

# Lions Club And Fair Directors Hold Meeting At Country Club

A joint meeting of the Warrenton Lions Club and the Warren County Fair Association was held at the Warrenton Country Club on Saturday night with lionesses, Agricultural and other fair workers as special guests.

The meeting was presided over by A. A. Wood, president of the Lions Club, and by J. B. Thompson, manager of the Warren County Fair. The invocation was said by Lion J. Ed. Rooker, Jr.

A turkey-country ham dinner was served by the ladies of the Inez Community.

Guests were welcomed by Lion Thompson and were introduced to the club by County Agent Frank Reams and Home Demonstration Agent, Miss Emily Ballinger. Special entertainment consisted of several numbers by Charlie Davis, young son of Mr. and Mrs. Robert Macon Davis, with Mrs. Monroe Gardner, accompanist. Group singing led by Lion Monroe Gardner was one of the highlights of the occasion.

Following the dinner, dancing was enjoyed with music by "The Wicked Wigglers", with Lion W. R. Drake on the organ, Shipp McCarroll on the piano and guitar and Hugh Holt on the drums.

More than 150 attended the meeting with a number of invited guests attending the dance.

the Oconeechee Scout Council. Along with Dr. Massey as chairman, new officers are Petway B. Boyd, of Warrenton, and Meredith M. Watkins, of Henderson, vice-chairmen; E. Roscor Orr, of Henderson, district commissioner; and H. Wallace Potts, who continues as Scout Executive for the district.

The Silver Beaver awards to Smith and Dr. Massey were presented by Dr. William W. Noel, of Henderson, Oconeechee vice-president and himself a Silver Beaver winner. The award is made for "exceptional service to boyhood by registered Scouters within the territory under jurisdiction of a local council. Particular consideration is given for civic service toward the welfare of the community and state, active participation and leadership in church and religious life, and service to boyhood through the Boy Scouts of America and other worthwhile youth programs. Only registered volunteer Scouters over 21 years of age are eligible."

The citation for Smith pointed out, in part, that he is now district commissioner and for the past nine years had been Cub Scout Roundtable commissioner. "He has been instrumental in organizing and maintaining a top-notch Cubbing program in the district, as well as keeping the adult leadership recruited and well-trained... He has been known for a number of years as 'Mr. Cubbing' in his district and has devoted untold hours to Scout-ing."

Dr. Massey's citation noted that he previously earned the Eagle Scout badge when he

This quotation caught my eye the other day and I think it is worth passing along: "The farm is the anchor that will hold through the storms that sweep all else away."

was himself a Boy Scout and has been active in adult Scouting for 14 years, serving as Scoutmaster, institutional representative, district vice-chairman and district chairman. He is likewise active in various phases of community, civic and church endeavors in Warrenton. Dr. Massey on previous occasions has won the Distinguished leadership citation, has been elected into the Order of the Arrow, won the Scouter's Training award and other certificates.

Vanwarco District Distinguished Service awards for 1964 were presented last night by John T. Church, an Oconeechee vice-president and also a Silver Beaver winner previously. Winners were William D. Payne, Jr., Cubmaster; Mrs. Margaret Rose Payne, den mother; William J. Kleene, Scoutmaster; Fred McFarland, Explorer advisor; Samuel R. Whitten, district Scouter; E. Roscoe Orr, awards as commissioner, neighborhood and roundtable commissioner and Arrow awards chairman; J. Thomas Wells, assistant Scoutmaster; Leonard S. Daniel, Scouter's Key; and W. K. Delbridge, also Scouter's Key.

Dr. Massey presided at the "pot-luck dinner" event last night. The invocation was given by Dr. W. W. Leathers, Jr., and the district progress report was submitted by District Executive Wallace Potts. Smith extended recognition to veterans and roundup winners, Paul Walker, 605; Bill Payne, 646; and the Salvation Army, 655.

The Rev. Warren B. Pette-way extended recognition to 1964 Eagle Scout badge winners, Randy Hunt, Allen Edwards, Garry Hunt and Dwight Ayscue.

Recognition of unit leaders was by Wallace Wood, Oconeechee Scout Executive and attendance and table decoration awards were presented by Roscoe Orr.

Table decoration winners were Cub Packs 630 and 605, Scout Troops 629 and 617 and Explorer Post 629. Pack 691 won the attendance prize. In charge of dinner arrangements were Chairman Arthur H. Lord, Robert E. Smith, M. M. Watkins and A. G. Borden.

confronted. However, it will not be the closely knit family unit that we have known through the years. This is tragic, too, because the rapid disappearance of the family farm is continually breaking families into which the greatness and stability of this country has rested.

While the small family farm may disappear from the American scene, it can be predicted with some degree of certainty that, in the next 10 or 15 years, the producers of food, feed and fiber will be the most highly respected citizens in America. And we might hope, too, the best paid.

It is entirely possible that while upgrading the space scientist, we are inadvertently down-grading everyone else who does not fit into this select category. We still need and always will, agriculturists, engineers, and others, who supply the leaven which makes the loaf-----

It is not too late to plant bulbs in the lower Piedmont and Eastern Carolina - crocus, tulips and daffodils. If you plant peonies, November is a good time. Don't set them too deep. The buds should be covered only to a depth of about two inches.

Leaves from deciduous trees are a problem right now and will be for some time. The better plan is to rake them up and make a compost pile as a good cheap source of organic matter which has so many uses in the vegetable and flower gardens.

If you have dahlias, perhaps the better plan is to dig the clumps and store them over winter. Any suitable container may be used. Peat or vermiculite around the clumps in the container will give all the protection needed. Store containers in a cool place but one that is safe from freezing temperatures.

If you do not dig the clumps, protect them with 4 or 5 inches of pine straw or clean grain straw. This would be more important in the mountains.

A new non-wood bowling pin has been approved by the American Bowling Congress. It is made of a hollow aluminum casting filled with plastic foam and covered with urethane rubber.
