Because the Federal Income cherries, cranberries, canned tax liability on E bond interest ripe olives, broiler-fryers and beef and you have a wide asspecial advantage in saving for sortment of foods from which retirement years. Income is usto plan your holiday menus. ually lower then, and with the It's always good news to know that turkeys will be in plenti-

ful supply for Christmas and bility on E Bond interest could New Year's dinners. And this year, you can also get turkey pieces and (at many places) turkey rolls. The rolls are all Another choice for the person meat and no bone -- for easy going into retirement is to excarving and neat slices for bufchange his E bonds for H fet suppers, snacks and sand-The advantage here is wiches. The pieces, of course, that interest is paid on the appeal to selective eaters -those who like that drumstick or that wishbone.

As for peanuts and peanut so are current holdings. Try this peanut topper for ice cream: Combine 1/2 cup peanut butter with 1 cup marshmallow fluff and 1/2 cup milk. Stir in 1/2 cup chopped peanuts. Serve over vanilla ice cream.

This year's crop of apples will yield 141 million bushels, more than in any year since 1937. A record-large red tart cherry crop plus a recordlarge pack of frozen cherries will put cherries, cherries, and more cherries on the market. Cranberry production is up 2 percent this year over 1963 and over the 5-year average. Early estimates are for a very large crop of ripe olives. Broiler-fryers, always in good supply, are expected to continue plentiful in December -- and at attractive retail prices. And beef supplies will be well above
