WHITFORD ALSTON HUDGINS

Three Magistrates Named For Warren

Three Warren County citizens have been appointed magistrates for the Warren County District Court by Judge Hamilton Hobgood, resident Superior Court Judge, and will begin their new duties on Dec. 2.

They are Clyde V. Whitford, retired insurance agent of Warrenton; Magistrate N. G. Hudgins of Norlina, and Gid Alston, who operates an insurance agency and real estate office in Littleton. Alston is currently a member of the Warren County Board of Education.

The fee system has been abolished in the new court system and all magistrates will be salaried.

The magistrates, each of whom has been appointed for a two-year term, will work under the supervision of Chief Judge Julius Banzet of the ninth district court. Judge Banzet will set hours for each of the magistrates and will also set the scale of pleas and waivers.

Whitford will have his office in the Hendricks Building back of the court house. Hudgins will maintain his present office at Norlina, and Alston will use his insurance and real estate office in Raleigh.

The magistrates will attend a special school conducted by the Institute of Government at Chapel Hill on Nov. 18-19. The program of instruction will include detailed coverage of the new law as it affects magistrates, issuance of arrest warrants, processing of traffic waivers, trying small claims, sentencing minor offenders, criminal law and proceedings, courtroom decorum, and judicial ethics.

The district court sessions will be held in Warrenton each week in a manner similar to the Warren County Recorder's Court which will be abolished. The main difference between the operation of the Recorder's Court and the District Court will be that the jurisdiction of the District Court has been enlarged and district judges will rotate, with judges from other counties in the district holding the Warren County Court from time to time and with Judge Banzet holding court in other counties.

Magistrates proceedings will be carried as a part of the district court as has been the case in Recorder's Court.

Christmas Seal Sale To Start In Warren Nov. 12

Graham P. Grissom, vice president and Seal Sale Chairman of the Warren County TB and Health Association, will officially open the 62nd annual Christmas Seal Sale on Tuesday, Nov. 12, Mrs. Clyde Whitford, executive secretary, announced yesterday. She said approximately 2500 letters will be mailed in Warren County.

Great progress has been made in the control and treatment of tuberculosis, however, during 1966 a total of 47,767 new active tuberculosis cases were reported by Health Departments throughout the United States, and tuberculosis was responsible for 7,625 deaths, Mrs. Whitford said. In North Carolina 1,247 new active cases were reported and 147 deaths. Warren County sent ten patients to Sanatoriums, six with active tuberculosis, one relapse and two with other chest diseases. Tuberculosis costs the American people about one billion dollars each year for treatment, control and other direct and indirect costs. Other diseases that attack the lungs such as emphysema, asthma and chronic bronchitis are on the increase in North Carolina, and through our Christmas Seal

Campaign we hope to turn the tide in the direction of good health.

Mrs. Whitford said that seventy-seven per cent of all funds received in Warren County will remain here to finance the programs of your TB Association. These funds pay for the following: A year-round educational program; weekly x-ray clinics, an annual x-ray survey sponsored by the Tuberculosis Section of the N. C. Health Department, the Warren County Health Department and your TB Association (all x-rays are FREE); contributions to Medical Education and Research, Drugs, transportation, and other patient services. Your Association has recently purchased a combination Resuscitator, Inhalator, Aspirator for the Warren General Hospital to assist in breathing disorders.

"When you use colorful Christmas Seals you tell the world you are taking an active part in the fight against TB and other respiratory diseases," Mrs. Whitford said. "We appreciate your generous support in the past and hope you will answer your Seal Sale letter promptly."

Additions To Roads To Be Made

Surplus funds in the State Highway fund allocated to Warren County will be used to hardtop one road in the county; to stabilize another road and to stabilize a part of a third road, the county commissioners decided at their regular meeting here Monday.

After District Engineer Wayne Atkins and J. H. Beddingfield, county maintenance superintendents, had appeared before the commissioners to report that Warren had a surplus of \$140,000 of funds allocated to the county, the commissioners decided to use the funds on three roads with high priorities.

The board approved the hardtopping of the Club Pond Road near Elberon, and the stabilizing of the Long School Road in the eastern part of the county. Any funds left over will be used to stabilize a part of the W. D. Martin Road near Ome. It will probably be next spring before any work is done on the projects.

Frank W. Reams, industrial director, and Monroe Gardner of Bute Development Commission, appeared before the commissioners relative to the extension of water and sewer line to an industrial park north of Warren if and when a plant decides to move into the park. The commissioners agreed to provide the necessary funds under the condition that no funds would be provided until a factory is located. Application for a federal grant to pay half the cost of running the lines will be made.

Seeking to lower the cost of an addition to the Warren County Welfare Department on the hospital grounds the commissioners agreed to omit a conference room for the new building and to increase an appropriation for drawing plans for the building from \$250 to \$300 in order that new bids may be advertised.

In an effort to continue part of the work of Warren-Franklin-Vance Opportunities, Inc., the commissioners agreed to pay part of the salary of Director George Boyd for the next three months and to allocate \$300 for this purpose. The board had been requested that Warren County pay \$600 for this purpose to match funds provided by Franklin and Vance Counties, but said that this was not fair on a population basis and that no more than \$300 was available for this purpose.

The report of Claude Fleming, Dog Warden, showed that he traveled 1833 miles during the past months, picked up 58 dogs and sold \$7.00 worth of dogs, funds from which were turned into the dog fund.

R. D. Robinson of Warrenton was given a tax credit of \$2.00 when it was revealed that he had erroneously listed a dog for taxation, the dog being less than six months old at the time of listing. The tax and penalty had come to \$2.00.

Barbershop Moves

The Sanitary Barbershop, which has been in its present location for more than 30 years, moved on Wednesday to their new building next to the Puritan Cafe on Main Street.

Virginia Man Killed In Single Car Accident

Charles Lewis Thompson, 18-year-old white man of Boydton, Va., was killed at 12:50 a. m. Sunday in a single-car accident 5.2 miles north of Norlina.

Angus Tipton Gilreath, 18, of Chase City, Va., driver of the 1967 Chevrolet in which Thompson was riding, escaped with minor injuries.

Highway Patrolman Wallace Brown, who investigated the accident which occurred on rural paved road No. 1210, said that the car left the road in a curve and overturned throwing Thompson from the vehicle.

Changes in hours at the Peoples Bank at Norlina, effective on Nov. 12, were announced this week by Jimmy Medlin, cashier, as follows:

Monday through Thursday, 9 a. m. to 1 p. m.; Friday, 9 a. m. until 1 p. m. and from 3 p. m. to 5 p. m.; Saturday, 9 a. m. to 12 noon.

LEAVES FOR VIETNAM

William S. (Bill) Davis, Jr., left Tuesday for Vietnam after spending a few days here with his parents, who accompanied him to Raleigh - Durham Airport.

Warren County remained in the Democratic fold in Tuesday's General Election by the narrowest of margins while Richard M. Nixon was winning the State by a narrow margin.

This was the first time that North Carolina has voted Republican in a national election since 1928. Warren County has not voted Republican during this century, but it is possible that official returns might give the county to George Wallace, who was only 20 votes behind in unofficial returns late Tuesday night. Nixon ran a poor third in the county.

The unofficial vote in the Presidential race in Warren County Tuesday was Humphrey 2283; Wallace 2253; and Nixon 823.

Bob Scott, who was leading in the State at 8 o'clock Wednesday morning piled up a good majority in Warren County. Unofficial returns from 14 precincts gave Scott 3522 votes to Gardner's 1657.

While Nixon carried the State, Democrats fared well in most other races, with the Council of State being chosen from that party.

Uncertainty still rules in the Presidential race over the Nation. At 8 o'clock Wednesday morning Nixon and Humphrey each had 43 percent of the vote with the vote not complete in several key states. Nixon, who trailed in the popular vote early Wednesday morning, overcame Humphrey's popular vote lead as returns from the Far West came in and Wednesday morning was leading by more than 300,000 popular votes.

In Warren County local officials were without opposition.

Because of the number of voters who split the long state ballot in Warren County, returns from many of the precincts were late coming in. It was reported Wednesday morning that the count in West Warrenton was not completed until around 2:30 a. m. Wednesday and the East Warrenton precinct did not complete its count until around 6:30 a. m. Wednesday.

In the Presidential balloting in the county, official returns show that George Wallace won in six of the 14 precincts and Humphrey in nine. Scott was the winner in every precinct in the county.

Voting for Wallace were River, Sixpound, Hawtree, Smith Creek, Judkins and Norlina. Nutbush, Sandy Creek, Shocco, Fishing Creek, East Warrenton, West Warrenton, Fork and Roanoke cast a majority of their votes for Humphrey. Nixon carried no precincts in Warren County.

Bob Scott, who held a commanding lead in the State at midnight Tuesday, saw his margin reduced. He was leading at 10 o'clock Wednesday morning and had not at that time definitely won the election.

At 10 o'clock on Wednesday morning it was announced that Nixon had carried Illinois which gave him more than the 270 electoral votes needed to win. A short time before it was announced that Nixon, (See ELECTION, page 10)
