## Candidates Seek Places In Run-Off

Warren County voters will go to the polls Saturday to determine the fate of six candidates in the second Democratic Primary when nominees for Governor, Lieutenant Governor and State House of Representatives are to be chosen.

Seeking the nomination for Governor are Judge Richardson Preyer and Judge Dan Moore. Candidates for Lieutenant Governor are Robert Scott and Clifton Blue, and candidates for the House Seat are Wilton R. Drake and Frank B. Banzet.

In the first primary Preyer led Moore by nearly 25,000 votes in the largest vote ever cast in the state. Dr. I. Beverly Lake, strong candidate in Eastern Carolina, was eliminated. Several days after the first primary, Dr. Lake said that he would support Judge Moore. How much of this Lake support will swing to Moore is expected to be a determining factor in the election.

Scott, a new comer to state politics, made a strong run for Lt. Governor, leading Blue,

an Aberdeen publisher, by some 45,000 votes. Scott is former State Grange Master and is the son of the late Senator W. Kerr Scott, which was a source of strength in the first primary.

In the local race Frank Banzet was the high man in the three-man race. He received 2109 votes to Drake's 1574 votes. Eliminated in this contest was T. T. Clayton, Warrenton Negro lawyer, who pulled 1344 votes.

High man in the gubernatorial race in Warren County in the first primary was Dr. Lake who polled 2716 votes. Judge Preyer was in second place with 1731 votes and Judge Moore received 579 votes.

Scott polled 2321 votes to Blue's 1962, while Jordan, the third candidate received 440 votes.

More than 5,000 votes were cast in Warren County in the May 30 primary to set a new record. A considerable smaller vote is expected here Saturday, but the vote is expected to be larger than is usually the case in a second primary.

## Only One Road Case In Recorder's Court

Only one road sentence was handed out by Judge Julius Banzet in Warren County Recorder's Court last Friday.

William McKinley Powell, found guilty on a non-support charge, was ordered to serve three months on the roads.

In another non-support case, Frank Junius Wood was found not guilty.

Clarence Jasper Hedgepeth pled guilty to a charge of drunk driving and was ordered to pay a \$100 fine and court costs.

Lizzie B. Kearney was found guilty on assault charge. Prayer for judgment was continued for one year upon condition that the defendant remain of good behavior and pay court costs.

Clevenia Alston was found guilty of assault. Prayer for judgment was continued for one year upon condition that the defendant pay court costs.

Willie Buck Alston pled guilty to a charge of indecent exposure. Prayer for judgment was continued until Sept. 18, 1964, upon condition that the defendant pay court costs and remain of good behavior until Sept. 18, 1964.

Claude Mayfield, Jr., was in court to answer a charge of assault. It appearing that the defendant and the prosecuting witness have composed their differences and are not living together, it was ordered that prayer for judgment be continued for one year upon payment of costs.

John Scott Hughes pled guilty to a charge of breaking and entering. Prayer for judgment was continued for one year upon condition that the defendant remain law abiding, violate no criminal laws of the state for one year, remained gain-

## Methodists Approve Fund Allocations For N. C. Colleges

Burlington--Delegates to the annual meeting of the North Carolina Methodist Conference Wednesday approved the following fund allocations to North Carolina Methodist colleges:

North Carolina Wesleyan, Rocky Mount and Methodist College, Fayetteville, each \$137,000; Louisburg College, \$110,000; High Point College and Greensboro College each \$10,000; Duke Divinity School, \$21,000.

The Commission of Christian Higher Education had recommended a slightly higher amount in each case except Duke Divinity School, but the delegates cut the figure slightly.

The conference voted to withdraw proposed financial aid amounting to \$6,800 for a Raleigh office to handle and process pledges in eastern North Carolina.

## Make-up Doses Of Oral Polio Vaccine Offered

Those who missed taking polio vaccine during the recent clinics will have opportunity to take make-up doses during the month of July.

Dr. Robert S. Cline, president of the Warren County Medical Society and director of the three polio clinics held in the county, said yesterday that oral polio vaccine will be made available to the Warren County Health Department by the Warren County Medical Society for make-up doses of all three types at regular clinic hours during the month of July only.

Anyone desiring to have a dose or doses made up may

obtain them at the Health Department on the Hospital grounds, Dr. Cline said.

He said this will be only for make-up, and that no new series will be offered.

Regular clinic hours at the Health Department are 8-12 Tuesday mornings, 1-4 Wednesday afternoons, and 8-12 Thursday mornings.

Miss Kaye Fair is attending Summer School at the University of North Carolina, Chapel Hill.

Mrs. David Hyatt of Waynesville visited her mother, Mrs. W. H. Dameron last week.

# Warren County Tax Rate Upped To \$1.90

## Tentative Budget Calls For No Change In Warrenton Tax Rate

### Total Cost Is Nearly \$900,000

### Wilson To Serve Warrenton Church, Replacing Barrett

The Rev. Troy J. Barrett, pastor of Wesley Memorial Church at Warrenton for the past five years, has been transferred to Cary by the Methodist Conference meeting this week in Burlington.

Mr. Barrett will be replaced by the Rev. Ted Wilson, pastor of the Methodist Church in Warsaw for the past seven years. He will arrive in Warrenton on July 2 with his wife, Lib, and three children. His oldest child, 16-year-old Terry, is a junior in high school. A boy, Lynn, is in the fifth grade, and young son, Bill, is in kindergarten.

Mr. Wilson is the grandson of the late Mr. and Mrs. Sam G. Wilson of near Warrenton. His father, the Rev. W. C. Wilson, who is secretary of the North Carolina Methodist Conference, married the former Essie Wilson, daughter of Mr. and Mrs. Sam G. Wilson.

The Rev. Bruce Pate of Raleigh will replace the Rev. J. B. Parvin as pastor of the Norlina Methodist Church. Mr. Parvin has been assigned to St. James in Tarboro.

The Rev. Wayne Wingfield has been assigned to Bethlehem and Shady Grove after serving Hatteras. The Rev. Bill Sabiston will organize a new church in the Garner area near Raleigh.

The Rev. N. W. Grant, a former pastor of the Warren Methodist Church, who has been at St. Paul's in Goldsboro, will serve as Superintendent of the Raleigh District.

There will be no change in the Town of Warrenton tax rate for the fiscal year 1964-65 under a tentative budget adopted by the town commissioners Monday.

Based on a total assessed valuation of \$2,810,000 and predicted collections of 90 percent, the town budget calls for a total outlay of \$104,387.50. Of this amount \$83,640.00 is for general fund purposes and bond fund purposes of \$21,347.50. The tax rate for general fund will be 75¢ and the bond fund tax will be 35¢.

Property taxes and polls are expected to account for \$18,089 of the general fund budget. Water sales are the greatest

single source of revenue for the town, with \$40,500 estimated from this source. Sewer service charges account for \$3,001. Other large sources of revenue are wine and beer taxes, \$1,100; ABC Store profits, \$2,250, and intangible tax, \$1,200. The general fund rate was held to 75¢ by the allocation of \$12,000 surplus funds to the budget.

General fund expenses are: General and Administrative, \$14,505; Hotel, \$325; Civil Defense, \$360; Street Department, \$16,900; Water Department, \$26,880; Police Department, \$12,500; Fire Department, \$8,680; and Contingency and Emergency, \$3,500.

Nearly nine hundred thousand dollars and a tax rate of \$1.90 will be required to carry on operations of the county and its agencies during the 1964-65 fiscal year, according to the tentative budget adopted by the board of county commissioners on June 16, and released Monday.

A copy of the budget is on file for public inspection in the office of the clerk of the board, S. E. Allen, Register of Deeds. It will remain open for 20 days prior to its adoption.

The new budget calls for a 15 cents increase in the tax rate—from \$1.75 to \$1.90—and is due largely to a special 5¢ tax for an industrial engineer, recently approved by the voters, and an increase for the Warren General Hospital.

The largest single item in the \$891,275.36 budget is for debt service. Earmarked for this purpose is \$313,718.25

About one-fourth of the budget is for school purposes, other than retiring school bonds, \$137,583.00 for current expense and \$87,068.00 for capital outlay.

Other items going to make up the budget are: General, \$159,132.90; County Accountant, \$10,501.89; Farm Agent, \$16,237.45; Home Demonstration Agent, \$8,464.34; Public Health, \$21,463.05; Poor, \$2,625.00; Aid to Blind, \$4,743.49; Old Age Assistance Grants, \$24,616.20; A. F. D. C. Grants, \$12,087.60; Welfare Department Administration, \$36,129.44; Hospital Maintenance, \$23,814.00; Revaluation, \$5,953.50; Industrial Development, \$9,450.00.

Only \$365,767.30 of the tentative budget comes from local tax sources. Of the \$313,718.25 earmarked for debt service, \$300,000 is expected to come from sale of school bonds. Other sources of revenue include ABC profits, intangibles, surpluses and federal and state grants.

## R. Mountain Fever Reported In Warren

Two cases of Rocky Mountain Fever have been reported from the Norlina-Wise area by the Warren County Health Department.

One of these cases proved fatal. Floyd Allen Parrish, 6, died on Monday of last week from the disease. He was the son of Mr. and Mrs. Johnny Floyd Parrish of Wise.

Another child has contested the disease, but its name could not be learned from the health department. It was learned that in this case the disease did not prove fatal.

Dr. Robert F. Young, Warren County Health Officer, in a telephone call from Halifax to this newspaper called attention to the disease, which he described as very serious. Often where the disease does not prove fatal it deals a crippling blow to the nervous system.

The disease is transmitted by a tick, Dr. Young said. He advised that parents, especially those in the Norlina-Wise area watch carefully for these ticks on their children. He advised that children be examined

several times a day to see if they have any ticks on their bodies. He said that it took several hours for a tick to infest a person and that quick removal of ticks would prevent infestation.

Dr. Young advised that ticks be removed with tweezers or alcohol sponge to prevent person from breaking the body of the tick and infesting himself or the child with its poison.

People who live in rural areas or who have occasion to go into the woods are advised by Dr. Young to see their family physician and obtain a vaccine against the tick. He said that this would be a wise step to be taken by all persons whose work carries them into the brush.

Dr. Young also advised that persons owning dogs and other pets use a spray or powder on them to kill ticks.

Rocky Mountain Fever is an extremely dangerous disease, Dr. Young said, and every precaution should be taken against infestation.

## Another Mower Is Found By Police In Kerr Lake

Henderson—A second stolen lawn mower was pulled from waters of Kerr Lake Tuesday afternoon by searchers at the N. C. Highway 39 bridge, just north of Harris crossroads.

Police Capt. J. B. Reaves said three members of the Vance Rescue Squad, Capt. Ranger Wilkerson, Webb Miller and Gilbert Clayton, worked with police during the afternoon and with rescue squad equipment pulled the second mower from the water.

Dragging operations were conducted as a result of an incident last Sunday when the first mower, a riding-type machine, was found by three Morrisville boys who were fishing at the scene.

Both mowers have been identified as machines stolen from Hannon's Lawn Mower Shop at 1710 Parham street in Henderson. Capt. Reaves explained today. The theft of the first machine occurred during the weekend of June 6 and it was thought the second mower was stolen at the same time.

## Legion Auxiliary To Install Officers

The American Legion Auxiliary, Unit No. 25, will meet on Thursday evening, July 2, at 8 o'clock in the Assembly Room of the Warrenton Baptist Church. Installation of the slate of officers for 1964-65 will be held.

Hostesses will be Mesdames W. L. Fuller, Palmer King, H. E. Shaw and A. A. Wood.

## Ruritan Club Plan Fire Company For Wise Area

The Wise-Paschall section of Warren County will have a rural fire department if present plans of the Ruritan Club in that community are carried out. The company would be an auxiliary of the Warrenton Rural Volunteer Fire Department.

A report on the fire department was made at the June 18 meeting of the club, when it was announced that Joe Riggan had been named fire chief and a list of firemen was read by the fire department committee.

The committee reported that they had found the cost of a 5-x30 building, to house two trucks, would be \$3200. A lease for the land for the building had been offered by Clanton Perkinson, H. E. Coleman reported.

The members voted to start construction on the building in August.

Twenty members were present for the meeting when C. C. King's Sunday School Class was in charge of the supper.

Bob Harrison, reporter for WHNC Radio Station in Henderson, was the guest speaker and gave an interesting talk in which he explained how local and foreign news was gathered and transmitted.

the members were told that a contract had been signed with a donkey ball club in Ohio and that a donkey ball game would be played at Wise on August 29.

## Blalock Was Winner Of \$500 Scholarship

A Warrenton Cotton and Fertilizer Company scholarship of \$500 was awarded during commencement exercises at John Graham High School recently to Al Blalock, Jr., son of Mr. and Mrs. A. C. Blalock of Warrenton, and not to Roddy Drake, son of Mr. and Mrs. W. R. Drake of Macon, as was inadvertently stated last week.

Also incorrectly stated in the same article was that 50 percent of the graduates would continue their education beyond the high school level. The statement should have read 80 percent.

In the account of 4-H boys and girls attending the Northeastern District 4-H Demonstration Day at Benvenue published last week, the name of Miss Emily Rideout was inadvertently omitted from the list of those present. Miss Rideout attended as Warren County winner of the dress review.

## Man Struck By Car Is Hospitalized

A North Warrenton man was hospitalized when he was struck by a car here during a rain on Wednesday afternoon.

Robert Joe Spence, 63, who lives near Smiley's Store in North Warrenton, suffered bad leg injuries and lacerations around the head when he was struck around 2:40 p. m. by a car driven by Miss Ellen Shearin, daughter of Mr. and Mrs. Roy Shearin. Riding with her was Miss Cynthia Frazier, daughter of Mr. and Mrs. W. B. Frazier.

State Highway Trooper V. R. Vaughan, who investigated the accident, said that Spence came around from behind a truck during a rain and walked into the path of the car driven by the Warrenton girl. He said that Miss Shearin is absolved of all blame for the accident and no charges were made.

## Open Air Revival

An open air revival sponsored by the Warrenton Pentecostal Holiness Church will begin June 29 at 7:30 in Davis Alley in Mrs. Cora Gibsons yard. Plans are to have a different speaker each evening. The public is invited.

## RIDGEWAY SERVICE

A service of Evening Prayer will be held at the Church of the Good Shepherd, Ridgeway, on Sunday afternoon at 3 o'clock with the Rev. M. S. Stone, pastor.

A cucumber picking machine is shown in operation during a Field Day held near Eaton's Ferry on Wednesday. L. C. Cooper, Negro County Agent, who staged the demonstration, said that more than a hundred persons watched the operation during the day. The machine, which works

on the same principal as the tobacco planter, in this case riding pickers, will double the amount of cucumbers picked by a worker, Cooper said. He added that its use would increase cucumber production in the county. The demonstration was held in a field owned by A. T. Carroll of Embro.
