Shade and flowering trees have so many uses in the landscape. They are essential for a beautiful setting and for gracious living. They not only provide shade and color but can be used for framing the house, background, screening and for windbreaks. Now is a good time to check your landscape and select trees that will blend harmoniously with the surroundings.

Perhaps a list of some of the more desirable trees will be helpful to you in making selections. First the small flowering trees: dogwoods, sourwood, crapemyrtle, flowering crabapples (there are many kinds to select from), serviceberry, Japanese cherries, sweet bay, goldenchain tree, mimosa (only wilt resistant sorts), white fringe tree, American mountain ash, saucer magnolia, American holly, flowering plum.

Of the shade trees. Oaks: live, laurel, Darlington, white, northern red, scarlet, willow, shingle, chestnut, swamp

chestnut, and southern red. Maples: Norway, sycamore, red, sugar and southern sugar maple.

Others: red and green ash, Kentucky coffee tree, American beech, southern magnolia, linden (basswood), white ash, pecan, hickory, pine, hackberry, river birch, yellow birch.

Some undesirable shade trees: osage orange, mulberry, honeylocust, Norway spruce (instead), black locust, American elm (dutch elm disease), chinaberry (trashy on lawn), silver maple (subject to storm damage - brittle), black walnut, southern catalpa, persimmon, blackjack, turkey and pin oaks.

It will be recognized that some of these undesirable sorts are so classified because of the fruits which drop when ripe and become a nuisance; mulberry, honey locust and osage orange.

Some unusual trees you may wish to plant: upright Norway maple, yellow-wood, weeping birch, upright ginkgo (specify male trees because female trees produce ill-smelling fruit), Asiatic magnolia, black gum, cork tree, Tifford red maple, English Oak, Armstrong red maple, Scanlon red maple, flowering ash, goldenrain tree, fruitless mulberry, littleleaf linden, whitebeam mountain ash and European mountain ash.

Your local nurseryman can help you with the lists supplied. If he cannot, let me know and I will try to put you in touch with a source of supply.
