Center today (Friday) from 9 a. m. to 3 p. m.

Dr. Robert S. Cline, director of the clinics in Warren County, said Wednesday night that the Warren County Medical Society was very much gratified with the response to the clinics. He said that approximately 10,500 received the polio at the three stations in Warren County Sunday and that fees paid were in about the same amount as for the second clinic held on April 19.

The three clinics were held in Warren County under the sponsorship of the Warren

County Medical Society in cooperation with the State Board of Health. Aiding in holding the clinics in addition to physicians, were pharmacists, nurses, and scores of volunteer workers.

The clinics were held at the Health Center at Warrenton, at the Norlina Woman's Clubhouse, and at the Afton-Elberon school. Dr. Cline said that the response of the public was very gratifying and the assistance of the volunteer workers is deeply appreciated.

Dr. Cline said that a cross-check will be made of the records of those receiving the vaccine, and a make-up clinic for those who failed to receive all three doses of vaccine will be held later, probably some time in June.

Hotel Sold At Public Auction

For the first time in nearly a half century Warrenton is out of the hotel business.

Hotel Warren, built around 1920, and operated by the town since that time, was on Monday sold to Howard F. Oakley of Raleigh at a public sale at the courthouse door.

The purchase price was \$32,000, and was a restrictive sale in that the buyer agreed to continue to operate the building as a hotel.

Only two bidders were present at the sale at noon Monday. Peyton B. Rogers, Warrenton business man, bid \$31,000 for the property.

The board of town commissioners met in called session at 2 p. m. Monday and approved the sale, and the hotel is now being operated by Mr. and Mrs. Oakley.

The commissioners also met in called meeting at 9 a. m. Monday when General Claude T. Bowers, Jesse B. Martin and John G. Mitchell appeared to ask that the town assume outstanding indebtedness of the Warrenton Hotel Corporation, former lessees of the hotel property. The commissioners deferred making a decision on this request until a later date.

Once Warrenton was the subject of a feature article in Collier's Magazine when it was described as the "Town That Owns Itself." At that time the town owned its own railroad, its own power plant, its own ice plant, and its own hotel. With the sale of the hotel Warren, only the railroad remains, with the town holding 70 per cent of the stock.

Allen Kimball of Manson and W. J. Wilson of Macon attended a meeting of the Farmers' Advisory Committee for Preyer in Raleigh on Tuesday.

Poppies To Be Sold By Legion Auxiliary

Some 1500 poppies will be sold in Warren County Saturday, May 23, under the sponsorship of the American Legion Auxiliary, Mrs. Leonard Daniel, Poppy Chairman, announced yesterday.

Saturday is Poppy Day in the county and in the nation, Mrs. Daniel said, and more than 25 million poppies will be distributed nationally under the supervision of the American Legion Auxiliary. Poppies to be sold in Warren County were made at the Veterans Hospital in Durham.

Mrs. Daniel said these service men work throughout the year making poppies in order to receive therapy, as well as gainful employment. Through the poppy program more than \$300,000 was paid last year to needy and disabled service men and women who made the flowers. All contributions received on Poppy Day go directly to aid the veterans and their families.

The red crepe paper memorial poppies worn on Poppy day, once a year, are made by veterans in hospitals in 40 states. The veterans are paid for each poppy made and receive all materials free from the Auxiliary in the state where

the hospital is located.

"Poppy Day is an annual memorial to the dead of both World Wars and the Korean conflict," Mrs. Daniel said. "By accepting a poppy from a member of the American Legion Auxiliary or some other volunteer worker, we aid the living and honor the dead. Poppies still cover the fields of France under which so many of our service men lie. On Poppy Day we all have an opportunity to place these handmade memorial flowers over our hearts in tribute to the sacrifices which they made.

"When you are asked to wear a poppy on May 23, remember the veterans in a hospital who made the flower."
