### Have A Heart

Sunday is Heart Sunday and on that day scores of volunteers in Warrenton will make a house to house canvass to reduce the ravishes of this leading killer.

When they appear at your door on Sunday make their task easier by meeting them with a friendly smile and a generous donation for a most worthy cause. After all their's is the harder part, for collecting money, even for a good cause, is no easy task. It is time consuming and asking for money is not always the most pleasant job. For most of us the task will be easier. We only have to make a contribution as our part in the fight to improve the health of our nation.

Diseases of the heart and the blood vessels are the leading causes of death in this country today. That the toll is not higher is due to research and medical skills de-

veloped as a result of money given during these annual Heart Fund Drives. The progress already made is astounding, but there is a long ways yet to go. Perhaps the disease will never be completely wiped out, but it will be reduced. Thousands who might be dead are today living a useful life because of your donations. The research goes on, new discoveries are being made, medical skills are being improved.

The skills of our physicians and surgeons have done much to cure heart disease, but the goal is to find the cause of heart disease and to prevent its occurrence. This requires continued research, and research on the massive scale needed requires tremendous amounts of money. Remember this as you make your contributions Sunday and add a little bit to your contributions.

Have a heart; give generously to the Heart Fund drive Sunday.

## Basketball Tourney On Tap Next Week

The regular basketball season closes this week and the tournament will begin in the Roanoke Rapids gym next Monday night and continue through the week with the championship games to be played on Saturday night.

Pairings for the tournament have not been made and no schedule of play can be made before a meeting of principals and coaches in Weldon Sunday afternoon, Coach Jimmy Webb of John Graham said yesterday.

William R. Davie will be host for the tournament being played at nearby Roanoke Rapids because of lack of space in the Davie gym.

John Graham played what is probably its last game of the regular season here Wednesday night when it was downed in both games of a double-header by William R. Davie. Coach Webb said that there is a remote chance that a make-up game may be played here Saturday night.

Faced with a rebuilding job, John Graham has enjoyed a

very disappointing season, one of the worst in years, with the boys being credited with only two victories and the girls coming up with three victories.

Both of John Graham's boys wins came over Littleton. The girls scored one win over Norlina and outscored Middleburg and Gaston.

Coach Webb said that with several of his players expected to return next year and some good prospects indicated from the Junior Varsity teams, the picture should be brighter next year. He said he was looking for at least a .500 season, and that it might

be better, depending on the development and desire of the players.

## Parents, Teachers Play Ball Tonight

Teachers and parents will vie tonight (Friday) in a basketball game sponsored by the Graham, Boyd and Macon PTA. The admission to the game will be the regular high school admission fee.

The game, to be held at the John Graham gymnasium, will begin at 7:30. The money received from the game will be used to sponsor a music program at Macon Junior High School.

Tickets are being sold by students at 25¢ each for a cake raffle to be held at the half-time of the game. Ten homemade cakes are to be won. Those attending are asked to have their ticket stubs at the game.

Mr. William Taylor of Raleigh was a guest of his sisters, Misses Katherine and Nonie Taylor on Sunday.

## For the guy who'd rather drive than fly: Chevelle SS396

Chevelle SS 396 Sport Coupe with Body by Fisher, seat belts front and rear, one of eight features now standard for your added safety.

## POTENT THE CHEVROLET WAY

This is about a Chevelle—a very special one—with a bulging hood, a black grille and red stripe nylon tires. Start it up and you've tuned in on 396 cubic inches of Turbo-Jet V8.

Get it moving and suddenly you're a driver again. With gears to shift. A clutch to work. Even a set of gauges to read, if specified.

Now take a curve, surrounded by a machine that delights in crooked roads.

This, you see, is an SS 396. A Chevelle, yes. But what a Chevelle.
