Lack Of Seat Belt

Blamed For Death

The launching of the up-dated program for Girl Scouts of the "sixties" requires additional training for some 2,000 Girl Scout volunteers in our council, Mrs. Odom said.

"Through Girl Scouting," Mrs. Odom continued, "our girls can enjoy wholesome recreation, make newfriends, learn practical skills, and develop healthy attitudes that will help determine the direction their lives will take. The theme of the finance campaign for our Girl Scouts is "Service- A Girl Scout Promise." Will you make a promise to help them serve?"

Mrs. Odom asks that persons who for any reason are not contacted during the week of the Girl Scout Drive, to send their donations to her at Warrenton.

over the past years and this year has one of the largest premium total for exhibits and booths of any county fair. An outstanding event is

the two school days, Wednesday and Thursday, when school children will be admitted free and all rides, with a few exceptions, are 10¢. In addition the fair gives away valuable prizes on a drawing from tickets held by school students. This year the fair is giving a nice gentle pony on each of the two school days and additional prizes as well.

The Junior Dairy Calf Show will be held on Wednesday, Sept. 21. The 4-H Poultry Show will be held on Friday, Sept. 23.

Lanier said that an unusual attraction for the fair this year will be the free acts each night and on the school days afternoon. He said these acts feature "Les Plates" of Brandon, Fla., in high aerial acts; the famous "Dam Brothers" in unicycle acts that have been seen on TV shows; and also "The Kristensen Troupe" of trick riding with their lovely horses. "This is one of the most outstanding free acts ever offered at the Warren County Fair and is sure to please all ages," Lanier said.

"Post Office Department approved city delivery service 2751 patrons Warrenton, effective approximately Sept 20. Residential delivery will be to boxes at curb with door delivery to business estab-lishments."

Mrs. Sarah Read, acting postmaster, said yesterday the the Warrenton Post Office has received no notice from the Post Office Department concerning any plans for city delivery of mail here.

She said she received a letter from Congressman L. H. Fountain Thursday morning notifying her that city delivery of mail would be started here around Sept. 20. His letter contained the identical information released in his earlier telegram to The War-

Plans were made for city delivery of mail here last year and citizens were practically assured of this service, but on March 2 the Postoffice Department notified Postmaster Leonard Daniel that the service would not be furnished Warrenton because the area did not maintain 2500 inhabi-

Following this ruling, Mayor W. A. Miles during the following week was notified by Congressman Fountain that Post Office Department officials at Washington had agreed to reopen the Warrenton file and see if arrangements could not be made to provide the service.

Rep. Fountain talked with post office authorities at the request of Mayor W. A. Miles.

Action of the Post Office Department in turning down delivery service at Warrenton came after Warrenton had been led to believe that it would obtain this service and after the Warrenton Lions Club and citizens of the town had invested approximately \$1,000 in house numbers and boxes.

Following the early March notice that the post office files would be re-opened, no word had been received concerning city delivery of mail at Warrenton until Rep. Fountain's notification on Tuesday.

We Are Sorry

Screen hearing tests will be conducted in an electric mobile hearing test which will visit Warrenton on Saturday, Sept. 17, from 10:30 to 12:30 o'clock.

In the story in last week's paper, it was inadvertently stated that the unit would be at Warrenton on Sept. 10, and a number of persons came to the site to avail themselves of the services of the unit. We are sorry for the inconvenience that we caused to a number of our readers.

The unit, sponsored by the North Carolina Hearing Services, will be located on the south side of the court house square. No charge will be made for the tests.

in which it was erroneously stated that the town had the small rocks placed on the sidewalk.

During the county commissioners meeting last week when the matter of the sidewalk was before the board, the assumption of those present for the discussion was that the town had placed the stone on the sidewalk after the state had failed to pave the walk as a matter of policy. This newspaper based its story on the assumption.

Mayor Miles said that the town had no funds appropriated for sidewalk work out of the town.

He said that the stone had been placed on the walkway by the State Highway Department. Mayor Miles, however, said that he felt that the children and adults who must travel to Hawkins High School should have a sidewalk, "They deserve one," he said.
