Yellow Jackets Down Franklinton In Mud

Warrenton downed previously unbeaten Franklinton here last Friday night in a battle of the mud, as a few hundred spectators sat through a drizzling rain for three quarters of a game marked by fumbles and quirk.

The Yellow Jackets kicked off and Franklinton fumbled on the first play of the game, with Warrenton recovering and driving for a quick touchdown.

Three times Warrenton scored in the first quarter, but luck turned as John Graham started its own drive deep in its own territory. The wet ball squirted into the air out of a back's arms and was grabbed by a Franklinton player who raced untouched across the goal line.

As if the score was getting too close, Yellow Jacket halfback John Coleman took a Franklinton kickoff and raced it back 85 yards for the touchdown.

John Graham led the visitors 25 to 13 at the half, with neither team scoring in the third quarter. John Graham wrapped it up in the final quarter by scoring three touchdowns while holding Franklinton scoreless. The last TD came in the last seconds of play.

John Coleman scored three touchdowns and Charles Edmonds two for the 44-19 romp. Edmonds scored both his TDs, the first from the seven and the second from the 16, in the opening period.

John Coleman's touchdowns came on runs of 85, 10 and 82 yards. Johnny Mack Coleman, scoring from the

three, and Elree Hilliard from the seven, wrapped up the Warrenton procession.

One of Franklinton's scores came on the intercepted fumble. Quarterback David Holmes passed for a second TD, and Caudle plunged over from the one for the third.

The game was not only marred by drizzle and mud and fumbles, but by costly penalties on the part of John Graham.

Gilbert To Head Lions Club White Cane Drive

Joe Gilbert, superintendent of Peck Manufacturing Company, will head the Warrenton Lions Club's annual White Cane Drive which will begin here Monday morning with the mailing of several thousand letters to citizens asking for contributions of funds for the blind.

Gilbert said that business houses will also be given an opportunity of helping in this most important work of the local club.

The letters, with a return, self-addressed and postage-paid envelope, calls attention to the needs of the blind and the association of the Warrenton club with the State Association for the Blind, and quotes a statement made by Helen Keller who said: "There is no lovelier way to thank God for your sight than by giving a helping hand to someone in the dark."

Gilbert said yesterday that he and his White Cane Committee ask for a generous response to this call for funds to aid the blind and near blind, which is the outstanding project of Lions

Four Teenagers Hurt In Friday P.M. Wreck

Four teenagers were hospitalized as the result of a wreck on the Warrenton-Norlina Highway around 11:40 p. m. Friday.

Taken to Warren General Hospital were Tony Short, 16, of Norlina, Route 2, Everette Dale Bryant, 16, of Route 3, Warrenton, Joseph Michael Baker, 14, of Norlina, and Richard West, 17, of Warrenton, Route 3.

Baker, suffering massive facial injuries, was transferred to Duke Hospital; Bryant, who suffered a broken leg, was

transferred to Louisburg Hospital; Richard West, with knee lacerations, was discharged Saturday, and Short, who suffered bruises, was discharged on Tuesday.

Involved in the wreck were a 1961 Rambler station wagon, driven by Richard West, and a 1955 Ford, driven by Alvin Bryant Caulder. Riding with West were Everette Dale Bryant, and Tony Short. Riding with Caulder were Phillip Parham, 15, of Norlina, and Joseph Michael Baker. Neither Caulder or Parham were hospitalized.

The wreck occurred about one-tenth of a mile south of the intersection of highways 401 and 158.

The wreck was witnessed by James Stegall, Jr., of Norlina, Investigating Patrolman Wallace Brown, said yesterday. He quoted Stegall as saying that the Ford driven by Richard West was following two cars headed toward Warrenton, when he started to pass and saw the station wagon driven by Caulder approaching and tried to get back into line. West's car skidded on the wet road and came in collision with the station wagon.

Brown said the Ford struck the Rambler in the dead center of the hood and that the impact spun the Ford completely around and it ended up in the ditch on the east side of the road. Neither driver was injured. He said that he estimated

Dr. Young said the age group 45 and over—was responsible for 14 of the 19 deaths, while diseases of the heart and blood vessels claimed eight lives or over 40 per cent of the total deaths. As usual cancer ranked second with four deaths. There was not a single death from the vast age span one through 44 years.

Eighty per cent of the total births for this period were Negro, Dr. Young said.

More Plantings To Be Made At J. Graham School

Additional plantings will be made on John Graham High School grounds under the direction of the Warrenton Planning Board, beginning with the south side of the campus facing Ridgeway Street.

This was decided at a meeting of the Planning Board held at the Citizens Bank on Wednesday afternoon of last week. The street planning committee reported the number of trees planted each year and stated plans for further planting this fall. Seven members of the board were present.

Mrs. John Mitchell, a member of the Planning Board, told the members that she had talked to Kenneth Brinson, principal of the John Graham School, and with J. Roger Peeler, superintendent of Warren County schools, relative to plantings at the school. She said that she had later discussed with Charles A. Tucker replacing some of the plantings at the school.

After further discussion regarding the school, it was agreed that the Planning Board would like to work with C. P. Gaston, president of the Warrenton Boosters Club, in planting shrubbery as a screen out-

A new labor survey will be conducted in the Littleton area following announcement last Friday by Dennis Rose, president of the Littleton Development Company, that Littleton is being seriously considered by a plastic industry for location of a new plant in the Littleton Development Company building.

Rose said that this company would offer employment to a substantial number of people and needs to be assured that an ample supply of labor is available from which to choose.

In view of this situation, Rose said, and because the existing labor information is over three years old, a new labor survey is to be conducted immediately through the school system and by having survey forms available in banks, postoffices and other public places.

Rose said this information is needed by November 1 so all possible efforts will be put forward to complete the survey. He said that favorable results in the survey would not necessarily guarantee the location of this new industry, but would go a long way toward insuring a favorable decision.

Unskilled as well as skilled labor would be employed, Rose said.

Application blanks are available at all stores in Warrenton, Littleton, Norlina and Macon and from Hall Brooks at the ESC Office in Henderson.

Bull riding, a decided hit at the recent horse show here, will again be featured in the Show-dee to be held Sunday afternoon at Curran's Arena on the eastern outskirts of Warrenton. Wet grounds last Sunday caused the Show-dee, a western style horse show, to be postponed until next Sunday, October 25. The event, sponsored by the Warrenton Rural Volunteer Fire Department, will begin at 2 p. m. The picture of the bull and his rider was taken at the recent horse show.
