**SOUTH HILL, VA.**—Despite a tremendous offensive effort by Warrenton, Park View High School came out with a 30-18 non-conference victory over the Yellow Jackets here Friday night.

The Yellow Jackets led in all departments except scoring. Park View tallied all of its points in the first half while Warrenton was managing six in the second period and 12 in the fourth.

Senior stalwart Leon Edmonds picked up two of the three Warrenton touchdowns and Junior Al Cooper, in his first year of playing, bulled over for the third.

Park View jumped on the Yellow Jackets in the first quarter scoring on the 13th play of the game. The tally came on a 15-yard scamper by Nick Cleaton. Cleaton also scored the two point conversion, making it 8-0.

Cleaton continued to haunt the Yellow Jackets in the second period. He found Thomas Minor in the clear and shot him a TD pass which covered 25 yards. Park View again hit paydirt

midway of the second period when Russ Morris bulled over from the two. Lewis Merritt went over for the extra two points.

Cleaton again struck gold late in the second period when he raced in on a 40-yard scamper. This time, the point after try fell short.

Warrenton managed to get on the scoreboard on the first play of the second quarter when Edmonds went across from the four. The tally had been set up on a 40-yard jaunt by Cooper.

Fourth quarter action saw the Yellow Jackets drive 70 yards for their second tally. This time Edmonds went in from the three.

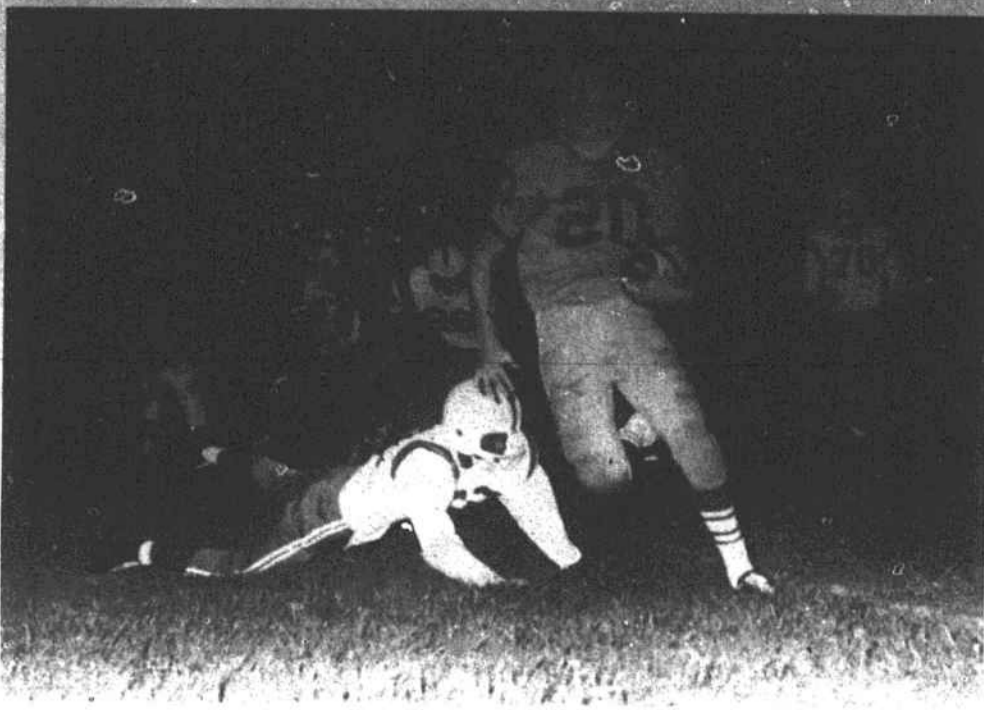

Warrenton's last TD came late in the fourth when Cooper went over on a 32-yard run. It was the 14th rushing play of the series. All of Warrenton's attempts for the two-point conversion fell short.

Edmonds finished the night with 99 yards, and Cooper and Floyd each had 71 yards. Floyd also had 90 yards in the air.

The Yellow Jacket defense was led by Danny Bartholomew with 10 tackles and six assists; Larry Short with eight tackles and six assists and Floyd with six tackles and five assists.

The game was the first of the season for both teams.

Score by quarters  
 Warrenton 0 7 0 12 - 18  
 Park View 8 22 0 0 - 30

CLARENCE THOMPSON RETURNS KICKOFF 12 YARDS

# Norlina Downed By Davie In First Game Of Year

**BY GARY McCULLOUGH**  
 The Blue Waves of Norlina suffered their first conference loss during the season opener Friday to Wm. R. Davie. The visiting Blue Devils, coached by newly appointed John Corbitt, had no trouble in downing the Waves 32-12.

Scoring action began late in the first quarter, and was set up by Norlina's defensive line. Davie elected to run in a 4th and 1 situation, but failed to gain the needed yardage. After a quarterback Mike Seaman made the handoff to Francis Alston, who lugged the ball for the tally. The conversion failed, and the Waves lead by six at the start of the second quarter.

Whitmore's kickoff gave the Blue Devils possession on their own 30, and they were quick to offset Norlina's edge. Quarterback Robert Godwin, red-dogged by the Waves front four, made a forced sweep around left end and ground to the Norlina 30 before being stopped. An illegal procedure penalty put Davie back on the 40, but another sweep by Godwin, this time to the right, saw the Devils tie the game 6-6. Losing a fumble on the Davie 30 made Norlina relinquish possibilities for a second touchdown in the first half.

A Davie fumble early in the third period gave the Waves another opportunity, but Alston's fumble on the 10 gave the

Devils the ball again. From here Davie began a drive which would end in their second tally. Following two 1st downs in seven plays, Eakes, on a handoff from Godwin, drove through the line and went all the way for a 55 yard touchdown.

Failing to get their offense rolling after the kickoff, the Waves had a second chance when a Davie fumble on their 45 gave Norlina control once more. Conwell's dropping Norlina's Francis Alston well behind the line of scrimmage hastened the punt, however, and Davie began their drive for the third tally. After gaining 20 yards on the ground, the Devils opened an aerial attack as Godwin connected with Evans on the Norlina 40; Evans completed the run into the end zone for a 60 yard touchdown pass. A Norlina fumble on the 16 yard line gave Davie another opportunity to score, and in four plays the Devils hit paydirt again to lead 24-6.

Squire recovered still another Norlina fumble on the Waves 35, but it was not until the ball exchanged hands once again that Davie was able to score their fifth tally. Godwin completed a 30 yard aerial to Eakes, who again went all the way for a 70 yard touchdown play. Following a successful run around right end for the 2 points, the Blue Devils lead 32-6.

With less than two minutes remaining in the game, Sea-

man set up Norlina's closing touchdown with a 35 yard pass to David Brantley. A pass to Walker near the 15 yard line drew a pass interference call. From here, Seaman connected with Brantley in the end zone to make the final score 32-12.

## Harriet Benton To Enter Randolph Macon

**LYNCHBURG, VA.**—Miss Harriet Savage Benton, daughter of Mr. and Mrs. Selby G. Benton of Warrenton, is among some 260 new students who have been accepted for admission at Randolph-Macon Woman's College.

The new students, including 245 freshmen, 9 transfers, and 3 international students, will be on campus by September 13th to begin a week-long orientation program designed to acquaint them with college life. Twenty-three are daughters of alumnae.

Early desert nomads wore layers of cotton to keep cool.

The environment in which we live is being increasingly brought into sharper focus as the population increases and our urban and rural communities become more and more crowded.

The achievement of a desirable quality of environment will depend heavily on a common alignment of purpose and a mutually acceptable standard among all segments of human society - the scientific community, private industry, public funding agencies, and the masses of humanity whose attitudes and practices contribute to the state of our environment as we know it today.

"In our times of unprecedented change, biologists are aware of the rapidly growing ability of their fellow human beings to alter the face of the earth through technology. But they are equally aware that these alterations can bring far-reaching and often destructive changes in the web of life that is stretched so thinly over the surface of our planet. Our technology has out-paced our understanding; and our cleverness has grown faster than our wisdom."

One aspect of the environment around us was brought into sharp focus by North Carolina's own Dr. Hugh H. Bennett who was the first Chief of the Soil Conservation Service. It was Dr. Bennett who dramatized the dust storms in the 1930's "...as not only depleting the soil on the great Plains, but also creating enormous pollution of the atmosphere."

This was approximately 35 years ago. Think what has happened in the intervening years - more dust, fumes from cars and industrial stacks, pollution of our streams and ravaging of our forests, to name a few.

Can we look forward, with confidence, to improvement in the next 35 years? Or are we hell-bent on a disaster course of self-destruction. If we expect improvement we must overcome apathy and complacency and use our affluence to better advantage in the solution of the common problems affecting our social and economic well being.

1. Reducing air pollution, and losses from pollution to soil, water and air by chemicals, wastes, sediment and mining operations.
2. Revitalizing rural communities through use of human talents, and natural and economic resources to achieve more jobs.
3. Maintaining and improving the quality of rural living.
4. Expanding outdoor recreation.
5. Enhancing natural beauty through landscaping, conservation and rehabilitation of surface mined land.
6. Protecting public health in rural and urban areas by reducing pollution of soil, water and air; and improving waste disposal systems in rural areas.

The 12,600-foot-high rim of the moon crater Copernicus towers higher above the crater floor than do the Rocky Mountains over Denver's mile-high plain, National Geographic says.

Mr. and Mrs. C. Preston Robinson were in Durham Sunday visiting his brother, Mr. G. W. Robinson, in Duke Hospital. He was injured in an automobile accident Saturday afternoon.

Mr. Maynard Bobbitt and sister, Miss Viola Bobbitt, spent Saturday night in Raleigh with their sister and brother-in-law, Mr. and Mrs. John Seitz. Mr. Charles Sewell of Murfreesboro spent Monday night with Mr. Bobbitt.

Mr. Phil Harris of Louisburg College spent the weekend with his mother, Mrs. Raymond Harris.

**Littleton Bank To Mark Expansion With Exercises Sept. 18**

LITTLETON—Branch Banking & Trust Company's Littleton office plans to celebrate its recent expansion and remodeling with an open house on Thursday, September 18. The festivities get underway at 3 p. m. with a ribbon-cutting by Mayor J. M. Stokes and Branch's local manager Robert Thorne.

A drawing for the grand prize of a portable color television will be held at 9 p. m. In addition to the grand prize, four \$25 savings accounts will be given away, with drawings at 5 p. m. and 7 p. m.

"We hope everyone will come to see our new, enlarged quarters," said Thorne, "and bring the whole family. We'll have party favors for everyone."

The Bank of Halifax merged with Branch Banking & Trust Company March 1, 1968. Still at its original location, Branch has more than doubled its office space and completely remodeled.

"We have enlarged to serve the ever-growing banking needs of the Littleton area," Thorne stated.

A full service bank, Branch has 49 locations in 32 North Carolina cities and towns.

Mrs. Eddie Echols and sons of Patterson, Ga., are visiting Mrs. J. T. Harris.

Miss Margaret Weston and Mr. Andy Hoyle of Franklinton visited relatives here Tuesday night.

Mr. and Mrs. Richard Rivers and Mr. and Mrs. Ronnie Moseley were weekend guests of Mr. and Mrs. Luther Perkinson in Washington, N. C.

**2 Reasons Why BANK FINANCING is BEST!**

1. It's economical. Costs less.

2. Establishes your line of credit. Pay this obligation off promptly and we will loan you the money again... even more. Getting to know you better can be the beginning of a pleasant and profitable business relationship that will last a lifetime.
