## Christmas Parade On December 3

The annual Christmas Parade sponsored by the Warrenton Merchants Association will be held Wednesday, Dec. 3, Roy Pat Robertson, chairman of the parade committee, said yesterday.

"We hope to make this the largest and best parade ever," he said.

Two bands have been engaged, there will be ten floats sponsored by Association members, the usual Fire Department equipment, and this year the National Guard will have some of its equipment on display as a part of the parade, plus Santa with his usual bag of candy for the kids.

Robertson said that in order for the Association to have a balanced parade, it is requested that all organizations and/or groups who wish to be a part of the parade, report their group or float to the parade committee so that a place in the parade can be reserved for them. They are asked to call Robertson at 257-3267 or the secretary at 257-3377.

The Mayor and the Police Department request that no one park on Main Street between the Post office and the Colonial Store after 3:30 p. m. on the day of the parade. There will be ample space in the Town's lot back of the Post office, and in the A. & P. and Colonial Store lots to accommodate many cars.

Robertson asks that anyone having a tractor who would like to pull a float in the parade to please notify the committee as soon as possible.

## Ridgeway Community Wins Top Honors In Four Divisions In CADA Contest

### Approves Goal

LOUISBURG—The Louisburg College Board of Trustees in its regular Fall meeting on Friday, Nov. 14, officially approved the project goals of "Project Attainment," a capital campaign to raise \$850,000 during the next three years. Included in the campaign goals are a science building, a student center, and improved dormitory facilities for men.

RALEIGH—Top honors in the four divisions of the Capital Area Development Association's Community Contest were won here Tuesday night by the Ridgeway community in Warren County, Townsville community in Vance County, Wake Forest and Rolesville communities in Wake County.

at the Association's Annual Meeting, which was held at Meredith College with President Jerry Bumgardner presiding. The Honorable Pat Taylor was the principal speaker. Judges said that Ridgeway, which won in the small rural community category, showed evidence of complete and continuing involvement of the committee members in the activities the community had undertaken for the year. All age levels were represented and the needs of the total community were used as a basis for planned activities. The leadership roles had been changed so that more than one segment of the community had been involved.

Judges said that Townsville which won in the Large Rural community category, conducted a balanced program featuring housing, long and short range planning with definite goals, community pride as exemplified by the volunteer assistance given to the community head-start program and community center and surveys made to determine the level and distribution of family income. The Youth Work in Townsville permeated all phases of the program.

## Library Property May Be Deeded To County

The Warren County Memorial Library facing loss of state aid because it is a private corporation, does not have a state accredited librarian, and does not remain open a sufficient number of hours, may transfer its property to Warren County public Library.

Notice that Warren County Memorial Library does not qualify for state aid and the reasons therefore were recently given to Amos L. Capps, chairman of the Board of County Commissioners, by a representative of the State Library Commission. Capps transmitted this information to the Board of Trustees of War-

ren County Memorial Library. Under date of Nov. 10, Arthur J. Williams, chairman of the library, sent the following letter to Amos L. Capps, chairman of the Board of Commissioners, which was released to the press on Nov. 17:

"The Board of Trustees of Warren County Memorial Library has given further consideration to a proposal whereby this library would transfer to Warren County public Library all of the former's property.

"Before taking further action, the Board of Trustees of Warren County Memorial Library requests that the Attorney General of North Carolina render an opinion to your Board with respect to the legality of our disposing of trust property the title to which is vested in Warren County Memorial Library.

"Your further advice will be appreciated."

The state's allocation to the Warren County Memorial Library for the 1969-70 fiscal year has not been received. Last year the library received a regular allotment of \$4,000, plus an "Efort Grant" of \$570 for a total of \$4,570.

### President Thanks Legion For Support

Among the many thousands of persons and organizations sending telegrams to President Nixon pledging their support in his efforts to end the war in Vietnam was Limer Post No. 25 of the American Legion.

On Tuesday morning Commander A. C. Fair of Limer Post received an acknowledgment from President Nixon. It reads as follows: "Your support for our efforts to bring the war in Vietnam to an end is deeply heartening and I want you to know how much I appreciate your views. While I regret the great volume of messages makes it impossible for me to reply to you personally, it is a source of strength and encouragement to me that so many Americans have indicated that they do not dispute our basic aims in Vietnam but share our overriding concern for achieving the peace with honor that all of us desire."

## Man Says He Was Robbed Of \$1400 By Armed Robber

A Warren County used car dealer was robbed at gun point of \$1400 last Friday night, according to a report made to the Sheriff's Department several hours later.

James Turner said that a white man came to the door of his home around 8:15 and told him that he wanted to buy a used car. When Turner came to the door, the man held a gun on him and demanded his money. Turner said he gave him the money. The robber then told him not to phone the police.

Mrs. Turner said that when she came home around 11 o'clock her husband was nervous that she called a doctor, and then called the police department.

Turner said that he was unable to describe the robber, other than that he was a white man.

Deputy Theodore Williams responded to Mrs. Turner's call promptly but several hours had elapsed since the time when Turner said he was robbed. The Sheriff's Department and the State Bureau of Investigation are conducting their investigation. Sheriff Clarence Davis will be nearby.
