**NOTICE TO WARREN COUNTY SCHOOL PATRONS**  
In compliance with a provision of the Court Order dated May 16, 1967, in the case of Alvin Turner, et al., Plaintiffs, vs. The Warren County Board of Education et al., Defendants, notice is hereby given that the Board of Education will conduct a new freedom of choice period from June 1, 1967, through June 30, 1967, during which time all schools within the county shall be made available for assignment to students within the county without regard to race or color.  
Choice of school forms, along with an explanatory letter, will be mailed to all parents on June 1, 1967. A self-addressed envelope will be included for the convenience of parents in returning the choice of school forms.  
Inasmuch as the new freedom of choice period is an extension of the previous period made available by the Board, any student who has previously made a choice may make a new choice or may, if he desires, refrain from making a new choice. If no new choice is made, a student's previous choice will control. (The choice of school form need not be returned unless the student wishes to make a new choice).  
A choice of schools may be exercised by a parent or other adult serving as the student's parent. A student may exercise his own choice if he (a) is exercising choice for the ninth or higher grade; or (b) has reached the age of 15 at the time of the exercise of choice.  
When a choice form has once been submitted and the extended choice period has expired, the choice is binding for the entire school year and may not be changed except in cases of parents making different choices from their children and in exceptional cases where, absent the consideration of race, a change is educationally called for or where compelling hardship is shown by the student.  
In the assignment of students to schools the Board of Education shall not give preference to any student for prior attendance at a school and, except with the approval of the Court in extraordinary circumstances, no choice shall be denied for any reason other than overcrowding. In case of overcrowding at any school, preference shall be given on the basis of the proximity of the school to the homes of the students choosing it, without regard to race or color.  
All students will automatically be assigned to the schools of their choice. No official notice will be given except in cases of overcrowding, in which case the student will be promptly notified in writing and given his choice of any school in the school system serving his grade level where space is available. The student shall have seven days from the receipt of notice of denial of first choice in which to exercise a second choice.  
Where transportation is generally provided, buses will be routed to the maximum extent feasible in light of the geographic distribution of students, so as to serve each student choosing any school in the system. Every student choosing either the formerly white or the formerly Negro school nearest his residence will be transported to the school to which he is assigned under these provisions, whether or not it is his first choice, if that school is sufficiently distant from his home to make him eligible for transportation under generally applicable transportation rules.
