The Rev. Mr. Lewis gave an interesting talk "what the Church Hopes to Do in Its Ministry to Youth."

Following the meeting, the hostess served iced drinks and cookies.

The next meeting will be held on Monday, Oct. 7, at the home of Mrs. W. M. White.

## Mrs. Lola Devine Observes Birthday

Mrs. Lola Devine observed her 97th birthday on Saturday, Sept. 7, at the old home place where she was born and reared. Friends called during the day to wish her a happy birthday and she received many nice remembrances for the occasion.

In the evening her grandchildren and great-grandchildren visited her and served ice cream, making it an enjoyable event for Mrs. Devine.

More than 52 billion steel cans were used in the U. S. during 1967.

## Norlina Woman's Club Holds Meeting

The first meeting of the fiscal year of the Norlina Woman's Club was held at the clubhouse last Wednesday at 8 p. m.

The six department chairmen of the club presented informative explanations of the various divisions of their respective departments. They were: Mrs. Leigh Traylor, chairman, Public Affairs; Mrs. Oliver H. Yancey, chairman, Education; Mrs. Ira Weaver, chairman, Conservation; Mrs. William Brauer, chairman, Home Life; Mrs. Eleanor Hayes, chairman, Fine Arts; and Mrs. A. J. Bobbitt, chairman, International Affairs.

Mrs. George Stultz, Sr., Mrs. Wallace Newman, and Mrs. R. H. Fuller were hostesses for the meeting, opened by Mrs. Lillian Kilian, president, who welcomed 20 members and one visitor, Mrs. Clyde Edwards.

Mrs. George Stultz, Jr., gave an impressive devotional, asking for our prayers for the leadership of our country. Mrs. Kilian reported on two workshops which she had attended during the summer, the State Workshop in Lake Junaluska, and the District Workshop in Scotland Neck.

Plans for a 'covered-dish' dinner at the October meeting were discussed. The Junior Woman's Club had expressed a desire to join this meeting; an invitation will be extended to the Literature and Music Club to also join this meeting. Mrs. Roy Barham, district president, will be guest speaker for the occasion.

A nominating committee, Mrs. Leigh Traylor, Mrs. A. J. Bobbitt and Mrs. James Hundley, was appointed to bring to the November meeting names to be placed in nomination for president, vice president, secretary and treasurer.

Refreshments were served by Sandra and Vickie Paynter.—Edward Tunstall, Reporter.

## Ridgeway 4-H Club Tours Meter Plant

The Ridgeway Community 4-H Club toured the Westinghouse Meter Plant at Raleigh on Tuesday afternoon of last week.

Three leaders, Mrs. Richard Holtzman, Mrs. John Kilian and Mrs. Rodgers Holtzman; four guests, Mr. John Kilian and Michael, Mrs. Florence Bender and Mrs. Faye Holtzman; twelve 4-H members, and Reese Dillard, a representative from Carolina Power and Light Company, attended the tour. Mr. Dillard and the Carolina Power and Light Company arranged the tour.

The group was represented by a representative of the company and were presented brochures and glasses that had to be worn throughout the plant. The group was then divided into smaller groups and introduced to the guide.

The group was shown how raw materials were used to make many parts that go into electrical meters and the way the meters were made. After much walking, the group saw the finished meters being tested and boxed for shipment. A member of the group said that it was all very interesting and that the average person doesn't realize the work involved or the many parts that those meters have.

## Norlina Takes Win Over Davie

Warren County Schools may not have opened, but the school football season has, as the Norlina Blue Waves won their first victory of the season at William R. Davie.

The first and second quarters were tough defensive battles between a Davie line reputed to be the third largest in the conference, and a Blue Wave defense led by Shearin, Hicks, Martin and Richardson.

Norlina received the initial kick-off, but was forced to punt. The Davie Devils returned the ball for short yardage, but then a fumble recovered by Norlina's Eddie Long put the Waves in control again.

As neither team seemed to be able to run with the ball for any significant gain, both Norlina and Davie took to the air, but tight pass defenses and many near-interceptions kept the ball on the ground.

Late in the second half, action picked up when Norlina's Al Floyd called for a fair catch, but was brought to the ground nonetheless. Gaining 15 yards on this penalty, Norlina followed up with a breathtaking 20 yard run by Mike Mulchi. Unfortunately, a clipping penalty was called on the play, and Floyd, in an effort to gain 1st down yardage, bombed a long pass to prime receiver Louis Pitchford, which was incomplete, and nearly intercepted.

The half ended with no score for either team. The third quarter was again a defensive duel, until, with less than two minutes remaining, Richardson and Pitchford advanced the ball to a position where Al Floyd, after a healthy run, was able to cross the goal line, and give Norlina the edge, 6-0! Davie struck back in the 4th however, when a smashing 40 yard run ending in a TD, and a successful run across the line for the extra point, gave the Devils what might well have been a winning 7 to 6 score.

Again, with less than two minutes to go, Floyd began the winning drive from the 50 yard line, as an aerial play to Pitchford gained 25. Kimball and Shearin carried for 1st down yardage, and Norlina's Jerry Foley ground out another 7. But it was again Al Floyd who crossed the line by running the end and gave the Waves their 12-7 victory edge!

## If your child is out sick too long, what will happen to his grades?

Perhaps nothing. A special telephone service can see to that. Twin portable microphone-loudspeaker devices, one at school and one at home, will let him hear and participate in all his classes right from his bed. Children with a lengthy illness have attended school and college this way, so you can be sure it works. So if a youngster has to be out of school for a while, isn't it nice to know he may not have to fall behind?

## SECURITY LIGHTS

## NITE LIFE

Here's a bright idea... stretch a few more hours into your busy days. You can do this and much more when you have outdoor lights controlled by an electric photo cell. It automatically turns itself on at dusk; off at dawn. Your yard, barn and out buildings can all be well lighted so you can still get things done... even after the sun sets.

Well-placed outdoor lighting is an important safety feature, too. Because you can see, even on the darkest night, there is less chance of injury

by a slip or fall. It means greater security, too. A well-lighted area discourages unwanted prowlers, both the two- and four-legged varieties. Animals, birds and equipment are thus protected... automatically... from dusk to dawn.

The cost? Only \$3.00 per month for 175 watt lamp and \$5.00 per month for 400 watt lamp for a normal installation on an existing pole. This charge covers installation, power and maintenance.
